

CARRANZA REPORTED TO SEE NO WAY TO AVOID WAR WITH U. S.

IS DETERMINED TO BACK UP HIS ATTACK ORDER

Will Stand by Command Given to General Trevino to Fire on American Cavalrymen if They Move in Any Direction Except Toward Border; Word Comes in Private Message From Reliable Source

DEFIANT FACTION OF MEXICAN CABINET WANTS IMMEDIATE WITHDRAWAL OF TROOPS

Desires to Include in American Request For Statement of Intentions New Demand For Recall of All United States Soldiers Now on Mexican Soil at Once

Washington, June 30.—Private advices reaching Washington from a reliable source in Mexico City to-day said General Carranza and his advisers had determined to stand by orders to General Trevino to attack American troops in Mexico moving in any direction except toward the border, and that no way was seen to avoid a break with the United States.

URGENT IMMEDIATE WITHDRAWAL A faction of the Mexican cabinet, it was said, was urging an even more defiant attitude and wanted to include in the reply to the American request for a statement of intentions, a new demand for immediate withdrawal of all United States troops now on Mexican soil.

The advices did not indicate when the response from Carranza might be expected. The last word on the subject to the State Department came in a message from Special Agent Rodgers, who said he expected the note to be handed him Wednesday night.

Rush Military Preparations When President Wilson met with his cabinet to-day just before leaving for New York to deliver an address, the unfavorable private reports had not reached him and there were practically no developments in the Mexican crisis to be considered. Military preparations are being rushed to completion, however, but diplomatically there is nothing to be done until Carranza's reply is received or it becomes apparent that he will not respond within a reasonable time.

Growing Impatient at Delay Eliseo Arredondo, the Mexican ambassador designate, called on Mr. Lansing early in the day to communicate formally the information.

SAYS ARMS WILL BE USED AGAINST US

MRS NELSON O'SHAUGHNESSY. © 1916 HARPER & BROS

New York, June 30.—"All the arms that we have sold or that were smuggled into Mexico, ostensibly to kill Huerta will be used against our own men. Every one who knew anything about the conditions in Mexico knew that it was a bad thing to do. They did not wish the arms. The bandits first used the arms to fight against each other and now our turn comes. Our men will not have pitched battles as they have abroad, but they will be sniped off two or three here and three or four there. It will be a guerrilla warfare of the worst kind, and the men will die of all kinds of diseases." Thus Mrs. Nelson O'Shaughnessy, wife of the former American Charge d'Affairs at Mexico City, to-day summarized conditions that will confront United States troops entering Mexico. Her views were given at a meeting of the Woman's Supply Committee of the American Defense Society, at the Coterie Club.

[By International News Service] Mexico City, Mex., June 30 (Via Galveston, Texas).—The following statement was given out early to-day by the Department of Foreign Relations of the Constitutional government as representing in fact its views on the United States reply to Carranza's note requesting the immediate withdrawal of troops from the Mexican territory. Parts follow: "It seems strange that the Department of State should show surprise and disappointment for the tone and character of the note of the 22nd of May which it calls discourteous when the very same Department of State has sent to the Constitutionalist gov-

Telegraph Pictures of Mt. Gretna Camp Attract Attention

The fund for the relief of soldiers' families is being greatly augmented to-day by the great crowds that have been thronging the Victoria Theater to see the Telegraph's Camp Brumbaugh motion pictures. The more than 1,200 feet of film shows camp life in every detail and the audience displays great enthusiasm when the figures of Harrisburg lads fit across the screen. The pictures were made by J. A. Buchanan, of the United States Company, one of the best news photo men in the country, and are as clear as any ever shown in this city. They will be shown this evening and 10 per cent. of the receipts at all performances will go to the soldiers' relief fund. The Telegraph receives no money from this enterprise. The pictures were made because this newspaper believed people unable to get to camp would like to have a glimpse of how Harrisburg boys and other Pennsylvania troops live there.

Telegraph's Picnic Pictures at Majestic

Hundreds of little folks and their parents saw the moving pictures of the Telegraph school outing at Paxtang park shown at the Majestic theater yesterday. The pictures show Governor Brumbaugh, Marjorie Sterrett, the "battleship girl," and numerous picnic scenes. The films will be on the program to-day and to-morrow.

Plan to Meet Treasury Deficit Is Up in Air

Washington, D. C., June 30.—Despite attempts to reach an agreement at a conference between Representative McAdoo, chairman of the Ways and Means Committee of the House and Secretary of the Treasury McAdoo, the administration is still without any definite revenue raising program. The Secretary of the Treasury and the Democratic leader were in conference for a considerable time, but both officials admitted afterward that there had been no agreement upon an issuance of Panama Canal bonds to meet the prospective deficit in the Treasury.

