PNEUMONIA CAUSE OF MANY DEATHS

Figures Issued by Health Department Show Extent of Its Ravages in March

Pneumonia is shown to have taken an unusually heavy toll of deaths in the month of March, more than in any month in a long time, by the statistical report issued by the State Department of Health for the third month. There were 11,656 deaths in March, the highest number except for January in over a year. Of this number 1,735 came from pneumonia. Tuberculosis caused 1,045 deaths.

The reports also show 980 deaths due to Bright's disease, 542 to cancer, but only 55 to typhoid, 29 to scarlet fever and 139 to diphtheria. There were 636 deaths in early infancy. Seventy-four persons committed suicide, 109 were killed in mines, 137 died from railway injuries and 463 died from other forms of violence.

The population took a jump as usual, there being 19,833 births. This is next to December, which has over 20,000.

GIGANTIC PHONE JOB AT MT. GRETNA

Plant and Traffic Engineers Complete Work in Record Time in Emergency

The importance of Harrisburg as a center of activity in the telephone world was again demonstrated when it became apparent Monday morning that the Pennsylvania National Guard was to be mobilized at Mount Gretna. Orders were issued by division heads of The Bell Telephone Company of Pennsylvania in this city to mobilize forces an prepare for an emergency job of gigantic proportions. A few minutes after the orders were given, men and women were in motion gathering men and material with which to telephone the new city. Plant and traffic engineers began a survey of Mount Gretna and the ground between there and Lebanon to ascertain what additional facilities would be required.

Mount Gretna, a quiet little summer resoort with its comfortable cottages looking out from under the big shade trees, will within a few days spring into a busy city with an increase of more than 10,000 population, when the Pennsylvania National Guard assembles there to prepare to move to the Mexican border.

When the mobilization order was issued there was a one-position switchboard with twenty local subscribers' lines and three trunk circuits to Lebanon Eight and one-half miles of emergency cable were ordered from Harrisburg and Philadelphia to be erected between Mount Gretna and Lebanon to provide thirteen additional trunking circuits. Two sections of switchboard, 50,000 feet of line distributing material and a large consignment of telephone sets were ordered. One carload of cable was loaded at Philadelphia Monday night and sent out by express at 2 o'clock Tuesday morning, arriving at Lebanon at 6. Two gangs of linemen were sent to Lebanon from Reading Monday night and these men unloaded the cable upon its arrival, and by 9 in the morning had 9,000 feet of it erected. At 7:30 Tuesday morning three motor trucks left Harrisburg with cable, line material and a large gang of linemen, arriving at Mount Gretna at 10:30, and the work of erecting cable from that point began. Another truck loaded with cable left Harrisburg at 11 o'clock and one from Philadelphia at 4 with "loading coils," arriving at Mount Gretna at 2 in the afternoon.

Between Lebanon and Cornwall the cable was strung on the Bell Company's own pole line and from Cornwall to Mount Gretna—a distance of three and one-half miles—the pole line of the Cornwall and Lebanon Railroad Company was used. To get the material along this portion of the line, arrangements were made with the Cornwall and Lebanon Railroad Company to furnish an engine and flat cars, and in this way the material was unloaded at the desired points in quick time.

Direct Toll Circuits

Direct toll circuits will be provided between Mount Gretna, Lebanon, Harrisburg and Reading.

Orders were issued by Lieutenant Colonel L. V. Rausch to install telephones in the field headquarters of Major General Charles M. Clement, First, Second, Third and Fourth Brigade headquarters, artillery and cavalry headquarters, commissary and quartermaster's headquarters. In addition to the stations public telephones will be installed throughout various parts of the camp.

In spite of the fact that a job of such proportions under ordinary circumstances would require several weeks to complete, an official of The Bell Company stated that all cable and line work will be finished, switchboards will be installed, additional operators provided and everything ready for service by Thursday morning, June 22.

POLICE SLAYER FACING THE CHAIR

Lieutenant-Governor Says That the Application Does Not Appeal to Him

Emphatic declaration against applications made for clemency for men who shoot down officers of the law was given to-day at the session of the State Board of Pardons by Lieutenant-Governor McClain, chairman of the board, during the hearing of the case of Jacob Miller, sentenced to be electrocuted for killing two policemen in Philadelphia. The application was presented by the Rev. Father Cowle, who is connected with St. Francis de Sales Church.

