PEACE OR WAR IN PENNA. WILL BE DECIDED AT CHICAGO TODAY

Governor Retires From Chairmanship Race; Urge Solid State Vote For Him in Convention

[By a Staff Correspondent] Chicago, Ill., June 6. — Whether it will be peace or war within the Republican party in Pennsylvania will be determined before the sun sets to-night. Governor Brumbaugh having acquiesced in the suggestion that he make no contest against Senator Penrose for chairman of the Pennsylvania delegation, his friends are insisting that the other side show a spirit of reciprocity by giving him a vote as nearly unanimous as possible within the delegation for President. This matter was brought to a focus at the conference of the Brumbaugh delegates last night when Ex-Lieutenant Governor Louis A. Wailes, of Scranton, in a strong speech declared that the Governor having stepped aside for Senator Penrose for chairman it was but fair in view of the large vote polled for Dr. Brumbaugh in the Presidential primaries, that the delegation should support him in the convention.

Attorney General Brown is seriously considering giving the public data upon which he based his statement that a majority of the delegation would favor Governor Brumbaugh and if he does will probably produce some interesting exhibits in the way of statements, pledges and letters. Should the war go on Capitol Hill's floor will be reorganized through the To-day's developments will mean much for many who are not in Chicago.

GERMAN ATTACKS ONLY HELPING T. R.

Leaders at Chicago Resent Attempt of Hyphenated Citizens to Dictate Nomination

[By a Staff Correspondent.] Chicago, Ill., June 6.—Senator Boies Penrose and members of the Pennsylvania delegation have been hearing from the German-Americans as a result of the rumors that the Senator and the Colonel might make it up and the Penrose forces line up with the Roosevelt men. The German contingent is very much against the Colonel here and the Philadelphia and Pittsburgh wings are being flapped as vigorously against him as against Wilson. The bombardment by wire which fell on the Pennsylvanians came chiefly from Philadelphia and one of the telegrams that reached Penrose read: "We urge you to vote against Roosevelt. This country is dead against Roosevelt. He could not get one of our votes. Anybody but Roosevelt." Men in other delegations got much the same thing, but coming right after the big preparedness demonstration the effect was, if anything, to make the Americanism idea stronger. The more attacks the German-Americans make on the Colonel because of his speeches, the more they are strengthening him here.

HUGHES SOUNDS POSSIBLE KEYNOTE

Interprets Flag as Meaning America First, in Public Address

Special to the Telegraph Washington, D. C., June 6. — In the hour common to the National Cathedral School lawn, where he was presenting an American flag to the honor graduates, Justice Charles E. Hughes yesterday made his first public address, announcing the opening of the pre-convention campaign. He told the young women graduates that the flag meant America first, an undivided allegiance to a Nation united and equal to its task. "This flag means more than association and reward," said the Justice, "it means America first, it means our national endeavor, our national aspiration. It tells you of the struggle for independence, of union preserved, of liberty and union one and inseparable, of the sacrifices of brave men and women to whom the ideals and honor of this Nation have been dearer than life.

HAS NOT SAID HE REFUSED SUPPORT

Perkins Issues Statement Saying Roosevelt Is Not For or Against Any Man

Chicago, June 6. — Immediately before he went into conference with Republican leaders, George W. Perkins, leader of the Roosevelt adherents, today gave out a statement declaring that Col. Roosevelt had not said that he would refuse to support Justice Hughes or any other man and assailed Hughes' supporters for making capital of his "preparedness speech" in Washington last night. "Col. Roosevelt has never said he was for nor against any man," Mr. Perkins said. "When he does speak, it will be over his own signature. I am amazed," he continued, "that persons are taking advantage of Justice Hughes' speech before a girls' college to get him a nomination for president. It was not a statement. It was just a little address, it is a gross injustice to him. It is unbelievable that he should do this for such a purpose. Whoever tried to use this statement for the purpose of getting him the nomination, places him in an insincere position and does a gross injustice."

