"Always Reliable"

Doutrich

Say "Doutrich" to the average man in Harrisburg and he will think of clothes. Not the ordinary, every day suit of clothes, but good clothes, bigger values and guaranteed satisfaction.

It is some accomplishment to make one's name synonymous with something good, something better than the average. There are men perhaps whose names stand for more to men than does ours, and yet we believe that to fill our niche satisfactorily, though that niche be a minor one, is worth while. We all have a chance at the Presidency but the percentage that gets it is very, very small.

There are men and young men in Harrisburg who have never visited this "Live Store". These men know us by reputation only. Some day they will come here and find out for themselves why this store is growing greater every day. They will find out what is behind this name of ours—Some day we believe they will buy a suit here, and when they do we know we will have not only a patron but a friend for

N. Y. LEAGUE GAME THURSDAY

(Continued From First Page)
Troy team, was closed late Saturday night. Manager Cockill, with Walter Blair, will take half of the stock. The balance will be sold to local business men. A meeting will be held early

next week for the purpose of organizing an association to back the new franchise. It is understood the capitalization will be \$5,000. All that is needed to make the game a certainty in Harrisburg is the approval of President John H. Farrell, of the New York State League. It was expected to-day, along with the announcement of the revision of the schedule. The new franchise will come to

Harrisburg to stay. It is no deal like that of last season with the International League. Manager Cockill believes it is a paying enterprise and substantiated his belief by putting up his own money to secure the transfer. Local fans will be expected to give the game a liberal patronage. With the franchise come fifteen players. The team has been going badly because Lew Wachter is no baseball leader. He makes no claim

as a manager. Troy has also been up against rainy days and has many postponed games on the list. Manager Cockill knows where the team is shaky and will strengthen the weak spots. He already has lined out for new players. As soon as the official approval is received from President Farrell, arrangements will start for the opening game. Manager Cockill said to-day: "I am here to make good. There will be no change in prices. Harrisburg will get fast baseball, and the fans know I will not stand for any weak places."

Changes in Schedule
"There will have to be a number of changes in the schedule. I want the July 4 games, and Albany will make good by coming here. According to the agreement, Lew Wachter is to deliver the team to me on Wednesday. Syracuse plays Thursday, Friday and Saturday. Utica follows. The schedule will be made known by President Farrell."

Calhoun in the Game
The New York State game will bring to Harrisburg a number of fast baseball stars and well-known managers. George Wiltsie is the Albany leader. John C. Calhoun, known to local fans, a former Harrisburger and Tri-State star, heads the Elmhurst club. Mike O'Neil, also a former Harrisburger and Tri-State star, will be here with the Syracuse team as manager. His welcome will come Thursday. Will Conroy leads Elmira; Peter Noonan, Wilkes-Barre; Ambrose McConnell, Utica, and the old reliable "Bill" Coughlin, Scranton.

President John K. Tener, of the National League, who was the guest of Mr. and Mrs. Samuel Todd over Sunday, when told about the new franchise expressed much gratification on hearing of Manager Cockill's good luck and hoped the local fans would show their appreciation with a liberal patronage. President Tener said he would give the local club all the help and boosting possible.

We Thank You

IN behalf of those associated with me in the management of The West Shore Bakery, inc., I wish to express our grateful appreciation for the liberal response to our invitation to come and view the big bakery. The thousands who came far exceeded our expectations, and to the tens of thousands who have made this bakery possible by their patronage we extend our thanks and hope to merit a continuance of their favor.

STATE INSURANCE CALLED SUCCESS

Details of Its Operation Shown by a Summary Issued at the Capitol

Pennsylvania's State Insurance Fund, established January 1 under the act of 1915 to afford a chance for employers to insure with the Commonwealth, is said to have had a growth considered phenomenal in insurance circles, according to a summary of its operations issued at the State Capitol.

Allen, assistant general manager, sets forth that when the fund began business there were 5,079 employers with 57,400 employees insured and that on April 30 the number had grown to 10,272 employers with 117,100 employees. Since that time 13,000 has almost been reached and the premium income is estimated as over \$800,000 on June 1. The income from investments is estimated at 4.33 per cent.

The fund met 2,174 accidents and settled 1,279 medical bills, completing 273 cases.

UNABLE TO STOP RUSSIAN ADVANCE

(Continued From First Page)
Bukovina, where the advance of the Russians has brought them within 13 miles of the capital, Czernowitz. At some points the Russians have advanced sixty miles within the past week. General Brusiloff's army has captured an enormous amount of booty. This includes 125 guns and 100,000 rounds of ammunition. Two divisions of Austro-Hungarian troops were captured northeast of Czernowitz, where the Russians, by a brilliant maneuver, outflanked the Austro-Hungarians. The Austro-Hungarians were being annihilated by the Russian artillery when they surrendered. General Techitsky is in command of the Russian army in Bukovina.

Heavy fighting is in progress in northeastern Bukovina, along the Pruth river. The outer defenses of Czernowitz are under artillery fire.

