Break in Tennessee Copper Precipitates Attack in

New York, June 23.—Encouraged by the break in Tennessee Copper, the short interests began a series of attacks upon other vulnerable issues. Industrial Alcohol fell precipitately adding 5 points to yesterday's loss of 7 and other specialties, including some of the prominent munitions, motors. Reading also weakened on large offerings, carrying other easoned stocks with it, the list in general being at lowest levels of the current movement. Buying orders checked the deciline, but heavy selling of Marine Preferred and American Can again unsettled the market. Bonds were lower with a sale of Mexican government 5s at 45 against sixty last February.
