

GREAT REJOICING BY RHEUMATIC CRIPPLES

If So Crippled You Can't Use Arms or Legs, Rheuma Will Help You or Nothing to Pay

If you want relief in two days, swift, certain, gratifying relief, take one-half teaspoonful of Rheuma three times a day.

If you want to dissolve every particle of uric acid poison in your body and drive it out through the natural channels so that you will be forever free from rheumatism, get a 50-cent bottle of Rheuma from H. C. Kennedy or any druggist today.

Rheumatism is a powerful disease, strongly entrenched in joints and muscles. In order to conquer it a powerful enemy must be sent against it. Rheuma is the enemy of Rheumatism—a remedy that conquers it every time.

Judge John Barhorst, of Fort Laramie, Ohio, knows it. He was walking with crutches today he is well. It should do as much for you; it seldom fails.

T. W. Shelton Urges Uniform Legal Procedure

In spite of the run a large turnout of business men greeted the speaker at the noonday luncheon of the Chamber of Commerce at the Harrisburg Club to-day, when Thomas W. Shelton, of Harrisburg, chairman of the committee of the American Bar Association on uniform judicial procedure, discussed "The Part of Commerce in the New Judicial Era" and dwelt strongly on the enactment of the legislative on the judicial branch of the government in this country, a danger against which the speaker declared we were warned by our forefathers who so wisely laid the foundation of the structure of government which we enjoy to-day.

Jesse E. E. Cunningham introduced the speaker, who was flanked on either side by Judges Kunkel and McCarrell, of the Dauphin county bench.

Mr. Shelton went into the construction of the Uniform Judicial Code and the division of its functions into the executive, judicial and legislative. He emphasized the fact that the day has come when the legislative branch is infringing upon the independence of the judiciary and that a complete right-about-face is the only method to adopt. As a concrete evidence of the plan which he advocated, namely, the adoption of a scientific system of judicature whereby the State would follow the lead of the Federal government and uniformity in the judiciary would be the watchword, the speaker cited the bill which is now before Congress to invest the Supreme Court of the United States with power to put into effect the watchword of procedure contemplated, and he advised the business men to communicate with their representatives in Congress and urge the passage of the bill. "It is the first time in the history of the world," he said, "that the lawyers have come together and agreed on the proper way to conduct the judiciary, and that, in his estimation, was proof positive of the urgency and necessity of the change."

"See to it," he said, "that politics never gets its hand on the sacred bench, because the judicial department is the cornerstone of government and the only safety of liberty in this country; laws are nothing without the court to enforce them, and if we close the arteries of justice and right, which means the court and jury, this country cannot stand."

RUSS STEADILY PUSHING FORWARD

Continued on either bank, the Paris afternoon bulletin states.

Russian Fleet Disperses German Flotilla Which May Have Been Transporting Men

Nykoping, Sweden, June 15.—Thirteen German merchantmen which were coming from the North convoyed by an auxiliary cruiser and some torpedo boats and armed trawlers, were attacked early yesterday morning by a squadron of Russian destroyers, torpedo boats and submarines near the Swedish coast. The German convoy was dispersed and the merchantmen fled toward the coast. It is reported that some of the vessels were sunk.

The reported Baltic engagement may have resulted from an attempt of the Germans to land a large body of reinforcements for Field Marshal von Hindenburg's armies facing the Russian line in the region of Jacobstadt, or the Riga-Dvinsk front.

The presence of 13 merchant ships betrays the proportions of such a movement.

Tubercular Children Are Busy in Garden School

Nearly 50 children, suffering from tuberculosis, are tending daily in the gardens at the Susquehanna school yard, made possible by the Harrisburg Civic Club. The educational department and the out-of-door department of the organization takes care of these children every year during the hot months.

Be Careful in Using Soap on Your Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

PLANS TEST OF EMPLOYER'S LAW

Clause Relative to Beneficiary Provisions to Be Tried by Getkins

Legal testing of the damage recovery clause of the employers' liability law is to be made in this city, according to the steps to be taken by the Pennsylvania Railroad case.

The clause in question precluded the bringing of an action by any beneficiary of the railroad for "relief" benefits if the same plaintiff intended to bring suit in trespass for damages. The clause, it is held, has been knocked out, but it is to be tested out this feature of that action has been started.

One Case Ignored.—Only one case, C. M. Dare, charged with false pretenses, was ignored to-day by the grand jury. Attorney Phillip S. Moyer to-day had under a small title "glad-handing." Mr. Moyer has just returned from a honeymoon trip in the South.

WILL NAME THEIR TICKET TONIGHT

[Continued From First Page]

This afternoon to receive the report of the smaller body if it is ready to make one. The sub-committee, which was named last night, is as follows: Senator Stone, Missouri; chairman; Senator Walsh, Montana; Senator Hollis, New Hampshire; Representative Fitzgerald, New York; Senator Fifer, Ohio; Former Representative Mitchell Palmer, Pennsylvania; Senator Martin, Virginia; Governor Stanley, Kentucky.

