Jurisdiction Over Jitneys. — The Public Service Commission evidently intends to exercise sharp jurisdiction over jitneys and see to it that they not only strictly comply with the regulations embodied in the certificates of public convenience but operate in a manner consistent with safety. Complaint was made to the commission by the Lewistown & Reedsville Electric Railway Company that an auto-bus operated in Mifflin and Juniata counties was wrecked in Lewistown Narrows injuring the driver and some of the commission were not being complied with. Chairman Ainey immediately directed John P. Dohoney, Chief of the Bureau of Accidents, to make an investigation. He looked into the situation to-day and will report to the commission.

Clothes Efficiency--

Some men look for mere style in buying clothes; others seek durability. In Adler-Rochester Clothes you get both.

What do YOU expect of a suit of clothes? Do you expect to get a suit that will hold its shapelook really dressy up until it reaches the last stages of usefulness? Do you expect to get material that looks the same six months after the time you choose it? Do you expect to have seams and button-holes hand sewn, sleeves lined with strong durable silk? Do you expect a dollar's worth of style, service and satisfaction for every dollar you spend—as you are justly entitled to? If you do, then you're the man for whom Adler-Rochester Clothes are built!

Adler-Rochester Clothes

have struck the cord of popular demand in Harrisburg. Men who appreciate really good clothes have adopted Adler-Rochester Clothes as the Standard of dressiness and durability. Another point in the favor of these clothes is the remarkable diversity of sizes. Whether you're a "46 Stout" or a "33 Slim" makes little difference. Adler-Rochester and Wm. Strouse will prove to you that there's no "Hard-to-Fit-Man."

Wesco Fifteens

of ever increasing popularity for Young Men and Youngish Men are truly wonderful clothes. You'll say so too when you slip into one of the handsome, snug-fitting coats and step up to the mirror. "Wesco Fifteens" have exploded an old theory that it's necessary to spend big money to be well dressed. We guarantee style, we guarantee workmanship and we guarantee fit in "Wesco Fifteens" just as we do in clothes of higher price. And with all they're priced at but

REVIEW OF

A Bill Without Ups and Downs, Evenly Good, Clean and Clever

If the bill at the Majestic for the last half of the week isn't the best of the season, it runs such a close second that it wouldn't be safe to take a vote. Provided, of course, one cares for vau-deville, there isn't a thing to which even the most particular could take exception. The bill starts well with a comedy acrobatic act by Martinett and Sylvester. Next on the bill is Josephine Lenhart, with decidedly unique and cleverly done imitations of Belle Baker and Harry Lauder. Frank and Eldri Fisher present a "different" comedy sketch called "Perseverance, which is certainly done imitations of Belle Baker and Harry Lauder. In addition to the regular Triangle program, Charlie Chaplin will be presented in a new five-real Essanay comedy, entitled "Police," at the Colonial. Chaplin after witnessing this feature, says: It's the funniest ever, and everywhere this comedy has been shown it has been pronounced by the public as the best thing Chaplin ever did. Bessie Barriscale and William Desmond, two of the best stars in the Ince-Triangle studio, will be on the same bill in a new five-reel society drama, called "Not My Sister."
