## LYKENS PLANS LIVELY FOURTH

P. O. S. of A. Will Manage Celebration, With Parade, Races and Band Concerts

Lykens, Pa., June 21.—The only place in the Upper End where the Fourth of July will be celebrated with a big time will be at Lykens. The Patriotic Order Sons of America drill team will manage the celebration, which will commence on the first day of July and continue until midnight of July 4. Five companies of reserves have been secured with four bands, two companies of Red Cross nurses, auxiliaries to the Patriotic Order Sons of America reserves, two companies of Modern Woodmen of America, drill teams and many other organizations. The celebration will open on Saturday, July 1, with a band concert. Plenty of amusements have been secured for the West Borough park during the entire celebration. Sunday afternoon there will be a sacred band concert at about 3 o'clock and the drill team members have announced that arrangements have been made for an open-air church service on Sunday night. Monday and Monday night will follow about the same program as Saturday, but Tuesday, July 4, will be a red letter day. The various events of the day are: Street parade, 10 a. m.; various races, with a track meet, and fun-making races such as the wheelbarrow, bag, potato, fat man's race, etc., at 1 p. m., for which prizes will be awarded. A sham battle will exceed any ever held in this country. Competitive drilling will be held between 4 and 5 p. m. and band concerts afternoon and evening. The following prizes have been decided upon: Best business men's float, \$15; best drilled team, \$10; largest body in line (this includes day schools, Sunday schools, factory employees or organizations), \$2.50; largest body uniformed men in line, \$5; and medals will be given for races. Drill companies will be in attendance from Crossen, Crossen, Minersville, Hummelstown, Millersburg, Williamsport, Llewellyn and many other places.

## FIRST ALFALFA IS NOW BEING CUT

Farmers Will Have a Fine Crop According to What Has Been Learned Here

The first cutting of alfalfa is now going on in Pennsylvania and farmers are reporting a fine crop to the Department of Agriculture. The acreage is increasing steadily each year. Caterpillars are said to have destroyed a portion of the apple crop in Bucks county, but farmers throughout the State generally report that the apple trees were more abundant with blossoms than for many years and indications point to almost an average crop which will be twenty per cent. more than last year.

June reports indicate that the peach yield throughout the State will be about sixty per cent. of an average crop and about seventy per cent. in the peach belt. Peach leaf curl is unusually prevalent in many sections of the State and fruit growers claim that the rains have severely interfered with the fertilization of the peach blossoms. A marked increase in the acreage of tobacco planted in Lancaster county and a corresponding decrease in the oats acreage are reported to the State bureau.

# Bring Smiles

New Post Toasties were perfected to overcome the defects of old-style corn flakes. And the hearty welcome they have received is ample proof that their superiority is recognized.

New Post Toasties have a self-developed, inner-flavor—the rich flavor of choice Indian corn. Try a handful dry—they're mighty good that way, and the test will prove that, unlike common flakes, they do not depend on cream and sugar for their palatability.

New Post Toasties do not "chaff" in the package, and they don't mush down in cream like common "corn flakes." The New Post Toasties are identified by tiny bubbles on each flake—produced by the quick, intense heat of the new process of manufacture, which also develops their wonderful new flavor.

Have your grocer send a package for to-morrow's breakfast.

# United States "Balanced" Tires

## One of the Five is Yours

No one tire will fit every motoring need of use and price.

That is why the United States Tire Company makes five tires—

'Nobby,' 'Chain,' 'Usco,' 'Royal Cord,' and 'Plain.'

Each will give from a little to a whole lot more mileage than other tires in its class.

Motorists buy, and re-buy, United States 'Balanced' Tires, because of—what?

Service—satisfactory service—mileage—value—least amount of trouble.

That's the reason that United States 'Balanced' Tires show such steady, consistent sales increases.

Ask the nearest United States Tire Dealer for your copy of the booklet, "Judging Tires," which tells how to find the particular tire to suit your needs.
