

PREPAREDNESS IMPERATIVE DUTY WILSON DECLARES

Talks on Militarism, Americanism, Causes of War in Europe and Peace

ADDRESS AT WEST POINT

Speaks to Graduates on Entire List of Subjects Discussed by Hughes

West Point, N. Y., June 13.—President Wilson making his first address since the Presidential campaign to-day discussed preparedness, militarism, Americanism, the causes of the war in Europe, peace, the Monroe Doctrine, divided allegiance, and the Ideals of America. He declared it is the present imperative duty of the United States to be prepared, adding "mankind is going to know that when America speaks she means what she says."

The President said the United States should not be a blustering nation, a nation with a "chip on its shoulder" but a calm nation, which will hold its hand as long as possible and strike only for victory.

The President's address ran through the almost entire list of subjects discussed by former Justice Hughes in his telegram accepting the Republican nomination and he declared the United States is ready to join with other nations to see that the kind of justice it believes in is given.

Should Set Example Shaking his finger emphatically the President told the graduates of the Military Academy and a large audience that nobody who does not put America first can be tolerated. He added,

Elimination of Overhead Wires Assured by Council

City Council this morning took a definite step toward eliminating overhead poles and wires by passing the ordinance permitting the Cumberland Valley Telephone Company to lease a portion of underground conduits to the Western Union Telegraph Company. Assurances were given that the company will provide sufficient room to carry the city's police and fire alarm wires in Walnut street from River to Front; that if no space is available an additional conduit will be provided. The measure rescinding the company's bond from \$25,000 to \$10,000 was also passed finally. The measures had been held up for while until the merger restriction clause was re-inserted.

Commissioner E. Z. Gross, superintendent of parks, presided at today's meeting in the absence of Mayor E. S. Meals and W. L. Gorgas, president and vice-president respectively. Messrs. Lynch and Bowman completed the quorum.

New ordinances offered included the following: By Lynch, grading Swatara street from Twenty-first to Twenty-third; by Mr. Gross, purchasing new automobile for fire chief at cost of \$1200. The ordinance authorizing the building of ramps and steps along the river slopes was passed finally; council agreed to permit I. W. Dill to make necessary changes in the plan of the approach of the Mulberry street bridge to coincide with improvements to his property; approved the award by Commissioner Lynch of the contract for supplying fuel oil to the Atlantic Refining Company, and received and filed a request of the Motor Club of Harrisburg to ride along on the "Sociability run" June 19 and 20.

MARSHALL MAY BE NOMINATED BY ACCLAMATION

Sole Question Bothering Democrats Whether or Not to Call Roll

FAVORITE SONS QUIT

Leaving Field Clear For President Vice-president; Resolutions Committee Meets

St. Louis, Mo., June 13.—Delegates to the Democratic national convention, which opens here at noon to-morrow, appeared to be interested in two questions to-day. One was whether Vice-President Marshall would be renominated by acclamation or whether the favorite sons would insist upon their names going before the convention for a ballot. The other was the probable action of the delegates with regard to the demand of the suffragists for an unequivocal declaration in the platform in favor of equal rights.

Sentiment for the renomination of Vice-President Marshall appeared so strong to-day, leaders said, that there was talk among them of starting a movement to have him named without going through the formality of taking a ballot. The talk of naming Secretary of War Baker for the second place on the ticket ended almost as suddenly as it started. The war secretary had much to do with putting the quietus to his boom, he declaring before he left Washington for the convention city that he was for Marshall and that the mention of his name was merely "friendly enterprise."

The fact that Mr. Baker had just left President Wilson when he announced that he favored Mr. Marshall for renomination also gave support to the sentiment for Marshall. Mr. Marshall claimed the candidate without calling the roll. It was said that Governor John P. Moorehead of Nebraska, who withdrew his name as a candidate for Vice-President, had been instructed by the convention to support Marshall and if he carries out his plan to withdraw other candidates in the field may do like-

City Boundaries Enlarged by New Territory Today

Harrisburg's area was officially increased to-day by some 85 acres when the Dauphin county court approved the report of the viewers recommending the annexation of the section of Swatara township lying east of Nineteenth street, north of Cameron parkway, west of the almshouse road, and south of the Philadelphia and Reading "cut." The viewers are J. Rowe Fletcher, Joseph Claster and Harry C. Poff.

Three sleepers left the rails, one being destroyed by fire, but it is not known yet how many, if any persons were killed or injured.

HOME FOR CRIPPLES BURNS

Cleveland, June 13.—Rainbow Cottage, home of 200 crippled children, on South Euclid, Ohio, near here, caught fire early this morning. A general alarm summoned aid from Cleveland. The fire started in a frame building 35 feet from the dormitory. The intense heat broke the windows and set the sills afire, forcing all to flee. All the children were carried to safety through the heroic efforts of ten nurses.

HUGHES' ATTITUDE "IS OF UNDILUTED AMERICANISM"

Tells Newspapermen He Is For an Out and Out American Policy

POLITICAL FRIENDS CALL

Leaders Confer With Candidate Upon Arrangements For Campaign

New York, June 13.—Charles E. Hughes, in response to questions put to him to-day by newspapermen in regard to his attitude toward the German-Americans, said it was "one of undiluted Americanism."

"I stated my position very clearly," said the Republican presidential candidate, "in my telegram to the convention. My attitude is one of undiluted Americanism, and anybody that supports me is supporting an out and out American and an out and out American policy, absolutely nothing else."

At the same time it was made clear to callers that the nominee had used what he thought was the most emphatic language he could have used on this subject in his telegram last Saturday to Chairman Harding of the Republican national convention. Leaders at the Hughes headquarters apparently were genuinely surprised that doubt should have remained as to the nominee's attitude on this point.

Mr. Hughes, it was said, intends to meet this doubt, now that it has been raised, in a manner which he believes will clear up any misunderstanding. It will be a long campaign and a strenuous campaign, according to the present outlook at headquarters and there will be an opportunity it is felt, between now and November to get into details on every issue before the American people.

Indications were to-day that Mr. Hughes would remain in New York until he begins his speechmaking tours, with the exception of his contemplated visit to Brown University. The procession of visitors began early in the forenoon and kept Mr. Hughes busy. Mr. Hughes was the recipient to-day of a varied assortment of tokens from all parts of the country.

Suffragists sought unsuccessfully during the day to interview Mr. Hughes as to his attitude toward their cause. Mr. Hughes sent out word that he would not discuss the subject.

WAGE CONFERENCE NEAR DEADLOCK

New York, June 13.—The conference of railroad managers and officials of railroad men's unions representing about 350,000 employes looked perilously near a deadlock to-day. This was the result of the application of what the men called a "yard stick" to their demands. In this the railroad officials declared that "time paid for under one rule is not to be paid for under another rule or rules." Should the conferees fail to agree, the question of declaring a strike may be submitted to the unions.