There is a dispute between the Ways and Means Committee of the House on the one side and the Secretary of the Treasury on the other as to whether an issue of bonds will be necessary. Mr. McAdoo told Representative Kitchener that there was a considerable surplus in the treasury and that there would be \$150,000,000 on hand at the end of the present fiscal year after the income and other taxes had been received.

Demands of Revolutionists Are Met by Li Yuan Hung

Peking, June 30.—President Li Yuan Hung in a mandate issued to-day proclaimed the restoration of the Nanking provisional constitution which was demanded by the revolutionists and ordered the Parliament disbanded by Yuan Shi Kai in 1913 re-convened August 1. The mandate appoints Tuan Chi Jui premier. The president in his mandate declares that the lack of a permanent constitution has been responsible for China's troubles and orders the parliament to make a permanent constitution without delay. The mandate meets virtually all the demands of the revolutionists, although their opposition to Yuan Chi Jui is still bitter.

Hutchison Sends Thanks; Many Tents Falling as Troops Prepare to Leave

Special to the Telegraph Camp Brumbaugh, Mt. Gretna, Pa., June 30.—Because the Eighth Regiment, of which Companies D and I are a part, will not reach physical examination before Sunday or Monday, it is believed the Fourth Brigade will not be moved from Mt. Gretna before the middle of next week. The Eighth is in good health and had one of the best reports in camp to-day. Its rookies are being rapidly drilled into shape and despite a drizzling rain that fell on Camp Brumbaugh to-day the officers had them out on practice marches about the camp and doing drills most of the day. Most of the recruits are now in uniform and the whole Eighth will be unimpaired and for the most part fully equipped before it moves. General Hutchison sent a message

U-Boat Courier Astray in Great Salt Lake, May Take It or Leave It

Special to the Telegraph Salt Lake, Utah, June 30.—Bathers at Saltair Beach were thrown into a panic yesterday afternoon when an object resembling a shark's fin was seen moving swiftly through the waters of the Great Salt Lake. Fear changed to amazement when a few minutes later the upper works and finally the deck of a submarine revealed themselves. Above the hatchway arose a burly form, and through a megaphone came the hoarse inquiry: "Is it New York?" "Mein Gott!" was all that was heard as the submarine quickly disappeared beneath the waves. Local scientists believe that through this incident the long dispute over the outlet to the Great Salt Lake will be

NO SPOT FOR MURDER

Waukegan, Ill., June 30.—Testimony that the spot in Helm's wood where Marion Lambert died of poison was in full view of an interurban railway station and therefore never would have been selected for a deliberately planned murder was given to-day by Gale M. Brooks, a civil engineer, in the trial of Will H. Orpet, charged with the murder of Miss Lambert.

REMPER UP-HELD, MAY GO TO 8TH REGIMENT

Harrisburg.—Sensational stories of friction between Captain James B. Kemper, chief mustering officer for the Regular Army, and officers of the Guard at Mt. Gretna, were set at rest to-day when General Wood called Captain Kemper on the long distance phone and up-held the course of Kemper in every detail. At the same time Colonel Simpson, of the Regulars, wired General Clement for details and General Clement wired back that there is no friction. He said the newspaper reports had been sensational and untrue and declared that Kemper and the Guard officers are working in perfect harmony. At the same time Colonel Finney, of the Eighth Regiment, came to headquarters with a renewal of the request that Kemper be made lieutenant colonel of the Eighth.

DOUBLE-HEADER FOR TOMORROW

Railroad Sluggers and League Nines to Share Honors on Island Diamond

Harrisburg baseball fans will be treated to two big league games on the Island grounds to-morrow afternoon when the Harrisburg Motive Power team will meet the New York Motive Power team in the Pennsylvania Railroad League and George Cockhill's New York State Leaguers will meet Bill Coughlin's hustling Scranton club. The arrangements for the double-header were completed this morning when the officials of the Motive Power Club very graciously waived their prior claim on the island grounds and agreed to stage the big double-header that would give the two leading league clubs of the city a chance to show. The game between the New York and Harrisburg railroad teams will start at 2 o'clock and great interest centers in this match as the Harrisburg club is now tied with Trenton for first place and the New Yorkers have an exceptionally strong club. The shop men will turn out in great number to root for the local club. Additional interest centers in the Scranton-Harrisburg game as the railroad boys are strong boosters for Manager Cockhill and his charges and are anxious to have him get his club in the New York State League race for the first division. The professional league same will follow the railroad contest and one admission will be accepted for both contests.

Murderer of Four Men Dies in Electric Chair

Sing Sing, June 30.—Cresta Shillitani was executed in the State prison this morning for the murder three years ago of two New York policemen who were attempting to arrest him for killing a third man in a quarrel about a girl. Shillitani made no pretense of insanity during his trial but became apparently crazed with terror in the death house a few weeks ago when two other prisoners were executed. A week ago he obtained possession of a revolver, shot one of the keepers in the death house and wounded another and escaped but was recaptured.