The capture of the Volynian fortress of Dubno by the Russians was one of the most serious blows sustained by the Austro-Hungarians since the Russian offensive opened. Russian troops that captured the fortress are in hot pursuit of the fleeing Austro-Hungarians.

The Teutons were depending upon the fortresses of Lusa and Dubno to hold back the Russians and prevent any attempt to drive against Lemberg from the north. Both are now in Russian hands.

Sending All Spare Troops
From the present rate of progress the Russians will be in the Carpathian mountains by the end of the week. This alarming outlook is causing the Germans to send all their spare troops into Galicia to reinforce the Austrians.

The German attack on Verdun has again swung to the east of the Meuse following the assaults of Saturday night on the French positions near Hill 304, west of the river. Last night German infantry charged French positions west of Fort Vaux but the French war office reports was unable to gain ground.

Striking at Souville
At the same time the French positions near Forts Souville and Tavan, south of Fort Vaux, were bombarded heavily. Paris looks for a severe struggle for possession of Fort Souville to which the bombardment may be preliminary. Should the Germans capture the fort they would open a breach in the French defenses which might compel the French to abandon this entire line and fall back on the inner defenses on the right bank of the river.

West of the Meuse the only development of the night was a heavy artillery action in the vicinity of Chattanooga.

ZAPATA IS READY TO MAKE ATTACK

to-day on the steamship Morro Castle from Havana. Mr. Francis said he left Mexico, "in a hurry to avoid arrest, suspicion being directed against him on account of his activity to secure the release of P. F. Dunn, chief engineer of the tramway company, a British-controlled organization, who was seized and thrown into jail three weeks ago. He added that the charges against Mr. Dunn were not made public."

"My activities," said Mr. Francis, "consisted of communicating over the telephone wire with influential Mexicans and the American representative, endeavoring to secure Mr. Dunn's release. It was evident the wires were tapped, for one of the Mexicans to whom I talked was arrested soon after my talk with him regarding Dunn."

Increasing Anti-American Feeling in Northern Mexico; Carranza Seems Indifferent

(By Associated Press)
Washington, D. C., June 12.—Increasing excitement and anti-American feeling throughout Northern Mexico is described in to-day's dispatches to the State Department. In many cases, it was said at the department, the Carranza authorities appear to be indifferent to what is going on.

Neither details of the reports nor information as to the points heard from were made public, on the ground that work of American consuls would be handicapped.

Officials made no attempt to conceal their anxiety over the situation, which, apparently, is crystallizing in the northern Mexican states. Many dispatches bearing on the subject have been received during the last forty-eight hours. All were read immediately on receipt by Secretary Lansing and the more important were sent to the White House.

Equally disquieting reports are reaching the Department of Justice from its agents along the border and in the interior of Mexico. They were turned over to the State Department.

Cowboy Escapes From Bandits Who Raid Ranch

(By Associated Press)
Laredo, Tex., June 12.—George Conover, an American cowboy, who, with Arthur Meyers, were captured by the Mexican bandits that raided T. A. Coleman ranch at San Sameel, yesterday, arrived in Laredo to-day after a thirty-mile trail on foot.

Conover said the band which sought to drive eighty head of horses across the border was composed of five Mexicans and two Japanese. The Japanese, he said, were later captured by the Mexican troops. Conover said he was treated well by the Mexi-

cans, but the two Japanese wanted to hang him.

Hide in Rush
The bandits left Conover and Meyers at a secluded place and told the Americans to await their return. The Americans fled, hiding in the brush when the Mexicans came back to look for them.

A number of armed citizens and State rangers were dispatched to Webb, Texas, north of here, to-day when it was reported that railroad bridges were being burned. The report was found groundless, but the rangers took in custody two Mexicans supposed to have been connected with the band participating in the Coleman ranch raid.

MINING MEN IN FLIGHT

Columbus, N. M., June 12.—A party of American mining men, including several merchants from Cusiuhuiachi and Chihuahua are said to have reached General John J. Pershing's camp at Namiquipa, Mexico, on their way to the border, to escape persecution by Mexicans opposed to the presence of American troops. The information was brought here to-day by truck drivers from Casas Grandes.

INVASION IS DENIED

Mercedes, Texas, June 12.—Reports that thirty horsemen has crossed the Rio Grande south of Donna are declared to be untrue by Captain Haines and Lieutenant Glass, of Troop C. Thirty cavalry, who returned here to-day after an investigation last night. They found no trace of bandits. The report that American soldiers engaged with Mexicans across the river at Progress on Friday is also reported to be erroneous.

THROW OUT AMERICANS

Chihuahua City, Mexico, June 11, via Juarez, June 12.—Mexicans thronged the streets here to-day, anti-American meetings being held in various parts of the city. The crowds, however, were orderly. The demonstration began with a parade through the principal streets to the military cuartel, where General Jacinto Trevino thanked them for the patriotic display. For half an hour the crowd cheered and shouts of "Throw out the Americans" were frequent.
