Real Estate Men Say Big Deman Exists For Houses at From \$10 to \$18

Harrisburg needs many more homes that may be rented at from \$10 to \$18 monthly.

This is the opinion of practically every real estate man in the city, and some of them go so far as to say that

some of them go so far as to say that the inability to supply the present demand for houses of this type has brought about a "house famine."

"At present," said Joseph M. Means, manager of the rental department of Miller Bros. & Co., "with the exception of one in Cameron's Extension, we haven't a single house in the city listed for rent at less than \$40 monthly."

"We have daily calls for houses renting between \$10 and \$18," continued Mr. Means, "but we have much difficulty in meeting the demands."

It is the opinion of many real estatemen that builders have a profitable field before them in Harrisburg if they will design an attractive home that might be rented at a moderate sum. The demand already exists and a ready market can be found for homes of such a type."

June quarter sessions sheriff's sales will be conducted in No. 2 courtroom at 2 o'clock Thursday, June 8. At least a dozen properties are scheduled to go under the auctioneer's hammer. Construction of the new water pipe lines in the Bellevue Park district will be completed within a few weeks, after which superior service to that newly built up section will be possible. Alterations on the fourth floor of the Harrisburg Hospital will be started early next month with a view to turning the upper floors into a maternity ward. The nurses who had their quarters there will be housed at 113 South Front street after June 1.

Berlin, May 27. — Another visit by Colonel E. M. House to Europe would come as no surprise to the initiated here. The American rumors to this effect are regarded as having a certain basis in fact, although the opinion prevails that the trip would naturally be postponed until after the national conventions.

It is hoped here that should Colonel It is hoped here that should Colonel House pay such a visit, he will come this time as a harbinger of peace, or at any rate to prepare, if possible, the foundations for a peace proposal, difficult as this task is recognized to be. Whether recent events are enough to induce the entente allies to retire from what is looked upon here as a losing game and whether the changed tone of the utterances of Premier Asquith and Sir Edwarf Grey and what is considered a disavowal of their intention to crush Germany as a nation, and a commercial rival or dismember the Empire, are indicative of receptivity toward reasonable peace proposals is
