Are You Letting This Good Thing Pass By ?

Young people need clear complexions

If you find yourself "left out" because of a poor skin, and want a clear, fresh complexion, use Resinol Soap at least once a day. Wash thoroughly with a warm, creamy lather of it, then rinse the face with plenty of cold water. It does not often take many days of such regular care with Resinol Soap to show an improvement, because the Resinol medication soothes and refreshes the skin, while the perfectly pure soap is cleansing it.

Resinol Soap

should be aided by a little Resinol Ointment, in severe or stubborn cases. Resinol Soap and Ointment are sold by all druggists. For trial free, write to Dept. 26-R, Resinol, Baltimore.

Real Clothes Economy

If you stop to think, you'll realize that real clothes economy is not in "paying little" but in "getting much." Some clothes are expensive even at exceptionally low prices.

Hart Schaffner & Marx

make the best clothes in the world; they actually make clothes at a lower cost than any good clothes makers in the country. They also sell at a smaller margin of profit per suit than any other concern.

These are facts; and these combined with our narrow margin of profit, mean that you can get more for each dollar you spend in Hart, Schaffner & Marx good clothes than you can get in any others, whether they're low or high priced, tailormade or ready.

To look here will interest you; to wear a suit will convince you of the extreme worth in these good clothes.

DIPLOMAS FOR TWENTY-NINE

Special to the Telegraph
Columbia, Pa., June 9.—The graduating class of the High school this year numbered twenty-nine, and the commencement exercises were held in the opera house. Andrew Auwerter was salutatorian of the class and Daniel Strickler valedictorian. Supt. W. C. Sampson presented the diplomas to the graduates and the annual address was made by Dr. Ried B. Dietrick, deputy State superintendent of public instruction.

DO YOU KNOW THAT?

Rural sanitation is a health protection to the city-dweller. It's foolish to educate a boy and then let him die of typhoid fever.

The U. S. Public Health Service issues a free bulletin on the summer care of infants.

Exercise in the garden is better than exercise in the gymnasium.

Clean water, clean food, clean houses make clean healthy American citizens.

The State of California has reduced its typhoid death rate 70 per cent. in the past ten years.

Rats are the most expensive animals which man maintains.

It is estimated that the average manure pile will breed 900,000 flies per ton.

HORSE SENSE FOR HORSEMEN.

- Don't overload your horses.
- Don't feed too much corn in hot weather.
- Don't make sudden changes in the feed.
- Don't keep your horses in poorly ventilated stables.
- Don't feed grain to warm horses. Give them hay first.
- Don't allow the harness, especially the collar, to chafe, nor neglect to clean the harness once in a while.
- Don't expect your horses to relish their feed unless the mangers are clean.
- Don't let your horses drink a large amount of water on coming into the stable very warm. Allow them to cool off a bit first.
- Don't allow young horses to wear a set of shoes more than a month. Have them removed, the hoofs leveled, and the shoes reset if they are worth it.—H. Preston Hoskins in Farm and Home.
