

"The Big Friendly Store"

The Globe Says

Boy Scouts! Attention---

We want every Boy Scout and every Scout Master to read the letter which we reproduce today.

The Boy Scouts organization has been built upon HONOR. The foundation stone of this "Big Friendly Store" is HONOR. Without it no institution can endure.

ALLIES MUST DICTATE TERMS London, May 31. - Lord Cromer, discussing President Wilson's peace proposals in a letter to the Times declares that peace can only be made on the terms of the allies.

speech in a letter to the Times declares that peace can only be made on the terms of the allies.

S. S. S.

Everybody needs a strengthening, purifying tonic just at this season of the year, when the demands of nature in renovating the system are so severe that a breakdown is the result with many people.

FIFTY YEARS

Your letter at hand, and will say that your S. S. S. remedy is what we needed. It cured our girl of Rheumatism. She is well and healthy; used nine bottles of S. S. S. remedy.

Peplar, Mont., Feb. 29, 1916. We keep it in our house. We would not be without the recipe that we received. It is the best liniment we ever have used for pain. Yours very truly, JAMES WESTFALL.

519, Brownsville Ave., S. Pittsburgh, Pa. Murresboro, Tenn., April 7, 1916. Your kind favor of the 4th, inquiring as to my present state of health received, and in reply will say that from the above caption of this you will see that I am still actively engaged in business. S. S. S. about twenty years ago, put me on my feet. Have not been sick for any length of time since. Am still recommending your great remedy, and shall always, with gratitude, remember you and yours. Yours very truly, J. E. MANSON.

PURELY VEGETABLE

You will observe Mr. Manson's letter above tells how he was put on his feet twenty years ago by S. S. S., and has not been sick for any length of time since. S. S. S. has been putting people on their feet for the past fifty years.

BIG CASES ARE TO BE SETTLED SOON

Compensation Board Working Hard to Get Its List Cleared For Summer

Members of the State Compensation Board, for a pretty busy June to clear the dockets of the appeals and other matters which have come to the board as the result of four and a half months of operation of the compensation system and there will not be much vacation from present indications on appeals from awards of referees which have settled important questions and established precedent and several others are to come among them the Maulfair case from this city.

During the summer the board will have meetings here and in Philadelphia, Pittsburgh and Scranton and possibly Erie. The system is now running smoothly and although the complex industrial system of Pennsylvania is bringing up many important questions it is believed that by the end of summer the practice will have been so well established that the effect of some of the many proposed amendments can be seen. To Award Contracts.—Contracts valued at thousands of dollars will be awarded by the Board of Public Grounds and Buildings to-morrow. They will include all supplies for the year beginning to-morrow and it is possible that some action may be taken regarding the survey of the Park Extension district.

Contract Approved.—The contract for the change of the Poorhouse Lane bridge by the Philadelphia and Reading Railway Company has been approved by the Public Service Commission.

Expense Accounts.—Expense accounts were filed today by candidates at the recent primaries as follows: Base Pentose, for Republican delegate-at-large, \$1,299.16; Henry P. Haas, Pittsburgh, alternate, \$250; Martin G. Brumbaugh, for President, less than \$50; Joseph McLaughlin, Philadelphia, Republican, Congress-at-large, \$1,360.89; W. M. Crane, treasurer Republican campaign committee, Altoona, spent \$680.97, less than \$50; Guy H. Moore, Republican, delegate, Wilkes-Barre, less than \$50; George H. White, Philadelphia, Republican, alternate, less than \$50; Chauncey Freeman, chairman Democratic campaign committee, Easton, \$697.70.

PIPE WORKS STOP MAKING SHRAPNEL

(Continued From First Page)

...d, regarding the placing of men in this department. The announcement made by General Manager W. T. Hildrup, Jr., to a representative of the Telegraph follows:

"We regret to advise that our company will discontinue the manufacture of projectiles for the British government on completion of the present contract, on or about June 10, 1916. Our customers have been very kind in their expressions of the character and quality of our production, and have informed us that we were one of only three contractors, for projectiles, that had kept their promises of delivery and had fully met their requirements for quality.

"We were offered a contract for a larger size of projectiles, for our entire output to October 31, 1916.

Would Lose Money "In view of the almost certain imposition by our own Government of a tax on munitions, and also considering the very heavy expense involved in equipping our machinery for the larger size, the price offered we considered inadequate to protect us against actual loss, had we undertaken the contract. "During the past year enormous munitions factories have been established in Germany, largely operated by female labor, with the result that the British government is now in position to supply all its requirements of the smallest to the largest caliber of projectiles produced by our own equipment, with the result that the only orders now being placed for projectiles, in this country, by the British government, are for very large sizes, requiring extremely expensive special equipment of hydraulic machinery and large lathes, which can only be provided by the largest steel companies.

IRISH SITUATION NEAR SETTLEMENT

(Continued From First Page)

Irish question is nearer solution than is suggested by the London papers. The Glasgow Herald understands that a settlement already has been reached on a basis of a parliament for nationalist Ireland with Ulster, or a greater part thereof, excluded.

While there is no confirmation at Westminster that an agreement has actually been reached it is believed an early settlement is possible. Sir Edward Carson has called a meeting of the Ulster members for to-day at which he is expected to make a report on the negotiations.

LIFE TERM FOR MACNEILL, HEAD OF SINN FEINERS

Dublin, via London, May 31.—Professor John MacNeill, president of the Sinn Fein Volunteers, who last week was found guilty of complicity in the Irish revolt, has been sentenced to life imprisonment and the sentence has been confirmed.

