Signs College Players to

Special to the Telegraph Philadelphia, June 2.—According to a report circulated yesterday, Connie Mack will have eight college players with his team when the Athletics re-turn from the western trip. One of the players is Captain Lawry, of the University of Maine, and another is "Jing" Johnson, of Ursinus College. The latter is a pitcher and in a game on Wednesday fanned seventeen men. Manager Mack is reported to have said he intended to keep Lawry on the bench for a time in order to give him a chance to learn the style of play in the major leagues. Mack did the same thing with Eddle Collins when he first got him from Columbia College. Mack expects Lawry to prove one of the greatest players that ever came from the college ranks and says he has sev-eral others who are sure to make good.
