STEELTON AND NEARBY TOWNS

JOHN E. ERICSON GOES TO BOSTON

Supervisor of Improvements Becomes Associated With Consulting Engineers

John E. Ericson, supervisor of improvements at the Pennsylvania Steel Company, with which plant he has been connected for years, will leave his present position on Wednesday, July 5 to take up his duties as Industrial Engineer for the Clinton H. Scovell Company, in Boston.

The Scovell Company is a large concern of consulting engineers, with offices in Boston, New York, Chicago and Springfield, Mass. Mr. Ericson's specific duties will be along the lines of scientific management and industrial efficiency. He will take up his work in Boston on July 17.

It is said that Silas A. Hazen, a recent graduate of the Stevens Institute of Technology, will be Ericson's successor, although the appointment has not as yet been confirmed.

ANNIE MAHOVIC DIES Annie Mahovic died of tuberculosis at her home, New Brighton, Wednesday. The body, which arrived in the borough this morning, was taken to the home of her brother-in-law, Mato Mahovic, 250 Main street. Funeral services will be held in St. Mary's Catholic Church to-morrow morning at 9 o'clock. Burial will be made in Mt. Calvary cemetery.

Pass Examinations--John W. Poir and Howard L. Peters, two Steelton graduates of the Philadelphia School of Pharmacy, have been notified that both have successfully passed the examinations held by the State Pharmaceutical Board, June 9.

BURGESS BANS ALL FIREWORKS

Instructs Policemen to Arrest Anyone Who Sells Explosives

Burgess Wigfield last evening instructed Chief Longaker and the patrolmen under him to see that all the ordinances relative to the sale and use of fireworks in the borough were complied with and to place under arrest any person not complying with the law.

The ordinance to provide for a "safe and sane" Fourth of July was passed several years ago and prohibits the sale or discharging of any gun, revolver, small cannon or other device used for making great noises with gun powder or firecrackers in any size. Certain dangerous fireworks are also prohibited. On conviction of having broken this ordinance, the offender can be fined from a minimum of \$5 to a maximum of \$10.

A diversion of the foreigners which was brought to the attention of the borough police department recently was the placing of dynamite firecrackers in empty beer bottles and igniting them. When the cracker exploded the glass bottle would be broken into small bits, and these sharp and dangerous pieces of glass would be hurled in all directions, creating a condition in which human life was not safe. This is one of the forbidden pastimes.

PATRONS SHAVE THEMSELVES IN NOVEL BARBER SHOP A barberless barber shop was opened recently in Chicago. In this new shaving parlor each patron shaves himself. He is assigned to a booth in which he finds soap, razors, brushes, towels, powder, toilet lotions--in fact everything with which to give himself a good shave. There is little or no waiting in this shop and no one is eligible for tips. From the July Popular Mechanics Magazine.

BETHLEHEM DEAL DECLARED LEGAL

Judge Relstab Dismisses Complaint of Stockholders and Sale Goes Through

Philadelphia, June 30. -- Judge McPherson, in the United States Court of Appeals, to-day refused to interfere with the plan of the Bethlehem Steel Company to purchase the assets of the Pennsylvania Steel Company of New Jersey, a holding corporation, and its subsidiaries, mainly the Pennsylvania Steel Company plants at Steelton and Lebanon and the Maryland Steel Company plant at Sparrows Point, Md.

The decision was given in the appeal of Clarence H. Verner, of New York, a stockholder, who charges that the proposed consolidation violates the Federal antitrust law and the New Jersey law known as the seven sisters acts. The proposed sale involves the payment of \$31,941,620.

In rendering a verbal opinion Judge McPherson said the only evidence before him was an ex parte statement and that further evidence would be necessary before a final decision could be rendered.

CHILD HURT James Hamilton, aged 18 months, of South Second street, was hurt yesterday while playing about the Pennsylvania Steel plant, when a piece of steel struck his eye. He was taken to the Harrisburg Hospital where the steel was removed.

military service during the Mexican trouble, will be paid. The following officers were elected last night. Chancellor commander, H. R. Kupp; vice-chancellor, W. A. Shipper; master-at-arms, Herbert Fries; inner guard, C. A. Lyeve; prelate, H. B. Smith; financial secretary, A. V. Marks; secretary, William Dillow; trustee, F. M. Kenney; outer guard, H. I. Keim; keeper and paraphernalia, Harvey Folkers; treasurer, C. W. Thompson; representative to grand lodge, Ross O. Eisenberg.

