### PROPOSED BUILDING FOR KEYSTONE BANK

Work is progressing rapidly on the new building for the Keystone Bank, Third and Calder streets. Contractor Harold A. Hipple, Harrisburg National Bank Building, has completed the razing of the old buildings and much underpinning of foundations of adjoining buildings, made necessary by excavations for the new bank. The proposed structure will be of brick and concrete construction.

### ENGLISH CLAIM VICTORY IN BIG NAVAL FIGHT

[Continued From First Page.]

litz, a dreadnaught cruiser of 25,000 tons, was seen on the morning after the battle steaming south near Faro island off the Jutland coast, in a badly damaged condition and pursued by British warships.

Hindenburg Sent to Bottom An Edinburgh dispatch says that survivors of British destroyers engaged in the Jutland fight declare they are convinced that in a massed attack of torpedoes they sent the German dreadnaught Hindenburg to the bottom.

A list issued by the British Admiralty shows that 353 British officers were lost in the naval battle.

### Calls British Victory So Momentous Result May Prove Turning Point of the War

London, June 5. — The morning papers with fuller details available on the great naval battle show no trace of pessimism. The Morning Post calls the fight a "victory so momentous that the results may prove the turning point of the war." The Telegraph thus sums up its account: "Immense forces of the second greatest naval battle in history have been driven to port as before some furious storm of vengeance. Though the British fleet was deprived of circumstances of the complete victory upon which it had set its heart, Wednesday's action has completely changed the naval outlook in every sea and ocean in the world."

### Warrior and Defense Caught Between Lines of German Warships; Blown to Pieces

London, June 5. — Survivors of the British cruiser Warrior, who were landed at Devonport say that the Warrior and the cruiser Defense steamed between two lines of German warships with the result that within a few minutes the Defense was blown into the air and the Warrior badly riddled. A storm of German shells exploding on the Warrior almost suffocated the crew with their gases. When the Germans were at length driven off by British reinforcements the pumps were manned on the battered and sinking ship and succeeded in keeping her afloat until an auxiliary pump came alongside and took off the wounded. The auxiliary took the Warrior in tow for 48 hours when she foundered.

One of the officers of the Warrior told the order in which the British ships were lost. He said that the Lion, Admiral Sir David Beatty's famous flagship led the battle cruisers into action and withstood a terrific bombardment. The Invincible was the first to go down, followed closely by the Indefatigable and a few minutes later by the Queen Mary.

### Insane Survivors Throw Themselves Into the Sea

London, June 5. — German sailors, rescued by Scandinavian steamers, described the Teutonic losses in the Jutland battle in colorful, according to a Copenhagen dispatch to the Exchange Telegraph Company. A large number of the crew of the cruiser Weichadaen and men from several German torpedo-boats have been rescued and brought to Copenhagen. They report that many of their comrades, after floating for 36 hours on rafts, without food or water drank the sea water, became insane and jumped into the ocean.

Well-Known Supervisor in Harrisburg Today; Examine List of Applicants

J. K. STAPLES

Once More Playground Instructor. J. K. Staples reached Harrisburg shortly after noon today to take charge of Harrisburg's playground work for the ensuing summer.

Mr. Staples, who helped place this city on the recreation and playground map of the country during his incumbency two years ago, was chosen by Park Commissioner E. Z. Gross to supervise the playgrounds for 1916. Supervisor Staples hadn't anything to say as to his plans other than that he anticipated the most successful season of Harrisburg's playground history for the coming summer and that he will take up at the earliest possible moment with Commissioner Gross and Assistant Superintendent V. Grant Forrer the plans for the summer. The big list of applications for playground instructors already on file will be investigated by Mr. Staples.

### Says Burns Spied on Priests; May Ask For Indictment

WILLIAM J. BURNS.

New York, June 5. — Another new and sensational turn has developed in the "phone tapping" scandal, which already involves city officials, by the allegation that William J. Burns, the detective, is the one who tapped the telephone of two Catholic priests unknown to the telephone authorities.

