"The Best-liked Car in the Country"

An eight that comes from Master Motor-Builders

De Luxe Eight-38

\$985 Completely Equipped

The development of an eight brings up problems entirely different from those involved in a four or a six. And the Briscoe organization had learned to solve those problems before they placed the car on the market—they did not have to learn from the experience of owners.

You will find the Briscoe Eight-38 a revelation in smoothness, in vitality, in a vibrationless delivery of power that seems to propel your car along as though it were drawn by invisible hands.

And-again because of Briscoe experience-you will find lubrication thorough, and gasoline consumption per horse power lower than that of many fours.

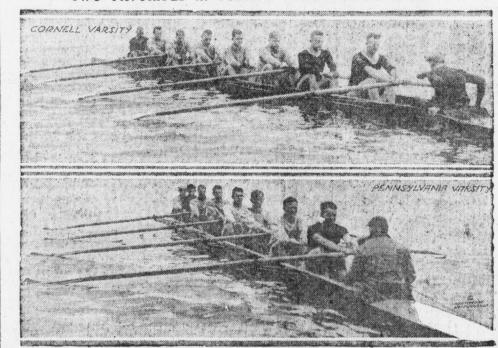

Whenever you say the word we'll be glad to let you test for yourself the sweetest motor you ever rode behind.

GETTYSBURG WILL NOT MOVE Special to the Telegraph
Gettysburg, Pa., June 17. — Baseball fans of this place are firmly of the belief that Carlisle will be disappointed in their effort to secure the franchise of the Gettysburg team in the Blue Ridge League. Practically all that is known here concerning the matter is the notices sent out from Carlisle to the effect that the team was on the point of being transferred to that place. The directors of the club say there is no intention of placing the team in another town, but will finish the season and many other seasons here.