These men have been together for several days and when they began their work to-day they had a fair idea of what the platform should contain. A declaration of Americanism appeared to be of paramount interest among them and the President's flag speech at Washington yesterday received some attention of the platform drafters of this plank. It was said that President Wilson's idea of what the plank on Americanism should be was telegraphed here last night. It virtually charged the conspirators of the part of some foreign-born citizens, influence foreign and domestic affairs and condemned organizations that failed to repudiate such alleged conspiracy. It was said.

The great enthusiasm shown yesterday when Chairman Glenn recited the things the Wilson administration had done to maintain peace is expected to bring some influence with the committee in drafting the plank referring to peace and prosperity. It is understood that President Wilson has not suggested in any definite language against the conspirators here.

It is learned there will be no specific mention of Mexico in the declaration of principles but that the relation of the United States with the southern republic will be covered in a general way in the plank dealing with foreign affairs. The plank will declare that every nation has a right to regulate its own internal affairs.

Protection for Americans at home and abroad will be included in the pronouncements and a permanent peace tribunal will be looked upon with favor. There will be a preparedness plank of a defense that will please only satisfied Democrats but will please the Progressives, the leaders say. The platform will contain an unequivocal expression against war for aggrandizement of the nation.

If there is any friction in the resolutions committee it will come over the equal suffrage questions.

Several tax propositions have been submitted and Representative Rainey has been asked to write what is expected to be the final draft. It was said that in view of the scarcity of dyestuffs because of his actions in World War, the platform would favor the industry being given a measure of protection for about five years.

Consideration will be given to a plank favoring government aid for terminal warehouses for storing grain and weighing nonperishable farm products.

Booms Fade Away Little was heard of the vice-presidential boom. Several of the little fields have faded away, leaving in the field those of Vice President Marshall, Governor Major of Missouri; Governor Morehead, of Nebraska; and Roger C. Sullivan, of Illinois.

The Democratic National committee will meet for organization next Monday. Homer S. Cummings, "Colonel" Clegg, may be made national chairman if he is satisfactory to President Wilson.

Suffragists Do Not Regard Subcommittee as Favorable

By Associated Press St. Louis, June 15.—Suffragists fighting for an equal rights plank in the Democratic national platform to-day regarded the resolutions subcommittee appointed last night as none too favorable to their cause. Only three of its members are outspoken for suffrage. It was declared, while four are against it.

The other two are believed to hold the administration view of the situation, which is for the indorsement of suffrage, but not for a constitutional amendment plank. The subcommittee was declared by Democratic leaders to be inclined enough toward the measure of indorsement as is contained in the Republican platform.

Democratic Platform to Contain Suffrage Plank as Strong as Republican's

By Associated Press St. Louis, June 15.—After a thorough session to-day members of the Democratic convention subcommittee on resolutions which is drafting the platform announced that a tentative draft probably will be completed late to-day for consideration by the entire committee. The tentative draft will contain a woman suffrage plank at least as strong as that contained in the Republican platform.

The subcommittee had before it more than 1,000 suggestions for planks. Hundreds of those were laid aside. Others which the subcommittee feels are entitled to serious discussion will be taken up at once.

McCORMICK TO LEAD DEMOCRATIC FIGHT

By Associated Press St. Louis, June 15.—News of the selection of Vance C. McCormick as the President's choice for national chairman came as a surprise to members of the committee although his name was on what was characterized as the "White House list" of suggestions.

The committee will meet Saturday and name McCormick. All of the candidates who have been urged for the chairmanship will withdraw immediately.

Mr. McCormick was at one time mayor of Harrisburg, Pa. He is a leader in what is known in Pennsylvania as the reorganization faction of the Democratic party.

Mr. McCormick is a member of the very wealthy family and won fame as a football player at Yale a score of years ago. In 1911 Mr. McCormick was the Democratic candidate for Governor of Pennsylvania against Martin G. Brumbaugh.

He is a strong advocate of local option and has shown independent Democratic tendencies. Mr. McCormick is the owner of the Harrisburg Patriot, a morning newspaper.

Johnston to Give Cup to Scenic Tour Winner

The fortunate contestant in the "Scenic Tour" to be conducted by the Motor Club of Harrisburg Monday and Tuesday of next week will be awarded a large silver loving cup by the Johnstown Chamber of Commerce.

Mayor Louis A. Franke, of Johnstown, will give the address of welcome at the luncheon to be tendered the tourists at the Hotel Stanwick Hotel. Following the reception the loving cup will be awarded the winner and a "bobby" prize will be presented to the owner of the last car coming into the city.

Committee Surprised, but Will Bow to President

ACQUIT COOPER AND SAUR

June Quarter Sessions Judge Says No Evidence to Warrant Holding of Pair

Both Abraham Cooper and William Saur were acquitted yesterday afternoon by a June quarter sessions jury of charges of receiving stolen goods.

The court yesterday practically told the jury that there was no reason for charging Cooper with the crime at all.

GLYCERINE AND BARK PREVENT APPENDICITIS

A simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, asthensizes Harrisburg people. Because Adler-ika acts on BOTH lower and upper bowels, ONE SPOONFUL relieves almost ANY CASE of constipation, sour stomach or gas.

It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-ika is astonishing. H. C. Kennedy, druggist, 321 Market St.—Adv.
