USING UP VITALITY

The struggle for success uses up vitality in America at a greater rate than any other thing. Fighting to keep away from the poor-house we shorten the distance to the grave.

Especially in middle age, at forty or thereabouts, do we become impressed with the necessity of laying up a competence and with that feeling in time comes worry, nervous breakdown, neurasthenia. The entire system feels the result of the nervous strain. The digestion resents things that it accepted before, the heart palpitates on slight exertion, the muscles of the back ache after a day's work. Your blood is thinner and not so bright a red.

When these things occur, whether you are fourteen or forty, you need a tonic. Dr. Williams' Pink Pills will most people need because they are non-alcoholic and they really build up the blood and strengthen the nerves. They are useful for growing children and for men and women whose nervous energy has been overtaxed.

Your druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50 by the Dr. Williams' Medicine Co., Schenectady, N. Y. Write today for free booklets on the blood and nerves.

REPORT BRANDEIS FOR SUPREME COURT

(Continued From First Page.) son, Dillingham, Sutherland, Brandegee, Borah, Cummins and Works.

The vote is one of the final steps in a contest which started as soon as the nomination was sent to the Senate by President Wilson on January 23.

Weeks were spent by a subcommittee taking testimony regarding charges against the nominee, formulated by a committee of citizens of Boston. The subcommittee recommended confirmation by a strict party vote of 3 to 2.

The Judiciary committee has debated this testimony fully. Doubt existed as to the attitude of four Democrats, Senators Reed, O'Gorman, Smith, of Georgia, and Shields. To win a favorable report it was necessary for all Democrats to vote for Mr. Brandeis. It became known last week that Senators Reed, O'Gorman and Smith would vote for confirmation, but doubt continued about Senator Shields' vote.

The charge against Mr. Brandeis was unethical conduct in relation to several clients and "working under cover." Senators opposed to confirmation will seek consideration of the nomination in open session of the Senate since the hearings were open. Those in favor will oppose open sessions unless they change their plans.
