Mr. and Mrs. Charles M. Froehlich and sons, of 1111 Market street are enjoying an automobile trip through the State of New York.

CANOESISTS NAVY WIL ORGANIZE

(Continued From First Page)

marly is to be permanent organization, but in connection with this movement the initial steps for holding the first annual water carnival or pageant in the Fall will be taken.

The committee which has been called to meet in the park offices at 7:30 o'clock is headed by George W. Kelly, the City Planning Commission, and includes representatives of all the departments of water activities.

V. Grant Forrer, assistant superintendent of parks, is the secretary. The Kelly committee, it is expected, will suggest resolutions for consideration of the assembled canoeists and motorboat men, in which the financial support of Council will be asked.

Action on the question that may be taken by the "navy" will be submitted to Council at its session next Tuesday. The Kelly committee's support, it is expected, that the co-operation of the Chamber of Commerce, Rotary Club, Civic Club and recently organized Jovian League will be asked.

What sum will be asked of Council will be determined in course by the assembled water sportsmen, but it is understood that the committee will recommend the request of an appropriation of \$1,000.

AUTOS MAY PARK ONLY 10 MINUTES

(Continued From First Page)

will be considered on second reading. The ordinance was offered to-day by City Commissioner W. H. Lynch, superintendent of streets and public improvements.

The supplementary traffic ordinance in brief restricts the parking of automobiles or other vehicles for more than ten minutes on these sections of the city.

The Parking District Second, Walnut to Strawberry; Third, Walnut to Market; Fourth, Walnut to Chestnut; Walnut, Second to Third; Market, Market Square to Fifth; and Fifth, Market Square to Sixth, are suggested as areas for penalties for violations of either this measure or the Strawberry street one-way ordinance.

The Chamber of Commerce and Co., Rothero Co., Majestic theater, The Hub, the Globe, William Strouse, Benjamin Strouse, and Oerlich, the Chamber of Commerce also endorsed the plan.

Pave Maclay Street Approach Initial steps for the long-desired paving of the approach to the Maclay street bridge from Seventh street to the viaduct were taken to-day when the city ordered the contractor providing for the grading and curbing. The roadway will be twenty feet wide with 7-foot walks on each side.

The expense will be born by the Pennsylvania Railroad Company. The Hope Fire Company's protest against the abolishing of the Mt. Vernon and Citizens' fire companies and the request that the city take immediate steps to provide fire homes for these companies before the buildings are taken over by the State for capitol park extension purposes, was filed.

The ordinance was offered by Mr. Bowman striking Lincoln street from Fifteenth to Sixteenth from the city map. The bid of the Harrisburg Gas Company, the only offer for furnishing the electric and firehouses with gas, was approved.

The Printing Bids The Patriot and the Star Independent, low bidders for printing official advertising were designated as the official newspapers for the year. The Star Independent bid three cents per line for first and subsequent insertions and the Patriot bid four and three cents per line, respectively.

The Telegraph bid four and three cents per line, respectively. The Telegraph declined to bid on the year's contract for printing, binding, etc., because of the state of paper market and asked permission to bid for immediate delivery. The bid of the Aughinbaugh Press and the Star Printing Company together with the Telegraph's offer will be arranged by City Engineer J. H. Peters, in consideration at a special meeting next Monday afternoon.

The Paper Market In explaining its reason for not bidding, the Telegraph's letter said: "There has never existed such a condition as that to-day. It is impossible for us to get a quotation from either mills or jobbers that will hold over ten days and in some cases only three days, and you will readily see that it is not a reasonable business proposition under the conditions to bid on a contract covering one year. If this were a temporary condition we would be glad to submit prices, but with the state of the market, large mills and jobbers we are unable to approximate prices or deliveries thirty days hence."

Zeil and Windsor Report on Work of City Police Quarterly reports for the police department and the bureau of detectives were submitted respectively by J. Thomas Zeil, chief of police and William L. Windsor, Jr., superintendent of detectives.

Chief Zeil reported that during the three months ending June 30, fines, forfeitures and costs collected totaled as follows: Zeil's office, \$798.50; aldermen, \$337.07; court, \$1,114.56, a grand total of \$2,241.13. During the quarter there were 551 arrests, 324 wagon and 32 ambulance calls.

