

LOCAL MEN TO GO TO PLATTSBURG

Score or More of Rookies From Business and Scholastic Field

While Harrisburg was represented, at the military training camps at Plattsburg by only three rookies last summer, the Mexican situation this year has called out the young men in greater numbers and between twenty and thirty are known to have made application for admission to the July and August camps.

Two camps will be run parallel to one another this month. The students' encampment will start day after tomorrow and the businessmen's camp will be opened on July 12, both to extend over a period of approximately four weeks.

Careful figuring has made possible the estimate of \$30.00 as an adequate amount to cover the expenses of a month at the camp. Until the government appropriation bill is passed, no expenses will be paid. Railroad fare from Harrisburg and return including berth each way approximates \$26.00; a deposit of \$30.00 is required from each rookie, to cover expenses incident to the camp, including food and the uniform and shoes come to about \$17.00. \$6.00 is returned to each man at the end of camp life if his equipment is unimpaired.

Among the Harrisburgers who will attend, either the July encampment or the later camps are: Dr. William L. Keller, Dr. C. L. Wright, Lew R. Palmer, George Kunkel, Jr., Edward Gough, Archibald G. Kintzely, Edward J. Stackpole, Jr., Charles Williams, son of Lieut. Col. R. C. Williams, Fred B. Dapp, Boyd E. Rutherford and James Finn, of the Harrisburg Academy, Ed. Scourie, Theodore J. Gould, E. Franklin Etter, Albert H. Stackpole, Victor Braddock, Mr. Blanning, George Cumbler and Leland Johnson, of Steelton, John McIlhenny Smith, Langston, Newton W. Speece, Dauphin, and Coyie Kennedy, of Ragged Edge, Chambersburg.

The organization by the War Department of a "Plattsburg" volunteer force under regular army auspices and leadership has been under way in the present encampment and recruits will be received from the camps during the remainder of the summer. A general census is likewise being taken of all who have attended or will attend these camps, so that the war department may have a record of all available material for classification in the event of a call for volunteers.

"DEFECTIVE" BUREAU FAILS TO GET THIEVES

[Continued From First Page]

spoiled of jewelry, musical instruments and other valuables. So bold have these midnight marauders become that they even disregard the dawn, several thieves having been detected as late as 6 o'clock in the morning.

At police headquarters complainants are told that the number of patrolmen should be increased by at least thirty and that only one sufficient force of an argument to demonstrate the need of a large force, declare the victims of the system. Other sections of the city are suffering in a similar way.

Some complainants regarding the handling of the police department, especially in the effort to build up a detective bureau, which is sometimes referred to as the "defective" bureau, at the expense of the main force; but without regard to any internal dissonance, if there be any, it is clearly the duty of the City Council to take note of the present conditions and adopt immediate measures for the relief of an apprehensive community, declare the citizens interested. They point out that it will not do to say that there are not funds available for an increase in the police force; that when houses are being entered and despoiled night after night, it is the business of the City Council to at once provide protection. Taxpayers are not going to complain of proper expenditures and it is clearly the duty of Council to provide at once a sufficient force of men to run down these midnight sneaks, it is pointed out.

Unless something shall be done without delay, it is feared a tragedy may occur through the killing of some innocent person by his nervous neighbor. It ought to be possible to apprehend these thieves by ordinary skill in the detective department, believe the West End folk.

That there should be at least 100 officers on the city police force was the statement made this morning by Superintendent of Detectives William L. Windsor, Jr., in speaking of the robberies in the West End and on Allison Hill. Over the week-end the following homes were entered:

P. H. Bailey, 602 North Seventeenth street, gold watch and other jewelry reported stolen.

George H. Elles, 819 North Seventeenth street, \$11 suit of money taken, house ransacked on first floor.

A. W. Myers, 1700 State street, losses not ascertained.

Freston Crowell, 801 North Seventeenth street, food taken from refrigerator. Superintendent Windsor said that in all of these cases the houses were entered on the first floor through screens which were easily removed from the windows.

Another War Marriage Is Solemnized Here

Just because it was decided the troops were not to be sent south by way of Pittsburgh, a hurry-up wedding was arranged for Saturday afternoon in the Market Square Presbyterian Church, with Miss Sara B. Dunning of Washington, Pa., and Captain John Alken of Company H, Tenth regiment, this city, as principals. The Rev. Harry B. King, pastor of the Paxton Presbyterian Church, a friend of the young people officiated in the presence of Captain and Mrs. Alonzo M. Porter, Dr. and Mrs. T. E. Minice, Mrs. John Alken and Mrs. Blaine Alken, of Washington, Pa., Mrs. Harry B. King and McClain King.

The bride, a member of a prominent family of Western Pennsylvania, wore a traveling costume of blue tulle with hat to harmonize, and Captain Alken wore his service uniform. Captain Alken, an alumnus of Washington and Jefferson colleges, was prominent in athletics while there. He is now an attaché of the recorder's office of Washington county. The newlyweds left immediately after the service for

Camp Brumbaugh, Mount Gettina, from which the Tenth Regiment started last night for the Mexican border.

Funeral arrangements have not yet been completed, but burial will probably be made in Harrisburg.

Bulletin No. 5

The Bethlehem Steel Company's Offer to Serve the United States

At a time when the expenses of the Government are so enormous—

Isn't it worth while finding out the actual facts before plunging ahead into an expenditure of \$11,000,000 of the people's money for a Government armor plant?

To clear up the whole situation, and to put it on a basis as fair and business-like as we know how to express it, we now make this offer to the Government

The Bethlehem Steel Company will manufacture armor plate for the Government of the United States at actual cost of operation plus such charges for overhead expenses, interest and depreciation as the Federal Trade Commission may fix. We will agree to this for such period as the Government may designate.

The House of Representatives voted down a proposal to empower the Federal Trade Commission to determine a fair price for armor, and allow private manufacturers opportunity to meet that price before the Government built its plant.

Isn't our proposition fair and ought it not to be accepted?

The measure is now before the United States Senate.

Greatest enemies of your TEETH

—are Pyorrhea and decay. Both usually develop only in the mouth where germ-laden tartar is present.

"But I brush my teeth," you say. Yes, you brush them, but do you REALLY CLEAN them?

Tonight, after brushing your teeth, go to the mirror and examine them. In all probability you will find an accumulation of tartar on the enamel and bits of food deposit hiding in the crevices.

Senreco, the formula of a dental specialist, REALLY CLEANS. It embodies specially prepared, soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay.

Send 4c to Senreco, 304 Walnut Street, Cincinnati, Ohio, for trial package.
