"DON'T USE FACE CREAMS," SAYS BEAUTY DOCTOR, "IF YOU WANT TO BE GOOD-LOOKING"

English Beauty Specialist Gives Some Good Advice To American Women

Many women seem to think that the use of an ordinary face cream is an aid to good-looks and beauty, said a noted English Beauty Specialist, when, as a matter of fact, a great majority of the grease creams soid now-a-days contain animal rats which are positively increase creams soid now-a-days contain animal rats which are positively increased and generally from stearle acid which dries, chaps and wrinkles the skin. Creams of this kind drive the blood away from the surface of the skin, giving it a pale sallow look and often clogs the pores, producing pimples and biackheads. Every woman realizes these days that beauty is her greatest asset and it is her duty.

The command, however, common sense must be her guide. No woman would be think of eating Stearle acid or common lard to nourish her body, yet thousands of women apply them to their faces of all. They know what to use. If you have facial blemishes of any kind, are pale facial blemishes of any kind, are pale facial to be and the product of the product
