

MANY MODERN HOMES ARE BEING BUILT IN HARRISBURG DURING PRESENT SEASON

TYPE OF HOUSES BEING BUILT ON HILL FOR W. A. McILHENNY

One of the largest building operations now under way is the erection of fourteen attractive residences at Eighteenth and North and Seventeenth and Regina streets. These modern homes are being built by Harold A. Hipple, First National Bank building, for William A. McIlhenney. Foundations for a number of the dwellings have been completed and several of the structures are ready for the carpenters. Each house is of brick and stucco construction, slate roofs, containing eight rooms and bath.

SPEND MILLIONS IN NEW BUILDING

First Five Months of 1916 Knock Records Into Cocked Hat; Outlay \$68,543,000

Building and engineering operations in Eastern Pennsylvania, Southern New Jersey, Maryland, Delaware, District of Columbia and Virginia during the first five months of 1916, according to comparative statistics compiled by the F. W. Dodge Company, knocked

the best records of the past seven years into a cocked hat. From January 1 to June 1, 1916, the estimated expenditure was \$68,543,000 while the nearest approach to that record was reached in 1912 when in the same time \$57,260,000. In 1915 the estimated outlay was \$37,260,000. Other figures were: 1914, \$42,562,000; 1913, \$32,883,000; 1911, \$44,417,500; 1910, \$44,519,000.

SELLS PROPERTY The property at 426 South Seventeenth street was sold yesterday by Clifford D. Backenstoss to A. Catherine Miller through Backenstoss Real Estate Agency.

In Realty Realms Suburbanites who live in the Calder tract, the section of the township lying just east of Nineteenth street, north of Cameron Parkway, south of the Philadelphia and Reading "cut" and west of the almshouse road, will be regular citizens of Harrisburg by early Fall if the plans for annexation are put through according to schedule. The viewers will make a favorable report to court in June quarter sessions and

the court will approve it temporarily. According to law the report will lie over until September sessions in order to permit the filing of any possible objections and if there be none, then report will be confirmed finally. Just 2.158 acres of unseated lands will be included in the sale of properties for delinquent 1913-14 county taxes which has been scheduled by County Treasurer Mark Mumma on the courthouse steps, August 7. Sale of the Rumley Products Company property in South Second street to the Eastern Sheet Metals Company, of Philadelphia, through Miller Bros. & Company, will be a big boom for real estate in this vicinity. The building has long stood idle although it is admirably situated and equipped for distribution purposes. Actual construction work on the big apartment house at 711-13 North Second street for J. Hervey Patton will be started by Augustus Wildman next week. The old buildings have been razed and the foundations are now under way. This will be one of the city's larger apartments.

WEST END TRACTS TO BE DEVELOPED

Backenstoss Bros. Handle Two Large Realty Deals In Second Street, Near Seneca

Development of a rather large section of the West End of the city has been started in the sale of two good-sized tracts in the vicinity of Second and Seneca streets through the Backenstoss Bros. real estate agency.

The large Hummel tract at Second and Seneca streets has been sold through this firm to H. J. Fornwald, who contemplates erection of three modern dwellings.

Another large development project in this vicinity is the laying out into building lots by the same firm of the McNaughton-Fairlamb tract on the opposite side of the street. This plot has a frontage in Second street of 283 feet.

Real estate men predict a rapid growth for this section, which is now being paved.

TO-DAY'S BUILDING PERMITS

Building permits were issued as follows to-day:

Edward Yinst, one-story brick garage, rear 1908 Holly street, \$50.

Thomas Lebo, one-story frame garage, rear 138 Hoerner street, \$100.

D. W. Eiter, remodel, three-story brick, 1909 State street, \$50.

W. P. Starke, one-story brick and stone garage, front and Keiker streets, \$3,000.

J. F. Saussaman, two two-story brick houses, Jonestown road between Twelfth and Cameron street, \$3,600.

EXPLOSION WRECKS BUILDINGS

York, Pa., June 3.—When a half-barrel of dynamite exploded at the Rockdale powder works yesterday three buildings were destroyed. The explosion is mysterious, as no work has been done at the plant for eight years.

NEARLY DOUBLE COAL TAX

Scranton, Pa., June 3.—Lackawanna County Commissioners at a meeting yesterday increased the assessment on coal lands from \$175 per foot acre to \$325 per foot acre.

\$40,000 TO AID Y. M. C. A.

Lebanon, Pa., June 3.—A ten-day campaign with the raising of \$40,000 for the wiping out of the indebtedness and placing the Lebanon Young Men's Christian association on a sound financial footing, was inaugurated Thursday.

DEMOCRATS WHIP BIG NAVY PLAN

Their Naval Program Wins, 189 to 183; Bill Passes With Four Dissenters

Washington, D. C., June 3.—By a majority of only six votes, one of the being cast by Speaker Champ Clark, Democrats in the House yesterday succeeded in adopting their naval program over that of the Republicans.

