Every Woman's Duty

in matters pertaining to the family table is to decide not only what is best for herself, but for the husband and children as well.

Take the table drink, for instance; the housewife may like her tea or coffee. She knows that coffee and tea are harmful to many, but she uses her favorite beverage in moderation, and thinks it doesn't harm her.

But there's John. He's irritable and nervous, perhaps his irritation and sleeplessness may be due to tea or coffee. Again, almost everybody knows that tea and coffee are especially harmful to the little folks. The next thing, then, is "what to serve as a wholesome table beverage?"

In many families the quick and happy answer is

INSTANT POSTUM

Here is a delicious, "coffee-like" beverage, as hot and savory as high-grade Java coffee, yet pure and free from the drugs, caffeine and tannin, which often disagree with health and comfort.

This pure, delicious food-drink is made instantly by using a level teaspoonful in a cup and adding hot water, also sugar and cream to taste. Everyone can drink all they desire without the slightest chance of harm.

Instant Postum, a real American discovery, is made of prime wheat and a bit of wholesome molasses, blended and roasted just like coffee. Its flavor, purity and wonderful goodness have won tremendous favor everywhere.

"There's a Reason"

Grocers everywhere sell Postum.
