A Pennsylvania Woman Testifies
Corry, Pa.—When I got into that condition where a woman feels dragged out all the time, I began taking 'Favorite Prescription.' I was living in Pittsfield, Pa., at the time. I read of what 'Favorite Prescription' had done for others and I used two bottles. I found it gave me the desired strength, improved my appetite and made me better in every way."
—Mrs. Homer Rogers, 62 Brook St.

At the first symptoms of any derangement of the feminine organism at any period of life, the one safe, really helpful remedy is Dr. Pierce's Favorite Prescription.

Thousands of women right here in Pennsylvania have taken it with unflinching success for diseases of a womanly nature.

It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time.

Doctor Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated and easy to take as candy. Put up in sealed vials—a perfect vest pocket remedy.

CAPTAIN PERKINS BETTER
The condition of Captain Harman A. Perkins, who is ill at the Roosevelt Hospital in New York City, was reported somewhat improved late today.

WOODMEN PLAN PICNIC
The annual picnic of Harrisburg Camp No. 529 Modern Woodmen of America will be held in Reservoir Park Friday, July 14.

Q-BAN DARKENS GRAY HAIR
Everybody Uses It—So Handy. Harmless—No Dye.

By applying Q-Ban Hair Color Restorer, like a shampoo, to your hair and scalp, all your gray, streaked with gray, prematurely gray or faded, dry or harsh hair quickly turns to an even, beautiful dark shade, so every strand of your hair, whether gray or not, becomes glossy, fluffy, lustrous, soft, thick, with that even, dark shimmer of beautiful, radiant, healthy hair—just as you like to have your hair appear—fascinating and abundant, without even a trace of gray showing, only natural, evenly dark, lovely hair. Q-Ban is absolutely harmless; no dye, ready to use. Only 50c for a big bottle at George A. Gorgas' Drug Store, Harrisburg, Pa. Out-of-town folks supplied by mail.—Advertisement.

Don't Eat Peanuts! Cause Appendicitis
Appendicitis has been directly traced to peanuts. Harrisburg people should know that simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, often relieves or prevents appendicitis.

C. V. T. PLANS IMPROVEMENTS

To Improve Phone Service in Harrisburg; Elect Board of Directors

Important plans for the improvement and extension of the lines of the Cumberland Valley Telephone Company were approved yesterday by the stockholders of the company at the annual meeting. The purchase of large supplies of cable, to be used in Harrisburg for the improvement of the local service, and take care of the company's increasing business, was authorized.

ADMINISTRATION IS BITTERLY SCORED

convention convened at 11 a. m. The subcommittee consists of Senators Lodge, Mass.; Borah, Idaho; Sutherland, Utah; Fall, Arizona; Oliver, Penn.; and C. V. T. of Harrisburg, Pa. The subcommittee is to be organized in New York; Representative Madden, Illinois; former Representative Paul Howland, Ohio, and Charles H. Clarke, of Connecticut.

Reaffirmed Old Principles
It was generally believed the platform will reaffirm most of the principles adopted four years ago. The new features will include a declaration on Americanism and the international situation will be touched upon. The Mexican policy of the present national administration will be criticized it was said.

Meet Bull Moose Sentiment
Other planks touching on labor, Americanism, national defense and other questions have been adopted in the form intended to meet Progressive sentiment and will be reported to the full committee to-day. Planks for the recall, the initiative and the referendum have been rejected in the subcommittee.

Concerning Mexico, the resolutions refer to the "deplorable" conditions which exist there as a result of Washington's policy and speaks of the shame which the administration policy has inflicted upon the United States.

For Complete Preparedness
The preparedness plank will declare both military and industrial preparedness. Provisions relative to the increase in the strength of the army and navy—able to meet any possible foe—entirely satisfactory to the Navy League and the organization which has been incorporated. A constructive program for industrial preparedness is urged upon Congress.

Favors Protective Tariff
The restoration of a protective tariff is declared essential to the prosperity of the nation. It is declared that unless a protective tariff is restored serious consequences will follow the close of the war. Possible importation of products of cheap foreign labor, if the present Democratic tariff is continued, is viewed with alarm. The tariff plank also declares for a tariff commission.

Reaffirms Monroe Doctrine
The platform reaffirms the Monroe doctrine, asserting its necessity for our peace and safety and for the attainment of our manifest destiny.

We declare in favor of national control of transportation agencies and through the Interstate Commerce Commission by constitutional amendment if necessary," says the platform.

platform, include the recall and the initiative and referendum. The full committee on resolution of the Republican national convention did not resume its work until 11 o'clock when it immediately entered upon the consideration of the Coliseum, of the sub-committee's draft of a platform. Much interested centers about the declaration dealing with affairs in Mexico, owing largely to the fact that the members of the subcommittee developed differences on this question. The provision adopted by the sub-committee, in addition to its censure of the Democratic administration of affairs in Mexico calls for the protection of American lives and property not on the Mexican border alone but throughout Mexico. The platform specifically calls for legislation for the protection against child labor and just as specifically declares for general workmen's compensation legislation and for legislation for the compensation to workmen engaged in the federal service. There is a plank devoted to merchant marine in general and another calling for the conservation of American resources but the latter is modified so as to require that such conservation shall not be administered as to interfere with the utilization of the resources by the people of the country. Immediately after the commit-

tee reconvened Senator Borah of Idaho, introduced the following plank in favor of woman suffrage: "The Republican party, reaffirming its faith in government of the people, by the people and for the people, favors the extension of suffrage to women as a measure of justice to one-half the adult people of this country." The plank was discussed and debated for nearly an hour and a half when a vote was taken and the plank adopted 28 to 21. Suffragists Enthusiastic The advocates of suffrage were wildly enthusiastic over the endorsement of their measure. Mrs. Carrie Chapman Catt, president of the National Association for Women's Suffrage, declared the insertion of the plank in the Republican platform would set suffrage ahead 25 years. After deciding on the suffrage plank the committee took up the discussion of prohibition. After a brief discussion the committee by an informal vote decided against the inclusion of a prohibition plank in the platform. An attempt to take up the discussion of the plank favoring the establishment of an embargo on munitions of war was ruled out of order. Notice was given that the subject would be raised again.
