Bozart Rugs Among the Best of Summer Floor Coverings

Bozart rugs are made of "Kraft-yarn" imported direct from Sweden (a heavy yarn of extraordinary strength made of linen, hemp and flax).

They are woven very close, tight and uniform into a very heavy fabric of great body and substance.

Its superior construction gives the Bozart rug unlimited resistance to wear.

They lay flat on the floor and will not bulge, kick-up or curl on the edges. They are seamless and reversible and can be used on both sides with perfect satisfaction.

Our Carpet Department is showing a large selection of rugs for Summer uses, including a complete display of Crex grass rugs. The designs as well as the prices will interest you.

Here Is the Text of Mobilization Order Sent to Governor Brumbaugh

The general order calling the militia was signed by Secretary Baker and countersigned by the President. It follows:

Hon. Martin G. Brumbaugh, Governor of the State of Pennsylvania, Harrisburg.

Having in view the possibility of further aggression upon the territory of the United States and the necessity for the proper protection of that frontier, the President has thought proper to exercise the authority vested in him by the constitution and the laws of the United States for the purpose of organizing the National Guard for that purpose. I am in consequence instructed by the President to call into the service of the United States forthwith through you the following units of the organized militia and the National Guard of the State of Pennsylvania, which the President directs shall be assembled at the State mobilization point, Mount Gretna, for muster into the service of the United States:

First Division, including three brigades, three regiments of infantry; one regiment cavalry, two companies engineers, one battalion signal corps, two field hospitals, two ambulance companies.

Minimum Peace Strength Organizations to be accepted into the Federal service should have the minimum peace strength now prescribed for organized militia. The maximum strength at which organizations will be accepted and to which they should be raised as soon as possible is prescribed in section 2, tables of organization United States Army.

In case any regiment, battalion or squadron now recognized as such contains an insufficient number of organizations to enable it to conform to muster to regular army organization tables, the organizations necessary to complete such units may be moved to mobilization camp and there inspected under orders of the department commander to determine fitness for recognition as organized militia by the War Department.

Circular 19, Division of Militia Affairs, 1914, prescribes the organizations desired from each State as part of the local tactical division, and only these organizations will be accepted into service.

It is requested that all officers of the Adjutant General's Department, Quartermaster Corps and Medical Corps duly recognized as pertaining to State headquarters under Table 1, Tables of Organization Organized Militia are not elsewhere required for duty in State

Field Battalion, Signal Corps, Wire Company, Pittsburgh; Radio (Wireless) Company, Pittsburgh.

administration, be ordered to camp for duty as camp staff officers. Such number of these staff officers as the department commander may determine may be mustered into the service of the United States for the purpose of proper camp administration, and will be mustered out when their services are no longer needed.

Where recognized brigades or divisions are called into service from a State, the staff officers pertaining to these units under Tables of Organization U. S. Army will be mustered into service, and also the authorized inspectors of all arms practice pertaining thereto.

Except for these two purposes, mobilization camp service and of the prescribed staff service with tactical units, officers of State headquarters under Table 1, above mentioned, will not be mustered into service at this time.

If tactical divisions are later organized, the requisite additional number of staff officers with rank as prescribed for division staff will be called into service from those States which have furnished troops to such division. Acknowledged.

NEWTON D. BAKER, Secretary of War.

OVER "FOOL'S HILL"

"You have heard it said that in every boy's life there is a 'fool's hill'—saw a writer in Farm and Fireside 'a time when the boy acts queer, says queer things, seems sad and silent and sulky. It is a hard time, this working one's way over 'Fool's Hill.' I know, because I have been over it. Perhaps you who read this may have escaped. Luckily for your whole future life if you did."

The Lassitude of Spring

Spring is another name for the lazy liver—a liver that is weary of the work of eliminating all the accumulated poisons of a heavy winter diet. Health and strength in the Spring come from a return to simple, nutritious, easily digested foods. The food that puts you on your feet and brings bounding buoyancy to the jaded muscles and worn-out nerves is Shredded Wheat Biscuit—a whole wheat food that builds new tissue and keeps the bowels healthy and active. Eat it with berries, or other fresh fruits for a few days and see how much better you feel. Made at Niagara Falls, N. Y.

WHAT YOUR NERVES NEED

Whatever medication, whatever renewed strength and vigor can be imparted to the nerves must reach them through the blood. Dr. Williams' Pink Pills for Pale People are the tonic on the nerves through the blood, enabling the blood to carry to the nerves the elements needed to build them up.

Neuralgia, sciatica, sick headache and a number of more severe nervous troubles are properly treated by building up the blood with Dr. Williams' Pink Pills and are often entirely corrected in this way.

If you are nervous you can help yourself by refusing to worry, by taking proper rest, sleep and vacations, by avoiding excesses and by taking out-door exercise. For medicine take Dr. Williams' Pink Pills, the non-alcoholic tonic.

Sufferers from nervous disorders who have been taking treatment without benefit should investigate the tonic method. Write today to the Dr. Williams' Medicine Co., Schenectady, N. Y., for the booklet, "Diseases of the Nervous System." It will be sent free on request.

Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, 50 cents per box, six boxes for \$2.50.

"Nourishing Process" Beats Face-Peeling

If you value your complexion don't use any preparation on your face that contains Mercury. Mercury peels your face and robs the skin of its natural oils. If you want to renew your complexion, get rid of wrinkles and give a healthy glow to your skin, use the simple "Nourishing Process" which has become so popular of late with famous Beauties everywhere. No expensive toilet requisites are necessary. You simply get a little ordinary Am-o-niac Cream from your Druggist and apply it to your face once or twice daily. No massage is needed. It brings color to the cheeks, beautifies and nourishes the skin while you sleep. It removes wrinkles, lines and facial blemishes, and clears the complexion because it contains everything your skin requires to keep it pink and healthy. If you have not as yet enjoyed the charm and thrill that every day experiences when they first behold the "Nourishing Process" use a little Am-o-niac Cream from your Druggist to-day and see what just one application of this sweet, fragrant beautifier will do for you.—Advertisement.