To Lead C. E. Meeting. -- The Rev. G. N. Lauffer will have charge of the C. E. meeting in the St. John's Lutheran church at 7:30 o'clock this evening. More Than 1000 at Picnic. -- More than 1,000 persons attended the union Sunday school picnic at Hershey Park yesterday. More than 900 left on the special cars, while many others went in autos.

Plan Canoe Trip. -- Raymond Suddam, Locust street, and Ernest Sheffer of Dauphin, left to-day for Cooperstown, N. Y., where they will start on Monday on a canoe trip down the Susquehanna river from its source. The canoeists will cover about 430 miles.

Eddie May Have Seen Flash of a Gun, but Never Even Saw Rabbit

Panting for breath and almost exhausted, Edward Washington, better known to hundreds of Steelton folks as just plain "Eddie," took one long, hard sprint and toppled over in a heap on the doorstep at his home on the Keiker farm, near town, shortly before midnight last night.

Revived by his wife, "Eddie" tremblingly told substantially this story: "Ah left McCurdy's 'bout 10 o'clock. As ah was goin' through dat woods down there at Pine street, something like lightnin' flashed right into mah face.

"Maybe I was scared some, fo' ah ran. Wy, sah, how ah did run. 'Bout a hundred yards farther on another light flashed right in mah face 'n' I put on mo' speed. Ah hadn't went mo' than fifty feet when another light flashed, something big grabbed at mah head and a gun went off right 'side mah ear.

SHOULD THINK OF TROOPS IN FIELD

Governor's Fourth of July Proclamation Is Followed by Statement

Following his Fourth of July proclamation yesterday, Governor Brumbaugh in the accompanying official statement gave his approval to the decision of the State Commission in charge not to hold Fourth of July exercises at Valley Forge this year.

"It is eminently fitting that the State Commission having in charge the important and patriotic services at Valley Forge last year should decide not to hold any exercises there on this important national anniversary. The war clouds that hang heavily over our own country, as well as over Europe amply justify the committee in rightly sensing the patriotic spirit of the occasion and asking all good citizens of the Commonwealth and of the country at large to think on this Fourth of July of our troops now mobilized at Mount Gretna, ready to answer their country's call and to hold the same commanding way that their forefathers served it at Valley Forge.

The commission rightly sensing the patriotic importance of the day, have transferred the thought of the Commonwealth from the historic scenes that shall linger long and remain forever sacred about Valley Forge to the immediate human call of the living patriotism that is being so splendidly amplified on the hills at Mount Gretna.

Let our people on the Fourth of July use their utmost endeavor everywhere to build up that high spirit of patriotism, lofty devotion to duty, and unselfish service to our country, which will support and make as agreeable as possible the heroic service of these men now gathered voluntarily to serve the country in whatever way its government may direct.

Capitol Holiday. -- Most of the departments on the Hill will close Monday and Tuesday in celebration of the Fourth of July. The Adjutant-General's Department will be among those continuing at full speed, however.

Repairing Roads. -- The roads at Mt. Gretna will be in excellent shape for the Sunday traffic, according to the State Highway Department. One hundred men are at work on repairs and will continue on the job to-night and to-morrow night, if necessary, in order to have everything in readiness for the Sunday influx of automobilists.

Railroads Apply. -- Three applications for incorporation were received by the Public Service Commission this morning, including the Wheeling and Eastern Railroad Company, the Wheeling Coal Railroad Company and the Wheeling, Pittsburgh and Baltimore Railroad Company, desiring a municipal charter in the borough of Homestead. Light companies in Lawrence and Mercer counties to the number of sixteen are incorporated were approved by the commission. The hearing on the discrimination of freight rates alleged by the Pittsburgh Coal Operators' Association was continued.

