"Bull" Durham Being Shipped in Carload Lots to **Mexican Border for Use of United States Troops**

From seasoned campaigner to newest "rookie," practically every American soldier "rolls his own" with "Bull" Durham.

This famous tobacco is part of the U.S. trooper's regular "rations." It goes with him into far corners of the world. It's the smoke of the Service in barracks, camp and field.

Wherever the flag flies, from Maine to the Philippines, from Alaska to Mexico, you'll find Uncle Sam's fighting men "rolling their own" with "Bull" Durham.

Every month hundreds of thousands of sacks

of "Bull" Durham are supplied to the American troops in Mexico and along the border.

"Bull" Durham was selected by the Government for the use of the army years ago, because it stood every test to which the most rigid inspection could subject it.

The absolute purity of "Bull" Durham is known to every commissary chief, every quartermaster, every officer and every soldier. They know that it's pure tobacco-pure golden Virginia-Carolina leaf-mild, sweet, satisfying-the most refreshing smoke in any climate and under any conditions.