Chief Zeil also reported the existence of five vacancies on the force caused by the death of Lewis C. Hipple, killed in service, the resignation of another officer and of the absence of three others in the service of the United States on the Mexican border.

Superintendent Windsor reported that 121 arrests had been handled by his bureau; that stolen goods had been recovered amounting to \$4,652.50 and that the total costs received from the county was \$1,114.56, and the total receipts from aldermen on fines and costs was \$337.07, a total of \$1,451.63.

City Has \$293,067.39 in Official Purse on July 1 Harrisburg's official purse contained \$293,067.39 at the beginning of the present month according to the monthly report submitted by City Treasurer H. F. Oves and approved by council to-day. During June the expenditures were \$55,122.23 and the receipts were \$109,135.35. The balance July 1 was held by the various banks of the city as follows:

Allison Hill, Central Trust, Citizens, Commercial and Security Trust, \$5,000 each; East End and Sixth Street banks, \$10,000 each; Harrisburg National and Merchants' National, \$20,000 each; Mechanics, \$25,000; Commonwealth and Trust, \$50,000 each; First National, \$91,800.54; cash in office, \$11,266.85.

LAST TRIBUTE TO GEN. HUTCHISON

(Continued From First Page)

B. Hutchison, whose funeral was held this afternoon. Not a typewriter clicked, not a pencil moved, not an elevator door slammed, not a single department head or clerk in all the city offices did one stroke of work from 2 to 3 o'clock this afternoon while the last services were conducted for the dead ex-chief of police.

City Council by an unanimous vote declared all the municipal offices closed in memory of Brigadier-General Joseph B. Hutchison. The resolution to this effect was offered by Park Commissioner E. Z. Gross, under whom General Hutchison once served as chief of police. Commissioners W. H. Lynch and H. F. Bowman both seconded Mr. Gross' action.

The body lay in state this morning from 10 o'clock until 1:30 o'clock in the afternoon in the Pine Street Presbyterian Church. Hundreds of friends of the ex-chief of police and widely known guardsman passed down the aisle and viewed the body for the last time. Noticeable among the groups were a number of officers of the city police force.

The guards of honor this morning from the United Spanish War Veterans were N. W. Ream, H. J. Halsey, Howard Newcomer, T. J. Moran, S. Fultz, J. Ickels. The interior of the church was decorated with large American flags and the floral tributes heaped about the casket. Among these were a chair of flowers from the active members of Companies D and I, Eighth Regiment, now on the way to the border; wreaths and sprays of flowers from the police department, the ex-members of the City Grays, ex-Mayor and Mrs. John K. Royal, the Foreign War Veterans' Association and a huge St. Andrew's cross, emblem of the United Spanish War Veterans. Many other designs were sent by the General's friends.

The Funeral Cortage Norman Ream, commander of the local camp of the Spanish War Veterans, together with the men of this organization, had the right of line, with Captain E. Laubenstein as chief marshal. Arrangements were made last night for the parade from the church to the Harrisburg Cemetery and to-day the following were in line: Spanish War Veterans, a detail of twelve city police under Captain Joseph P. Thompson, ex-members of Companies D and I, members of the City Grays and the following: The City Grays were under Nicholas Teck, ex-captain of Company I, and Christian Nauss, appointed as aids. The Veterans of Foreign Wars were under the command of John K. Reist. Members of the Grand Army of the Republic were in line.

The various organizations met at the armory with the Municipal band and paraded to the church to attend the services, which began at 2 o'clock. The Rev. Dr. Lewis S. Mudge, pastor of the Pine Street Church, officiated.

Funeral Services The funeral services of the late Brigadier-General Joseph B. Hutchison were held at the Harrisburg Cemetery, north on Thirteenth street to the Harrisburg Cemetery. Final services at the grave were brief, after which the salute was fired and taps sounded by Charles Sinsler, Chaplain Howard Newcomer, of the Spanish War Veterans, had charge, with Commander Ream. The ritual service of the organization followed.

Many hundreds of people attended the service and the organizations had large crowds in line. Throughout the state flags on all of the armories were placed at half mast in honor of the dead commander, who was highly respected everywhere.