It developed that one conversation reported by the wire-tapping police as having been held by the Rev. Joseph P. Dineen, secretary to Auxiliary Bishop Hayes, of the New York archdiocese, and Dr. C. C. Potter, actually took place between Father Dineen and Mgr. John J. Dunn, chancellor of the archdiocese. This was taken as an indication that

### SURVIVORS CONVINCED THEY SANK BIG CRUISER HINDENBURG

Men From Destroyers Say Pride of German Navy Was Struck by Torpedo While Shells Riddled Reeling Ship

[By Associated Press]

Edinburg, June 5. — Survivors arriving here from British destroyers which made a massed attack on a German battleship in the Jutland battle, are convinced that they sent to the bottom the dreadnaught Hindenburg, the pride of the German navy.

These sailors say the Hindenburg was struck successively by four torpedoes while the destroyers dashed in alongside of her hull, tearing her to pieces until the mighty ship reeled and sank. An officer from one of the destroyers gave the following graphic account of the battle: "The ships of the grand fleet went into action as if they were going into maneuvers. From every yard arm the ensign flew, the flag which is to the sailor as old to a hard-pressed regiment. That it went hard with the

battle cruisers is apparent, but one ship cannot fight a dozen. They had fought a great fight, a fight to be proud of, a fight which will live longer than many a victory.

"We fought close into the foe and if anything is certain in the uncertainties of naval battle it is that we gave at least as good as we got. We passed along the line of German ships some miles away and let off broadside after broadside. The air was heavy with masses of smoke, black, yellow, green and every other color, which drifted slowly between the opposing lines hiding sometimes friend and sometimes foe. The enemy ships were firing very fast, but watching the ships in front one came to the conclusion that the shooting was decidedly erratic. Again and again salvos of shells fell far short of the mark to be followed immediately by others which screamed past high in the air."

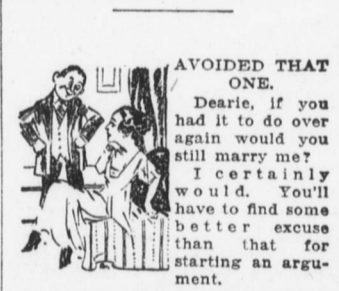

the telephone of either one of those two priests had been tapped. Of all the tapping done in the charities investigation there is no record either at police headquarters or in the New York Telephone Company of a conversation between Father Dineen and Monsignor Dunn.

Alfred J. Talley, counsel for the Rev. William B. Farrell, suggested in the Thompson committee that Burns, who was doing detective work for John A. Kingsbury, charities commissioner, might have tapped the telephone of either Monsignor Dunn or Father Dineen. He added that if Burns hadn't done the tapping, it might have been done by some police officer without going to the telephone company.

Attorneys for the clergymen may ask for an indictment of Burns.

### Rotary Club Hears of N. G. P. Preparedness

"You men of the Harrisburg Rotary, although many of you are past the age of enlistment, can do much for the country in the way of military preparedness," said Mayor Frank D. Beary, deputy adjutant general of Pennsylvania, in an address before the Rotary Club at the first noonday luncheon, held in the Columbus Hotel to-day.

Major Beary said that business and professional men owe it to their country to encourage the young men in their business places and offices to join the guard and train themselves to meet any invader who may try to take us. A million men are not sufficient, he said, unless they are armed and trained and constantly supplied, and this requires preparation by industry as well as military drill. Major Beary said the National Guard of Pennsylvania is so well organized that it needs no present enlargement under the new army bill.

### RESISTANCE TO DISEASE

Debility is a loss of vitality, not affecting any one part of the body particularly but the system generally. It is dangerous because it reduces the body's resistance to disease.

When debility follows acute diseases, convalescence is slow and the strength does not return as it should. An attack of the grip often results in debility that persists for months. Everybody recognizes that the remedy for debility is to build up the blood because the blood goes to every part of the body and an improvement in its condition is quickly felt throughout the system.

The problem in every case is to find something that will enrich the blood. Dr. Williams' Pink Pills suit most people's need because they are non-alcoholic and they really build up the blood and strengthen the nerves. Dr. Williams' Pink Pills are useful for growing children and for men and women whose nervous energy has been overdrawn. Try them whenever your blood is thin.

Your druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50 by the Dr. Williams Medicine Co., Schenectady, N. Y. Write today for free booklets on the blood and nerves.
