STATE G. A. R. ENDS SESSIONS

(Continued From First Page)

gates to the National Encampment to be held at Kansas City, the newly elected officers were installed by Past Department Commander C. M. Gramlich, after which the session adjourned to meet in Johnstown next year. Announcement was made of the selection of Johnstown by the newly-elected department commander, Dr. L. F. Arensburg of Uniontown.

The result of the balloting for National delegates will be announced from Philadelphia. Six election boxes were busy until 2 o'clock this afternoon counting the votes. They reported to Assistant Adjutant General Samuel P. Town, who will have another count made at Philadelphia and the result will be made public in the first general order to be issued in July.

Few veterans remained in Harrisburg to-day. On the special train to Gettysburg over the Philadelphia and Reading Railway were 100 passengers, including many veterans and their wives. The Philadelphia delegations, with few exceptions, returned home last night. Past Department Commander C. M. Gramlich left this afternoon, and Assistant Adjutant General Samuel P. Town will return to Philadelphia this evening.

Resolutions adopted yesterday included votes of thanks for the local committee, citizens of Harrisburg and press, for the good care taken of the veterans, entertainment and hospitality.

The resolution expressing a united stand of the Department of Pennsylvania Grand Army of the Republic for preparedness received a unanimous endorsement, and will be forwarded to the National Encampment. Action to be taken at Kansas City will be forwarded to Congress, and will include the endorsement of the Pennsylvania members, as well as expression from other States.

The candidates voted for to-day for representatives to the national convention follow:

- Dr. W. A. Bishop, Harrisburg; A. Wilson Black, Harrisburg; W. Bishop, Philadelphia; H. H. Bengough, Pittsburgh; John Cooper, Germantown; J. Y. Chessworth, Pittsburgh; W. J. Montfort Sees City

In company with his aids, Past Commander A. Wilson Black and Post Adjutant N. A. Walner, of Post 58, Conshohocken, was yesterday taken over the city in an automobile. Many places of interest were visited and the national leader of the G. A. R. was emphatic in his expressions on Harrisburg as a beautiful city.

The trip was made possible through the courtesy of William Strouse, who tendered the use of his automobile to the veterans and accompanied the veterans on the trip.

Captain George W. Rhoades, of Post 58, G. A. R., was to-day given an application blank and will organize a tent of the Daughters of Veterans in Harrisburg. Any person desiring to join the new organization is requested to communicate with him.

The delegates to the Daughters of Veterans' encampment from Susquehanna county were the guests last night of W. D. B. Aney, chairman of the Public Service Commission, at a dinner given at the Senate.

Exports of U. S. Make Increase of \$105,000,000

Washington, D. C., June 8.—Exports of the United States in April were \$399,000,000 and imports \$217,000,000, as compared with exports in April, 1915, of \$294,000,000 and imports of \$160,000,000, the Bureau of Foreign and Domestic Commerce announced to-day.

Manufactured articles exported ready for consumption amounted to \$197,000,000 in April, compared with \$90,000,000 in the same month last year. Crude foodstuffs and meats exported were \$36,000,000, a reduction from \$59,000,000 last year. Crude materials imported amounted to \$95,000,000 in April, 1916, and \$61,000,000 in April, 1915. Most other imports showed only slight increases.

STATE COLLEGE ISSUES SPRAY ADVICE FOR PEACH AND PLUM

As with all other fruits a definite spraying plan must be resorted to in spraying peaches and plums. The following spray calendar for these two kinds of fruit has been prepared by the department of experimental pomology at the Pennsylvania State College

- 1. Dormant Spray. In Spring, before buds start. Lime-sulphur solution, 1.03, for San Jose scale and leaf-curl. For jecanium scale, substitute miscible oil, diluted 1 to 15. 2. Curcullio Spray. When the hucks or calyxes begin shedding. Lead arsenate paste, 3 lb. to 50 gal., and 2 lb. lime slaked. Add 40 per cent nicotine extract, 1/2 to 1 pint to 50 gal., if aphid is bad. On plums, add self-bolled lime-sulphur (3-8-50) for leaf spot. 3. First Rot Spray. 2 or 4 weeks after "2." Self-bolled lime-sulphur (3-8-50), and lead arsenate paste, 2 or 3 lb. For brown rot, scab, and curculio. Repeat nicotine if needed for aphid. 4. Second Rot Spray. About 4 weeks after "3." Lime-sulphur solution alone, at 1.003; or self-bolled lime-sulphur (3-8-50), if variety is especially subject to spray injury. For brown rot and scab. All mummified fruit should be removed before growth starts.

Mothers Urged to Teach Their Boys Preparedness

Patriotic addresses full of preparedness were a feature at the campfire for Grand Army veterans at Technical High School auditorium last night. It was a great gathering of civil war veterans and friends, and the program arranged by the local committee of arrangements proved highly entertaining.

The principal speaker, Commander-in-Chief Elias R. Montfort of Cincinnati, advocated preparedness, and called the attention of mothers present to the big part they can play in the training of their boys. He urged patriotic periods in the schools, and greater efforts in teaching the boys and girls the meaning of "our flag."

The musical feature included selections by Fred Weber's orchestra, solos, by Miss Agnes H. Isling, recitations by Miss Helen Sheehy, and folk dancing under the direction of Miss Elizabeth Louise Killinger. The campfire closed with singing of "America."

Phila. Veteran Killed in Fall Down Steps

"A few more years and we will be as scarce as Mexican war veterans," remarked Joseph L. Lord, past commander of Post 58, Philadelphia during a conversation last evening with several comrades in the corridor of the Metropolitan Hotel, Fourth and Market streets. Twenty minutes later Mr. Lord died on the way to the Harrisburg Hospital. He was attacked with heart failure while on his way to the basement of the hotel, and fell down the steps, fracturing his skull. The veteran was unconscious when picked up and bleeding from a laceration of the scalp.

The body was placed in charge of Undertaker Charles H. Mauk and shipped to Philadelphia this afternoon. The dead comrade, it was announced, will be given a military burial by Post 58, of which he was a charter member.

Past Commander Lord was 70 years of age, and resided at 282 West Twelfth street, Philadelphia. He is survived by a family.

AUTO RIDE FOR VETERANS

Through the courtesy of William Adams, of Hazelton, representative in the House of Representatives, more than 125 G. A. R. Veterans enjoyed an automobile ride to Dauphin and round about the city this morning. Twenty-five cars were used to convey the veterans on the ride.

FLOOR SCRUBBER PROPELS ITSELF

A machine for cleaning floors has been brought out, so quiet in its operation that it can be used in hospitals and so gentle in its action that a frail woman can manipulate it without difficulty. Its chief feature of interest is that it departs radically from the suction or vacuum type of cleaner. Attached to the lower end of a long iron handle is an industrious but small electric motor. As the motor spins, it rotates a circular brush, which can be applied with any desired pressure to the floor surface. Behind the brush motor are two rubber wheels serving a double purpose—to act as a lever for regulating the pressure of the rotating brushes against the floor and as a carriage for rolling the equipment from one part of the building to another.

Because of the brush's rotary motion the machine is self-propelling. Varieties of brushes are supplied for various floor surfaces. For polishing hardwood floors and mosaic or tile, brushes of other types are employed.—Popular Science Monthly for June.
