Mass. Guardsmen Who Refused to Take Oath Are First National Guardsmen Summoned Back to Camp

By Associated Press

By Associated Press Boston. Mass., June 29.—Adjutant General Cole announced that he had received a communication from the War Department notifying him that discharges granted members of the militia who refused to take the Fed-eral oath or members with dependent families were illegal. The communi-cation called attention to a section of the law which provides that a militia-man who refuses to be mustered into the Federal service upon demand of the President shall be subject to court-martial. General Coje said that between 500

General Cole said that between 500 and 800 men had refused to take the oath. In view of the War Depart-ment's interpretation of the statute, he said that he would order all militia-men who had returned to their homes to report again at Camp Framingham.

### COMPELLED TO FIGHT

By Associated Press By Associated Press Madrid, June 29. — The Mexican legation has given out a dispatch re-ceived from Mexico City stating that in a report to the minister of war Gen-eral Trevino categorically denies that the encounter at Carrizal was pro-voked by the Mexicans. The general affirms that notwithstanding his re-peated protests the Americans con-tinued their advance into Mexican ter-ritory until the Mexican troops were compelled to oppose the foreigners by force.

# Troops Will Have Every Protection Afforded by Science and Forethought

Washington, D. C., June 29.—Those who have sons, husbands or sweet-hearts called to the colors with the national guard are promised in a state-ment issued to-day by the army medi-cal department that there will be no repetition of Spanish War health con-ditions among the troops and that the men will have every protection af-forded by science, forethought and money.

The statement points out that typhold fever, the chief enemy of sol-diers in 1898, has been virtually elimi-nated and vast strides have been made in controlling other diseases.

The statement declares world stand-ards in sanitation have been set by the army medical service and that in point of supplies it is the best equipped division of the army.

New York, June 29.—Twenty thou-sand national guardsmen are now on their way to the Mexican border from the Department of the East and 40,000 others are encamped awaiting orders, Major-General Leonard Wood, United States Army, announced to-day. General Wood said that many of the troops at concentration camps cannot be moved for the present because they are either unprepared or unequipped. He cited as examples Battery F of the Connecticut Field Artillery and a bat-tery in Baltimore, both of which, he said, he had to-day ordered to Toby-hanna, P.a., where they are to receive instructions under United States Army officers until they are considered quali-fied to start as artillery units for the border.