Public Service Hearings. -- On July 7 are scheduled the hearings on the Wilkes-Barre jitney applications. Likewise, on that date the Pittsburgh Electric Company vs. the Baltimore & Ohio Railroad Company on a rate case.

A complaint was filed with the Public Service Commission by the Central Pennsylvania Lumber Company of Williamsport against the Buffalo and Susquehanna Railway Corporation alleging overcharge of \$32.24 on three shipments of lumber made in Potter county and by the Allegheny Lumber Company at McKees Rocks.

J. C. Easley in Town. -- J. C. Easley, manager and editor of the Sunbury Daily, is visiting in town. Ed. Dailly, of the State Health Department.

Compensation Decisions. -- Under a decision of the Workmen's Compensation Board, handed down here to-day, Andy Parfay, Pittsburgh, injured while going to his work in the mills of the Jones & Laughlin Steel company, and while crossing a railroad owned by the employing company, is entitled to benefits under the law amounting to \$32.11.

The board declines to interfere in the award made by Referee Snyder in the case arising out of the claim of J. A. Kephart, Rockhill furnace, as a result of his son, A. L. Kephart, killed in the employ of the Pennsylvania Steel and Coke Company. Kephart claims he was dependent upon his son for assistance and the board upholds the contention.

Tells of Plans For Formation of DuPont Co.

Wilmington, Del., June 30. -- The trial of the case of J. P. DuPont and others against the DuPont Company over the sale of T. Coleman DuPont's stock was resumed in the United States district court before Judge Thompson this morning at 11 o'clock.

Alfred I. DuPont resumed the stand and in response to questions by Attorney Glasgow, detailed the plans for the formation of a new company, with which he was to have been associated as a stockholder. Mr. Glasgow also offered a letter written by Alfred I. DuPont to his associates in the contest protesting against payment of dividends by the company of the stock taken over from Coleman DuPont.

Mr. Glasgow after offering in evidence a paragraph from the minutes of the DuPont Company directors' meeting in which the T. C. DuPont offer of 20,000 shares of stock at \$169 was considered too high, with \$125 per share stated to be sufficient, offered Pierre S. DuPont's letter to the directors, asking for the removal of Alfred I. DuPont from the directorate.

COOKS AND WAITERS STRIKE El Paso, Texas, June 30. -- The strike of car men which yesterday crippled El Paso's street car service and re-began today was reported to-day as followed by a sympathetic strike of the cooks and waiters' union. It was said that the union chauffeurs intended to strike unless a wage increase is granted.

MEXICAN BONDS DROP New York, June 30. -- A sale of Mexican government four per cent. debenture bonds was reported on the Stock Exchange to-day at 27 1/2, a decline of 2 1/2 points from the last previous sale in February. Only a few days ago a small lot of Mexican 5s bonded bonds was reported at 25 points. The abnormal depreciation in these bonds is ascribed to the Mexican situation.

WORTHY CLOTHES

FLAMING LIQUIDS USED BY GERMANS

[Continued From First Page] Ited counter attack ultimately drove them out of the Russian lines used freely by the Germans in their attacks on the principal French salients.

British Front Active Lively engagements chiefly between the opposing artillery forces and patrol detachments continue along the British front and large sections of the French line south to the Argonne. The Germans are displaying more activity in these operations, apparently endeavoring to wrest the initiative from the Franco-British forces.

Russian forces which have been struggling with the Turks on the Persian frontier of Mesopotamia, north-east of Baghdad, have been defeated in an attack on Turkish positions near Serail and compelled to withdraw toward the southeast, according to Constantinople.

Press Close to Kolomea That the Russians are slowly but surely closing in on Kolomea, Galicia, is shown by both the Russian and Austrian official reports last night. Heavy battles are proceeding east of this important railroad junction, in which the Russians have captured three lines of Austrian trenches, compelling the Austrians to retire their lines southward.

Kolomea is now closely pressed both from the north and east, while to the southeast the Russian occupation of Kimpoling, in Bukovina, opens all routes into Hungary.

The Austrian statement says that massed Russian attacks over a front of 40 kilometres, in the region east of Kolomea, led to stubborn battles and hand-to-hand fighting. In the fighting, after Austrian reserves had been hastily brought up, the superior forces of the Russians were repulsed, but in the evening the Austrians were compelled to retire on a part of the front of Kolomea and southward.