The board will clear its two-day calendar late to-day and announce decisions to-night.

The Dauphin, Cumberland and Perry cases were presented last night, an evening session being held for the first time. The board heard some interesting cases in which laymen appeared in place of lawyers and in one case was informed by counsel for a convict that, contrary to the usual custom, he was in excellent health. In a Warren county case it was charged that the man who had killed the rascal who had broken up his home had acted in a premeditated manner. Mr. McClain observed that premeditation that protects the home is not so objectionable as the man who made the argument tried to make it appear.

Five Americans Hide in Mountains Fearing to Make Way to Border

El Paso, June 21. — Five Americans are in hiding in the mountains in the vicinity of Parral in Southern Chihuahua, fearing to attempt to make their way to the border, because of the feeling of the native populace, according to reports reaching here to-day.

With the exception of these five, the exodus of Americans from Chihuahua was practically complete to-day with the arrival of the eight remaining members of the colony in Chihuahua City. All of them told stories of a shortage of food and of increasing anti-American sentiment.

Much interest was aroused among El Pasoans, many of whom have large holdings in Mexico, in dispatches received from Mexico City at the local Mexican consulate. These said, in substance, that a decree had been issued by the de facto government holding that any foreigner acquiring real estate in Mexico, either by purchase or contract, must renounce first his allegience to his native country and register himself as a Mexican citizen.

It further ordered that any person seeking to transfer his property to a foreigner must obtain permission from the proper authorities.

Sentiment on the border is tense and Carranza's reception of the American reply to his latest note is anxiously awaited. Persistent rumors were current again in El Paso that scouting patrols of General Pershing's expeditionary command had been attacked south of Namiquipa by Carranza forces but General George Bell, Jr., commanding the military district, said nothing in dispatches he had received tended to support these rumors.

The movement of the troops will start from Harrisburg on Saturday. The schedule calls for the Eighth regiment's entraining at 11 o'clock in the morning. Pittsburgh Has Regiment Ready to Respond to First Volunteer Call

By Associated Press

Pittsburgh, Pa., June 21.—Recruiting for the regiment being formed by the Pittsburgh military training association, the local Plattsburg contingent began to-day under the direction of a committee of Plattsburg veterans headed by Major C. USING UP VITALITY

The struggle for success uses up vitality in America at a greater rate than any other thing. Fighting to keep away from the poor-house we shorten the distance to the grave.

Especially in middle age, at forty or thereabouts, do we become impressed with the necessity of laying up a competence and with that feeling in time comes worry, nervous breakdown, neurasthenia. The entire system feels the result of the nervous strain. The digestion resents things that it accepted before, the heart palpitates on slight exertion, the muscles of the back ache after a day's work. Your blood is thinner and not so bright a red.

When these things occur, whether you are fourteen or forty, you need a tonic. Dr. Williams' Pink Pills suit most people's need because they are non-alcoholic and they really build up the blood and strengthen the nerves. They are useful for growing children and for men and women whose nervous energy has been overtaxed.

Your druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes $2.50 by the Dr. Williams Medicine Co., Schenectady, N. Y. Write today for free booklets on the blood and nerves.

Old Glory Floats From Homes and Buildings

The stirring days of 1898 and even those eventful times of '61 were recalled by old residents of Harrisburg when they walked or rode through the business section to-day.

Over practically every building in the downtown district the Stars and Stripes were whipped to the breeze and from nearly every window of Market street buildings flags floated.

Never since those day in '61 and again in '98 did this city respond so heartily to a Mayor's call for a general display of colors, as it did to Mayor E. S. Meals' request of yesterday.

SCALE ON SCALP TWELVE YEARS

Itching Was So Intense Obliged to Scratch. Then Would Pain. Hair Came Out.

HEALED BY CUTICURA SOAP AND OINTMENT

"My trouble began with a heavy scale on my scalp which lasted for about twelve years. At times it would disappear for a few months, then it would appear again and every time it seemed more severe. The itching was so intense that I was obliged to scratch and then it would pain. My hair came out and I would pick the scales off my scalp. At times I was unable to sleep.

"I saw a Cuticura Soap and Ointment advertisement and I sent for a free sample. It seemed to benefit me so much I bought more and in a short time I was healed." (Signed) Mrs. Grace M. Sterner, R. D. 4, Box 21, Pottstown, Pa., July 15, 1915.
