MOTIVE POWER TO PLAY BALTIMORE

Big Game at Island Park Tomorrow Afternoon; Rooters Coming From Oriole City

Island Park will be the scene of another big railroad battle to-morrow afternoon. The local Motive Power team will play Baltimore. Last Saturday Harrisburg triumphed in a game in the Oriole City and the Baltimore aggregation is coming here for revenge.

The race in the Pennsylvania Railroad League is assuming an interesting stage. Trenton has been picked as a strong contender for honors. The Jerseyites have not played Harrisburg. The only team that has defeated the locals was Philadelphia.

The game to-morrow afternoon will start at 3 o'clock. Captain Embick will have his regular line-up. It is probable there will be a band on hand to enliven the sport. Baltimore is coming here with a large crowd of rooters and unusual interest is manifested in the outcome of the battle.

SUNDAY BALL TO CONTINUE
Special to the Telegraph
Troy, N. Y., June 9.—Sunday ball in Troy and Albany is saved for a time at least, an injunction having been handed down restraining the sheriff from interfering with games on the Sabbath. In both cities the club membership plan is being used by the teams, the fans being compelled to join the club during the week prior to the game. Their membership cards then qualify them for admission to the park. The injunction is only temporary, but it is thought that no action will hardly be brought for a month or two.

Tires at a Rare Bargain

Here, men, is a real tire bargain—an opportunity to buy a standard, strictly handmade 5,000-mile tire of the highest quality throughout, absolutely fresh stock and without blemish, perfect in material and workmanship, at

50% off List

But You Must Act Quickly

Mind you these tires are not seconds. They are not blemished. There is absolutely nothing wrong with them.

They are fresh, standard, national REDWALL TIRES, strictly handmade and regularly guaranteed for 5,000 miles of service. Until now they have never sold at less than full list prices. OUR REASON for offering these fine tires at exactly half price is this:—

The National REDWALL 5,000 mile tire is manufactured by what is known as the "Wrapped Tread, Single Cure" process. The cost of manufacturing this type of tire has increased to such an extent during the past year that we have decided to discontinue making it entirely and to concentrate all our facilities in manufacturing our new NATIONAL SPEEDWAY TYPE TIRE, which is manufactured by the "full moulded" process.

This leaves us with a broken stock of "Wrapped Tread" tires on hand. Our distributors and

dealers have been notified that no more Wrapped Tread tires will be made. In order to dispose of the few remaining tires on hand, while they are still new and fresh, we are offering them direct from "factory to motorist" at the unheard of prices quoted below.

This is an opportunity you probably will never have again to buy such perfect tires at prices that are actually less than the cost of the raw material used in building them. We doubt if you could obtain ordinary cheap machine made seconds for less.

The number of tires on hand are limited. We urge you to place your order at once. Tires will NOT be shipped on open account. If desired, shipments will be made C. O. D. with privilege of examination. Shipments of four tires or more will be sent freight prepaid when order is accompanied by check. At the prices quoted below no definite mileage can be guaranteed, but defective tires will be adjusted to your entire satisfaction. All orders at this special price must be placed direct with the factory.

Trailing a Lonesome Still Sheriff Meets Blacksnake

Swainsboro, Ga., June 9.—Sheriff R. W. Coursey had a thrilling encounter with a snake. While creeping along a rail fence on the edge of a swamp five miles from town where he suspected a "moonshine still" was in operation, he was suddenly confronted by a coach-whip, which rose almost erect before striking at the officer.

The sheriff threw up his arm to protect his face as the snake struck it and instantly wound about it, squirming toward his face all the time.

Coursey finally threw the snake on a

Brown's New Coach Is Real Track Star

NORMAN TABOR.
Special to the Telegraph
Providence, R. I., June 10. — Norman Tabor, the holder of the world's record for the mile run, denies emphatically that he has any intention of resuming track work for the purpose of trying for the quarter or half-mile record.

On his return from Oxford University over a year ago Mr. Tabor entered a banking house in this city and to all intents and purposes he has laid aside the spiked shoes forever.

"My interest in track work in the future," says Mr. Tabor, "will be con-

finned entirely to the track team at Brown University. My spare time will be utilized in assisting Archie Hahn, Brown's coach, in developing a team which we hope within a year or so will place track athletics at that college on a firmer basis than ever before. With the nucleus of the team now in college and the many good men coming next Fall, I feel confident that Brown will be heard from in some of the future big meets."

Connie Mack Picks Myers as Coming Star Twirler

Special to the Telegraph
Chicago, Ill., June 9. — Manager Connie Mack of the Athletics, yesterday declared Elmer Myers, recruit hurler of the Athletics, would pitch for his team to-morrow, weather permitting.

"As great or greater than Bender, Plank or Coombs in their prime," that is the way Mack sizes up Myers.

"I'll send Myers to the mound, and I wish every fan who can spare the time would come out and watch him work," said the leader of the Quaker American League outfit.

"I consider this young player one of the greatest pitchers developed in many years, and he's going to make history—mark my word."

"Myers has everything that a pitcher should possess. He has height and the right weight. He tips the scales at 180, and is 6 feet 2 inches in height. He has a fast ball and a curve that are puzzling. He is cool under fire and possesses natural ability to play the game at all times."

"Myers has worked against some of the greatest pitchers and has defeated most of the veterans he has met. He won three games in a week, and one of his greatest exhibitions of pitching came in the contest with the White Sox in Philadelphia. Faber is a great pitcher, but Myers defeated him that day. Only one earned run was made off Myers, and that resulted from passes in the first inning. Myers settled and didn't issue a base on balls after that inning. The Sox made only a few scattered hits off him after that."

It is seldom that Mack palavers over a rookie the way he does over Myers. When he boasts a young player this way one can put it down that the rookie is going to make good. Mack is considered the best judge of a player in the big leagues. That is his long suit.
