MONUMENT TO MOLLY PITCHER

Unveiling Exercises at Carlisle Will Include Parade and Addresses by Officials

Special to the Telegraph
 Carlisle, Pa., June 19. — Governor Brumbaugh has accepted the invitation to be present and make an address at the unveiling exercises of the memorial to Molly Pitcher here on June 28. R. Schuyler, of Lock Haven, chairman of the commission appointed by Governor Brumbaugh to have charge of the selection and erection of the monument will preside. Senator Charles A. Snyder will make the presentation address, while Ex-Judge E. W. Biddle will receive the gift on behalf of the town.

Plans for an elaborate pageant on the day have been made. Patriotic organizations from all parts of the State will be here with delegations from fraternal and secret organizations and fire companies. Special arrangements have been made for excursion rates to bring the crowds here. The suffragists of the State will have several hundred women in line and will stage a series of historical floats and features.

Work on the erection of the monument was begun to-day, part of it having been delayed in transit, only reaching Carlisle on Saturday.

The memorial is erected on the grave of the heroine in the Old English Graveyard here and has a concrete foundation. On this is erected a granite block weighing five tons, on which is to be placed the bronze figure of the heroine. In front is to be a cannon, entirely of metal, an exact replica of those made by Demming at Boiling Springs during the Revolution, one of which is now in the Tower of London. The figure of Molly Pitcher was constructed from a composite pose of descendants living here. The entire cost of the memorial is \$9,750, just \$250 less than was appropriated by the Legislature for the purpose.

300 POUNDS OF HONEY TAKEN FROM WINDOW FRAME OF HOUSE

Swarm of Bees Takes Possession at Unoccupied Dwelling at Mechanicsburg and Causes Annoyance to Neighbors

Special to the Telegraph
 Mechanicsburg, Pa., June 19. — The main street of Mechanicsburg has other houses which line this thoroughfare. For the past five or six years, bees have been busy at a window in an untenant brick house on the corner of East Main and North Arch streets, owned by Harry Leas. Heretofore the bees have had everything their own way, but complaints have been coming in from pedestrians and residents and an investigation was made. Yesterday the casing was removed from the box frame window and in the space was found over three hundred pounds of honey which the busy little insects had stored. This was removed and found a ready sale, but it is a question whether the bees will be allowed to remain.

Hughes Confers With Republican Committee Concerning Organization

By Associated Press
 New York, June 19. — Charles E. Hughes arrived here from Washington at 7:15 a. m. today with a subcommittee of the Republican National Committee of which W. Murray Crane is chairman, concerning the organization of the committee, including the election of a new chairman. The conference was called to meet at 2:30 p. m. in Mr. Hughes' temporary headquarters in a hotel.

It is understood Mr. Hughes has two or three men in mind whose names he will submit to the members of the committee for choice as chairman.

The Republican presidential nominee was accompanied from Washington only by his secretary. He leaves for Providence, R. I., at 5 p. m. today to attend his class reunion of Brown University. He will return to New York Thursday and remain until Saturday when he will go to spend the summer at Bridgehampton, L. I. Mr. Hughes will not return to Washington again before election. He would not discuss either politics or the Mexican situation this morning.

Before the subcommittee met, Mr. Crane called upon Mr. Hughes to learn his views as to who should be selected. These views Mr. Crane planned to place before the committee at the luncheon.

Acceptance Speech Will Sound Note of Challenge

Special to the Telegraph
 Washington, D. C., June 19. — In his speech of acceptance Charles Evans Hughes, Republican candidate for President, will make statements as

sharp and definite regarding his views on hyphenism and Americanism that those two issues will enter into the campaign only as aggressive Republican doctrines.

President Wilson's charge that there has been a conspiracy among the hyphenates to dominate American politics will have its direct answer from the Republican candidate.

Mr. Hughes, in the course of his two days' stay in Washington, has removed all doubts from the minds of his callers as to where he stands on the issues of Americanism and preparedness.

There will be no straddling in the Republican candidate's speech of acceptance. There will be a definiteness of statement that is certain to give complete satisfaction to Colonel Roosevelt.