FLINN IN FAVOR OF PARTY UNION

Former Big Figure at Chicago But, Unlike the Man in the Song, They Have Some "Place to Go"

[From a Staff Correspondent.] Chicago, June 6. — Four years ago the most outstanding figure from Pennsylvania among the delegates was William Flinn, the former State Senator and Bull Moose leader in the great contest for the Keystone State's delegation. To-day he sat quietly chatting in the lobby of the Auditorium Hotel as a detached spectator of the preliminaries might have been expected. Four years he engaged Flinn's point of view. He believes now that there should be some practical reunion of the two forces within the Republican party. He no longer insists that the party has ceased to have a mission nor does he declare with the old time vehemence that all who took part in the nomination of Taft in 1912 were without patriotic eye party principle. In those exciting days of 1912 he was threatened with ejection from the Coliseum by Senator Elihu Root, the chairman of the convention, because of strenuous objections to his nomination as the chairman. It was one of the most remarkable scenes of a remarkable convention and Mr. Flinn promptly subsided and the regular order proceeded.

REPUBLICANS ARE "ALL DRESSED UP"

See Nature at Her Very Best in Glacier National Park

[By a Staff Correspondent] Chicago, Ill., June 6. — This is the glory of the party congress convention and as the weather has been delightful it gives opportunity for the peacocks to spread themselves. Many of the men here appear to attract an important part of the fair to furnish much entertainment. The high hat and the slouch hat still have their vogue, but the majority of the party congress wearers of hats with the giddiest kind of bands. A dozen years ago there was nothing but high hats for the Northern men and the black slouch hat for the men from the West and the South, anyone who wore else was not considered a statesman. Now the high hat and frock coat are scarce articles and while the slouch holds on they don't wear the frock coat with it except at a rate of one in seventeen. The Southerners are wearing flannels or other light clothes although the lake breeze do make them look uncomfortable. The Northern men, especially from the big cities, seem to have adopted the cutaway and the one button is pretty generally worn.

Chicago, Ill., June 6.—The woman's party convention, which yesterday launched the first woman's political party formed, resumed its meetings with three sessions on the program. The first session consisted only of a conference of committees appointed yesterday. At the afternoon session the program called for reports of committees from the various states, speeches, the adoption of the platform of the woman's party and the election of a campaign committee of the party.

CONCENTRATING ALL FORCES ON HUGHES

[Continued From First Page]

to-day, but it was not believed that any of them would be needed for enough to clarify the situation within the next several hours. At least for that length of time no decided change seemed imminent. Point to Hughes' Speech The two latest elements to be brought into consideration to-day were Justice Hughes' speech in Washington yesterday touching upon Americanism and discussion of Senator Lodge's nomination for the Republican promise candidate for the Republican nomination likely to command the support of Colonel Roosevelt. Justice Hughes' supporters pointed to his speech as a substantial declaration on the question of Americanism and contended that it cleared up the only issue on which the Justice had not previously announced his attitude. Those opposed to the Justice characterized his speech as "only a list of platitudes." Many of the latter charged that the speech was carefully planned for the present occasion by the friends of the Justice answer that argument by pointing out that his engagements to speak was made several months ago and that the subject fitted the occasion which was the presentation of a flag to graduates of a girls' school.

CURTAIN SET ABLAZE

An oil stove set fire to a lace curtain at the home of Maurice Germer, 7100 Wallace street, last night, and a bucket of water prevented a big blaze.

THIRTY OTHERS AT CONFERENCE

thirty others at a conference late last night came to a decision that the convention should nominate Roosevelt as with nominations could be reached in the regular order of business and that nothing less than a request for delay from Roosevelt himself should interfere with that plan. They agree that if their program is carried through the Wallace street building, a few points, taking rank among the first ten. In beginning his address, Justice Hughes told the graduates that the instruction of history, the resources of literature and art and leading a life small and impoverished amid the opportunities of the twentieth century. Alluding then to the beauty of the prize he was awarding, he told of the associations and memories of school life it would recall, and concluded with a prayer for the broader national spirit it stood for.

EFFORTS UNAVAILING TO DRAW STATEMENT FROM HUGHES ON HIS SPEECH

Washington, June 6. — Efforts today to draw a statement from Justice Hughes regarding his speech yesterday to a class of girl graduates were unavailing.

62 CONTESTS FOR DELEGATES ARE SETTLED BY COMMITTEE

Chicago, June 6. — The Republican National Committee adjourned at 6 o'clock last night after disposing of sixty-two contests for seats in the Coliseum convention. During the last four hours of the four days' session the most interesting decisions were made. They included these: Refusal to place on the temporary roll of the convention any members of the three contesting delegations from the District of Columbia. Seating of both delegations from Louisiana, each member with half a vote, and requesting the delegation to select Armand Roman, of New Orleans, National Committeeman, in the place of Victor Loisel. Decision that the Committee on Resolutions be asked to receive delegations from the suffrage convention and conference and from preparedness organizations.