Report Kaiser Personally Massing Men on Kovel Front For Drive Against Russ

London, June 30. -- In a special to the London Times its correspondent at Lutzk says: As the retreat from Warsaw was a reverse, so at Lutzk to-day there is a similar spectacle of the Muscovite armies advancing, but all are filled with high hopes, and their morale is of the highest. There is a remarkable improvement in organization and transport.

Troops coming from Germany are rendering the Russian advance difficult by vigorous counter-attacks, and the results on this front probably depend purely upon the German capacity to concentrate overpowering masses of troops against the Russians. Yet it seems safe to assume, even if this happens, that any possible German advance will cost incalculable losses.

Each day brings new gossip of troops coming from other theaters of operations. I was informed to-day from a credible source that the first installment of Prussian guards is arriving at Kovel, where the balance is expected to arrive in a few days. It is reported that the Kaiser himself is at that point and that the Germans, not content with holding up the Russian advance, are planning every effort to accumulate troops and bring up heavy guns for one of their characteristic drives.

Casualties Among British Officers For Month, 1,601; Losses in War, 27,905

London, June 18 (correspondence of Associated Press). -- Casualties among officers in the British army continue to pile up. Published lists for the month of May show that 466 were killed, 1,080 wounded and 13 missing--a total of 1,601. This brings the aggregate losses since the com-

menement of the war to 27,905, of whom 8,574 were killed or died of wounds, 17,424 were wounded and 1,907 are missing.

Losses during the month have been heaviest in the Indian contingent in Mesopotamia with 48 killed and 107 wounded. Canadians lost 33 killed and 80 wounded; field artillery, 19 killed, 60 wounded; Lancashire, 25 killed, 41 wounded; Austrians, 27 killed, 41 wounded; Australians, 27 killed, 36 wounded, 11 missing; engineers, 12 killed, 43 wounded; York-shires, 14 killed, 28 wounded.

Among officers of high rank Brigadiers-General Hoghton, Heyworth, Rice and Morrison were killed or died of wounds; three other brigadiers-general were wounded and eleven lieutenant-colonels were killed.

Senate May Ask Stay of Execution of Casement

Washington, June 30. -- A resolution requesting the President to ask the British government for a stay of the execution of Sir Roger Casement, the Irish leader, convicted of treason yesterday in London, pending presentation of new facts was introduced in the Senate to-day by Senator Martine, of New Jersey. Immediate consideration was sought, but on insistence of Senator Stone, it was referred to the Foreign Relations Committee.

Third Hanging in 53 Years at Hagerstown

Hagerstown, Md., June 30. -- The third hanging in this county in fifty-three years took place at 7:54 o'clock this morning when John Brown, a negro, was executed for murdering Mrs. Susan Dixon, an aged white woman, at Mount Briar, last Christmas evening. Sheriff Isaac Long, sprung the trap and Brown was pronounced dead at 8:16 o'clock by Dr. W. B. Morrison, the jail physician.

EXCESSIVE MEAT EATING

Most people who are troubled with flatulency eat more meat than is good for them. Flatulency is wind on the stomach. Excessive meat eating or defective nerve force is responsible in most cases.

Cutting down the amount of meat in your diet and taking a course of treatment with Dr. Williams' Pink Pills to strengthen the weak nerves that control the digestive processes is well worth trying if you have wind on the stomach, sour risings in the throat, a feeling of weakness in the stomach and palpitation of the heart. Dr. Williams' Pink Pills are recommended for thin blood and weak nerves, whatever the cause.

Send today to the Dr. Williams' Medicine Co., Schenectady, N. Y., for the diet book "What to Eat and How to Eat." It gives information regarding the tonic treatment for many forms of stomach trouble. There cannot be perfect digestion without a sufficient supply of red blood and there is nothing better than Dr. Williams' Pink Pills to enrich the blood and tone up the stomach.

Your own druggist sells Dr. Williams' Pink Pills or they will be mailed, post-paid, on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams' Medicine Co., Schenectady, N. Y.
