

FIGHT BILL OFF BECAUSE OF WAR

Joe Hefferman Enlists; Empire Members Refuse to Take Substitute at This Time

Members of the Empire Athletic Association have decided to call off the fight bill for Tuesday, July 4. This decision was reached at a special meeting held at Hotel Columbus.

It was said yesterday that the new club proposes to keep faith with the local patrons. While it would have been possible to secure a man to meet McCann, the time was too short for training, and in the opinion of the members it would have been unfair to hand up a one-sided battle as a windup feature.

The announcement made some time ago was that no substitute would be allowed unless there were good reasons and time for the substitute to get in shape.

No plans will be considered for any entertainments during the summer. The fall season will open with an elaborate bill, on which work has started.

Weight Not Reduced Perceptibly on Old Tires

"As a result of tests recently made in our factories it has been definitely ascertained that the actual difference in weight of new tires and those which have gone to the scrap heap is very slight indeed," says F. A. Mosher, local manager Flisk Rubber company.

In other words tires scarcely wear away at all during their entire period of use unless wheels are out of alignment or some other unnatural cause exists.

"The reason for a termination of a tire's usefulness, therefore, lies elsewhere than in the composition, formation or thickness of its tread.

"The real strength of a tire lies in the fabric of which it is composed and the positions occupied by the various strands of the fabric in relation to one another.

"The pneumatic tire has been developed to such an extent that with proper care the mileage obtained will be sufficient to satisfactorily lower tire expense."

72 Buyers From One State Drive Cars From Factory

"I believe the record 'drive away' both for number of cars and distance traveled was engineered by J. J. Simmons, of the Simmons Motor Company, Chicago, last week," says George S. Waite, of the Grant Motor Car Corporation.

"Simmons kept the wires, both telephone and telegraph, busy for several days endeavoring to get a train load of 1917 Grant Sixes, but owing to the freight car shortage, we simply could not take care of him.

"The cars were turned over to him of course and at one o'clock sharp the caravan headed from Flint, Mich., for Chicago, arriving there the following afternoon with every car showing a perfect score.

"The first Packard built seventeen years ago was a very interesting entry in the National Advertising Convention Pageant in Philadelphia last Monday night. This float was also accompanied by another float showing a Packard Twin-Six Landaulet as a type of the first 12 cylinder car manufactured in America.

"The first Packard is a single cylinder and is still a usable machine. It has also been on exhibition at the sales room of the Packard Philadelphia branch where it has been attracting considerable attention.

Time Payment Plan

No need to wait any longer. Get your new car now. No need now to dig deep into your savings or to scrimp for months in order to pay for your car in one lump sum.

You can now get any Overland or Willys-Knight Car for a small payment down. Then you can pay the balance monthly—a little at a time.

That in a word is the "GUARANTY PLAN" — a thoroughly organized, financially sound system of time payments to help people buy Overland or Willys-Knight Cars.

The "GUARANTY PLAN" is one which we can heartily recommend to all.

Come in right away, learn all about it and pick out your car. It's just the sort of plan everyone has been waiting for.

And now it's here—an accomplished fact. Of course there'll be a rush to take advantage of it.

So don't wait until we're slowed up on deliveries. Get your order in now—specify immediate or later delivery as you wish, but make sure of your car to-day.