Exciting scenes attended the voting. So close did it appear before the result was announced that Minority Leader Mann demanded a recapitulation. The vote was 189 to 183 against recommitting the bill to insert the increased appropriation advocated by the Republicans and the bill was then passed, 385 to 4.

The Republican program would have added close to \$100,000,000 to the bill and provided for completion of all the new ships within two years. It would have added two dreadnaughts, one battle cruiser and many auxiliaries, and increased the personnel by 3,500 men.

The government armor plate plant amendment was put into the bill by a vote of 235 to 125. Representatives Steele, Leshner and Liebel, of Pennsylvania, Democrats, voted against the plant, while the other two Democrats in the delegation, Casey and Bailey, voted with their party.

On the final passage of the bill representatives George Graham, of Philadelphia, and William J. Browning, of Camden, N. J., Republicans; Meyer London, of New York, Socialist, and Randall, of California, prohibitionist, voted against the measure.

The bill carries appropriations and authorizations of \$269,976,000. It embraces the Republican amendments for \$3,500,000 for aviation and 50 submarines.

SERIOUS BLOW TO U. S.

London, June 3.—The latest order in council curtailing imports which was announced yesterday and will become effective on June 8, strikes a severe blow at American exporters, as most of the articles on the list are imported chiefly from America.

CAR MAKERS GET \$40,000 BONUS

Reading, Pa., June 3.—A bonus of \$40,000 was paid to 1,600 employees of the 1,500 on the Carpenter Steel Company's payroll here yesterday. The extra money was based on full time in the shops.

HARRISBURGERS LUCKY BIDDERS

News Items of Interest in Central Pennsylvania

Carlisle.—Stricken with vertigo while on a demonstration run, William A. Falter, a motorcycle dealer, was thrown from his machine and seriously injured.

Reading.—The Keystone furnace of the Reading Iron Company, which has been idle since the latter part of February, when an accident caused the stack to be blown out, was started up to-day.

Pottsville.—By raising an ax which came in contact with a live wire, Joseph Novitsky, a timberman, was electrocuted at the Lytle colliery to-day.

Ashland.—J. Albert Kester, assistant postmaster for ten years past, resigned the position, taking effect to-day.

York.—When a half barrel of dynamite exploded at the Rockdale powder works yesterday, three buildings were destroyed.

Pottsville.—Helen Lesko, 15, was held for highway robbery here and sent to a reformatory. Evidence showed that she held up persons of her own sex on the highways and robbed them.

GENERAL STORE BURNED

Waynesboro, Pa., June 3.—Word has been received in Waynesboro announcing a fire that destroyed the general merchandise store at Lock, Pa., of which Harry Gordon, son of Mrs. Katherine Gordon, of Waynesboro, is general manager and in which he had a third interest.

THREE HURT FALLING DOWN STEPS

Lowstown, Pa., June 3.—Mrs. Shively, living with her daughter, Mrs. Theodore Heller, in West Fourth street, fell down the cellar steps yesterday. Her leg was broken and it is thought her injuries will prove fatal.

William Feck, employed by the Gas Company, broke a bone in his foot by falling down a flight of steps at the plant, some days ago.

Mrs. William Yeager, of Valley street, fell down a flight of steps at the marketplace here last evening, tearing the ligaments in her right foot and she was badly bruised.

A CHANCE FOR THE CHAPLAIN

"Won't you be very, very happy when your sentence is over?" cheerfully asked a woman of a convict in prison. "I dunno, ma'am. I dunno," gloomily answered the man. "You don't know?" asked the woman amazed. "Why not?" "I'm in for life.—The Christian Herald.

The Past and Future of Bellevue Park OUR PREDICTIONS

ONE OF BELLEVUE PARK'S MANY FINE HOMES

A few years ago, at the time when Bellevue Park was farm property, and the departed village of Snitztown, its center of population, we told the people what the character of the development work of the Union Real Estate Investment Company in connection with this property would be, and the kind of homes that would be erected by the lot purchasers. That the predictions have been more than accomplished goes without saying.

Let us make a prediction for Bellevue Park's future; in less than three years' time the Market St. trolley line will be extended to Twenty-seventh street; the balance of the property will be included within the city limits; many more squares of streets will have been paved; practically all of the lots will have been sold; there will be many more houses erected and many in the course of construction, and the general attractiveness of the Park will be further increased, in fact, excel any development in this section of the country.

The values of lots within five years will be doubled over what they are to-day, and every purchaser will be congratulating himself upon his good judgment in buying when he did.

Don't you want to be one of those satisfied purchasers? If so, do it now—this is the opportune time.
