LOCAL THEATERS

LOCAL THEATERS Everyone experiences a thrill of pleasure at seeing him or herself on the moving pic-second seeing him or herself on the screen, and pletures at Majestic screen, where the Patriot-Wilmer-Vin-cont Pictures of the Harrisburg Soldier Boys are being shown the last half of this week, if you stood in line with the thousands of others to witness the wonderful parade last Saturday. Even should you fail to see yourself, you can, at least, pick out some of your friends here and there in that huge gathering. The pictures show the boys preparing for war, executing maneuvers, being mustered into service and bidding fare-well to relatives and friends. The regular five acts of vaudeville, headed by the dramatic sketch entited, "Mead-owbrook Lane," are being given along with these pictures.

Gordon and Day are presenting a comedy act at the park theater that is in a class by itself. Some The Show might term it a bicycle at Paxtang stunt. although the wheels are but a sec-ondary consideration. So is the gro-tesque antics of the tramp comedian, Mr. Gordon, that puts this act in the headline class. Evlyn May and com-pany are offering one of those delight-ful little comedy sketches, entitled "Much At Home." A surprise finish makes Miss May's act a decided nov-elty among the various one-act plays on the vauleville stage. Three other acts of standard caliber complete a most of standard caliber to give the plassing performand. A ringemente fireworks display at the park for-mor-row evening. In order to give the spark freworks program plenty of va-riety. Manager Davis has ordered changes made in set-pieces and aerial stuff at each exhibition.

# Seven Per Cent Increase

in wages has been granted the coal miners.

They are also working an eight-hour day instead of nine hours.

This change from nine to eight hours reduces by 121/2 per cent. the amount of labor expected for a certain sum. It also increases wages by a proportionate amount.

The Compensation Insurance Act and the great increase in the cost of mining supplies further adds to the expenses of producing coal.

For these reasons coal prices have advanced about 7 per cent.

## Prices Now 30c Per Ton Lower

than will be charged next winter.

By engaging your supply now you are able to save 30c on every ton required for next winter.

Better have your coal bins filled while you are thinking about it.