NOW DIAMONDS WILL SOAR

London, May 31.—A Reuter dispatch from Cape Town says that the Committee on Ways and Means of the South African Assembly has adopted a measure for an export tax on diamonds. The proposed tax would range from 3/4 to 5 per cent.

AN OLD FLAG

New Cumberland, Pa., May 31.—Dr. J. H. Young, chaplain of R. F. Eisenberger Post 462, Grand Army of the Republic, decorated his residence in Market street with flags, among which was one he has had in his possession since 1861. He, with a number of other young men, were members of the order of American Mechanics, when the war broke out. They enlisted in the army at the age of 17, and the flag was given to Dr. Young and he has had it ever since.

RAILROAD NEWS

WAGE-EARNERS TO OPEN CONFERENCE

Brotherhood Men Say Strike Is Last Resort; Want Eight-Hour Day

New York, May 31.—Representatives of the 325 railroad systems of the United States and the committee of conductors and engineers will begin here to-morrow a series of conferences to settle, if possible, questions of working hours and wages. Eighteen general managers compose the committee acting for the railroads, and they will meet four representatives from each of the employees' organizations—the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and the Order of Railroad Conductors.

More than a thousand delegates have been sent here by the employees, and between conferences with the railroad managers the representatives of the four brotherhoods will consult their fellow delegates. It is estimated that the conferences will cost the brotherhoods \$50,000 a week. An ordinance to this effect amending the original franchise measure had been prepared by the company but, as C. L. Baer, general superintendent, explained it, through an "error in the typing" the merger restriction clause was inadvertently omitted. This clause was to the effect that a telephone company could not merge with any other company. Mr. Lynch's substitute measure as offered to-day permits the leasing of the conduits, allowing the reduction of the bond from \$25,000 to \$10,000, but—contains the merger restriction clause.

Standing of the Crews

HARRISBURG SIDE

Philadelphia Division—235 crew first to go after 3:30 p. m.: 127, 123, 110, 111, 107, 120, 116, 125, 109, 132, 128, 122, 134, 132, 111, 131. Engineers for 109, 113, 114, 128. POWER TO NAME PARK EMPLOYEES

(Continued From First Page)

sioner Gross to-day gives the head of that department legal authority to employ his assistants and aids, according to Mr. Gross, means that under the provisions of the Clark act.

FOR PARK EMPLOYEES

The measure provides for the appointment of the assistant superintendent at \$1,500 annually, an engineer at \$1,000 and an assistant at \$960, a clerk at \$720, the keepers of the grounds at Reservoir and Island Parks at \$600; fifty park cops for five months at not more than \$1.45 per day; fifty-one park employes at twenty cents per hour and five at the rate of twenty-five cents per hour for a period of eight months; fifty playground employes for twelve weeks at salaries not more than \$10 per week, and a superintendent for the same and a half months at not more than \$65.50 per month. The ordinance means no additional forces and no increase in appropriations.

IF YOU WORRY, READ THIS

Worry never brought any good to anybody. But, you say, "I don't worry because I want to, I worry because I can't help it." Or, "I worry because I have so much to worry about." We all have our troubles and worry, of course, makes matters worse. The patient generally recognizes this fact without being able to profit by it. The doctor who could meet this nervous condition and cure it would be the most popular medical man alive.

But he cannot do it because the form of nervous exhaustion known as neurasthenia, of which worry is a characteristic symptom, must be cured by the patient himself. That is why you should write today for the book "Diseases of the Nervous System" and read the chapter on "Neurasthenia." So many people have read it and written back, "This fits my case exactly. I am giving the treatment a trial and being benefited," that the Dr. Williams' Medicine Co., Schenectady, N. Y., has had a lot of these books printed and will send you a copy free on request.

Dr. Williams' Pink Pills are a non-alcoholic tonic, particularly suited for nervous neurotic people. Your druggist sells them or they will mail ordered postpaid on receipt of price, 50 cents per box, six boxes for \$2.50.

Study Food Values

Food provided for the family table deserves the careful thought of every housewife. Do you use thought when buying baking powder?

The quality of cake, biscuits and all quickly raised flour foods depends largely upon the kind of baking powder used.

Royal Baking Powder is made from cream of tartar derived from grapes. It is absolutely pure and has proved its excellence for making food of finest quality and wholesomeness for generations.

Royal Baking Powder contains no alum nor phosphate.

ROYAL BAKING POWDER CO. New York

Dill for permission to erect a concrete retaining wall just south of the Mulberry street bridge on the slope of the hill, to the city engineer and city solicitor. Action was deferred on the detention cell contract award until Mayor E. S. Meals returns to his desk. An ordinance giving the park department necessary authority to construct the steps and ramps along the river slopes—some of which have already been constructed—was offered by Mr. Gross. Ordinances authorizing the paving of May street from Boas to Forster and Green streets from Woodbine to Seneca were passed finally.

LUMBER PRODUCTION DROPS Washington, D. C., May 31.—Lumber production of the United States in 1915 was five per cent. less than that of 1914, according to an estimate made public to-day by the United States Forest Service. It was computed that the total cut was 37,013,294,000 board feet and the figure was based on reports from 17,000 of the 30,000 sawmills in the United States.

Only sweet girl graduate! Only one gift could win such a smile. Is some dear one—father, mother, uncle, big brother, sweetheart—planning this surprise for you? We have five charming graduation watches to choose from—two models for young women and three for young men. Each model is distinctive—dependable—"An Elgin!"