The body was brought here last night from Chambersburg, where General Hutchison died on Saturday at the home of a relative. During the evening it was viewed by many people at the funeral chapel of R. K. Spicer, 513 Walnut street.

Surety Underwriters at Dinner and Meeting William S. Essick, the new president, presided at a dinner and meeting of the Federate Surety Underwriters at the Engineers Club last evening. It was the last meeting before the summer vacation period. Mr. Essick and various other members discussed a number of matters of interest to the body following the meeting, including the value of newspaper advertising, the necessity of a live legislative committee and the general improvement of conditions in the bonding business. The standing committee for the year will be announced at the next meeting.

Fire at Bethlehem Plant Wilmington, Del., July 11. — A fire in the New Castle plant of the Bethlehem Steel Company to-day slightly damaged a press mill in which shells are loaded. The origin is unknown.

Soda Bartender Must Explain Your Drink If you ask your soda fountain bartender for Hires rootbeer or any other specially designated drink and he passes some other brand of the drink across to you without explaining that it isn't the brand or brew you've asked for—even though it be "just as good"—that salesman violates the trademark law.

That, in brief, was the gist of the argument advanced to-day by counsel for the Charles E. Hires in an equity suit against H. G. Reuwer, proprietor of the Golden Seal Drug Store, for alleged sale of rootbeer purported to be "Hires."

Argument was also heard on the appeal for judgment in spite of the verdict in the trespass suit brought by Harry G. McGill against the Middle-tary Car Works. McGill was injured and sued the company and a verdict was returned in McGill's favor.

Fire at Bethlehem Plant By Associated Press Wilmington, Del., July 11. — A fire in the New Castle plant of the Bethlehem Steel Company to-day slightly damaged a press mill in which shells are loaded. The origin is unknown.

Standing committee for the year will be announced at the next meeting.

Dr. H. R. Wiener has removed to 234 State Street From 306 North Second Street

For Your Camp or Bungalow a Victrola \$15, \$25, \$40, \$50, \$75, \$100, \$150, \$200 Our Special Summer Offer Take a Victrola and your choice of records to your camp or bungalow. Within six months we will exchange the Victrola you buy now, allowing full price paid, toward the purchase of a piano or larger Victrola for your winter home. Fill out and mail the coupon below for pictures of the various styles of Victrolas, and complete information.

Modern Science Finds a New Method How Nerve Insulation Stops Inflammation and Eczema, Sunburn and All Skin Diseases Yield to Remarkable New Discovery The nerves of your body are like electric wires. They carry the nerve energy (neuro-electricity) which is generated in the brain, to all the cells and tissues. The nerve sheaths are insulated to resist a current of about 4/1000 of a volt as has been proven with the aid of Lord Kelvin's galvanometer, an instrument so sensitive and accurate that for the first time it is now possible to measure the strength of nerve currents. It has been found that wherever acute inflammation occurs the insulation of the nerves is broken down, making it difficult, and often impossible, for nature to heal the surrounding cells. Germs cannot live in healthy tissue; it is only through damaged cells that they thrive and spread. Obviously therefore, the right way to successfully treat inflammatory disease is to quickly repair the damaged insulation and enable nature to restore the diseased tissue to a healthy condition. Ion-o-lex Unguent does this. Ion-o-lex Unguent is not a drug. It does not contain opiates or narcotics. Its action is entirely mechanical. Applied externally, it penetrates the tissues and surrounds the injured nerve sheaths with an insulating bath. Then the inflammation subsides and nature quickly repairs the nerve lesion—you are well. Don't suffer another minute, just go to H. C. Kennedy and get a large jar of Ion-o-lex Unguent, it costs little, use as directed and if you cannot say that it is the greatest means ever devised for conquering inflammation wherever it exists, your money will be cheerfully returned without a question.

When Your Lips Are Dry Or Throat Is Parched, Drink Grapefruitola "The First Real Thirst Quencher" Moistens the lips—cools the throat—tickles the palate. You'll like it—and it's good for you. Why? Because it's the pure juice of fresh, ripe grapefruit. It has the tang Try a glass today At all fountains and in bottles 5c