DECLARES THAT PROTECTIVE TARIFF NEEDED TO ASSURE PROSPERITY FOR COUNTRY

Chicago, Ill., June 6.—John Hays Hammond, addressing the convention of the National Republican League here to-day, said that the country is facing important problems in economic and social conditions and national defense and that it is unfortunate in "this grave crisis the conduct of our national affairs is largely in the hands of inconsequential politicians of the pinhead variety."

EXPECT ROOSEVELT DEMONSTRATION

Almost overshadowing the maneuvering of the Republicans to-day is a question of what the Progressive convention will do when it assembles to-morrow. The Republican leaders regard it as charged with possibilities of the most potent point. On every hand they expect a tremendous demonstration for Roosevelt, despite efforts in some quarters to hold back a nomination until the Republicans have indicated their purpose and there has been opportunity for further conferences between the two factions.

PROGRESSIVES MEET LATE

The meeting late to-day of the Progressive national committee with the State chairmen and chairmen of State delegations was expected to touch further the plan of temporarily including up nominations in the Progressive convention. It was explained at a meeting to "let the outsiders know what the Progressive leaders have in mind." George W. Perkins will address the meeting and explain his conferences with Republican leaders.

What He Found "Having drunk an excellent cup of coffee," said a certain physician, "I found that I hadn't drunk coffee, but Postum!" Numbers of people, like this doctor, have been pleasantly surprised at the pleasant aroma and snappy, Java-like taste of Postum. And yet, Postum doesn't contain a particle of coffee—and better still, not a particle of the drug, caffeine, nor any other harmful substance. Postum is made from wheat, roasted with a bit of wholesome molasses—a pure food-drink that is both healthful and delicious. A great many sufferers from headaches, "coffee heart," nervousness, sleeplessness and other ills brought on by the use of coffee with its nerve-destroying drug, caffeine, have found happy relief by quitting coffee and using POSTUM "There's a Reason"

MONKEYS WEAR GLASSES AND RUIN THEIR EYES Hospital Experiment of World-wide Interest BALTIMORE, Md.—At Johns Hopkins Hospital they are putting on glasses on monkeys for the purpose of upsetting their vision. This will cause a strain on the eyes, which in turn affects the thyroid glands and is expected to produce such diseases as nervousness, tremor, goiter, palpitation of the heart, protruding eyeballs, and other ailments. You must admit that if glasses on monkeys will cause such conditions, they will do the same on human beings. Eyeglasses in many cases are unnecessary and even dangerous. Many think because they see well with their glasses that they fit, but this is not always true. Many glasses have ruined the eyes of thousands of people, for at times nearly every wearer of glasses wears glasses which do not fit. In the United States alone there are over 100 million people, thousands of whom can trace their misfortune to neglect, as neglect has caused more blindness than any other one thing. You value your eyesight above everything, therefore you should know how to protect your eyes, and what to do to strengthen and preserve them. Leading druggists are now authorized to distribute free to those interested, a valuable book pertaining to eyes and eye saving, entitled "How to Avoid Eye Trouble." This book would be in every home. It tells of a highly efficacious home remedy which has enabled many to strengthen their eyesight 50 per cent, in one week's time, and by so doing they are able to discard their glasses. It tells of the many others have avoided the necessity of resorting to these windows. If you are wearing glasses, and you are tired of them; if your eyesight is weak and you wish to strengthen it, if you would like to test the remedy, go to any drug store and get 5 grain opton tablets. Put one tablet in a quarter glass of water, allow to thoroughly dissolve, and with this refreshing solution, bathe the eyes from three to four times daily. Everyone, whether they wear glasses or not, will be greatly helped through this method of eye saving. Since this formula has been published, H. C. Kennedy, of this city, has been kept busy filling it. If you follow this method, your eyes will be greatly helped. It sharpens vision even in old eyes, and its use will keep the eyes from becoming tired and nervous so they quickly become healthy and strong. If you would overcome your eye troubles, get rid of them if you would have good eyesight, and eyes free from blurring, inflammation, smarting, itching, burning and aching due to eyestrain from overworked eyes try this solution at once. Don't put it off until it is too late. It is a safe, generous and the sooner you take care of your eyes, the better it will be for you.—Advertisement.
