

SUCCESS OF A NEW REMEDY FOR BACKACHE, KIDNEYS, RHEUMATISM.

Dear Mr. Editor—I suffered for years with backache. Last March I tried "Anuric" and have used this new kidney medicine recently discovered by Dr. Pierce, and it was wonderful the way it eased the pain and gave me relief in such a short time. I have tried several medicines, but "Anuric" is the only one that gave satisfaction. I feel it my duty to recommend "Anuric Tablets" to any one who suffers as I did.

(Signed) MRS. MARGARET E. SNIDER.

NOTE: Folks in town and adjoining counties are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the INVALIDS' HOTEL and SURGICAL INSTITUTE, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain cure for kidney and bladder diseases and rheumatism, if you've never used the "Anuric," cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Anuric" is thirty-seven times more active than lithin in eliminating uric acid, and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best druggist and ask for a 50-cent box of "Anuric." You run no risk for Dr. Pierce's good name stands behind this wonderful new discovery as it has for the past half century for his "Golden Medical Discovery," a general tonic made from roots with pure glycerine which makes the blood pure, his "Favorite Prescription" for weak women and "Pleasant Pellets" for liver ills.

LUXURY STILL SEEN IN LONDON

War Has Had No Effect in Reducing Use of Costly Wines in Hotels; Lavish Menus

London, July 11.—While economy in food is practiced in many homes, the public service of meals in hotels and restaurants is only a degree less lavish than that of the days before the war. It evidence was required that the demand for such meals is but little abated it could be found by collecting a day's menu cards from the coffee rooms, restaurants and grill rooms of London, Brighton and Bournemouth. Extravagance is more openly displayed in London than in cities where the population is less numerous, but what is true of London is true of the country as a whole. A journalist whose duties during the past year have taken him to many places within the British Isles says that his only experience of a drastic curtailment of the normal variety and quantity of food offered in hotels was in Ireland during the week of the Sinn Fein rebellion, and that curtailment arose through the impossibility of getting supplies.

OPENS FIRE ON WILSON POLICIES

Democratic Administration Declared Devoid of Stable Purposes

Washington, D. C., July 11.—Preparatory to the "Grand Drive" which will be made in October, the several political campaign committees located in Washington are beginning to shell the trenches of the enemy.

Victory Is Ours

"Are you a Patriot? Are you for God, Home and Country? Then, Remember the eternal vigilance is the price of our liberties. Progress is the watchword of humanity. He who would attempt to stop the wheels of progress is doomed to defeat. The night of party slavery has been long; sometimes it has seemed as if the day would never come; but at last the morning light of the brighter day country. It sends intimations that do not ultimate.

Wavers and Wobblers

"It proclaims its advocacy of equal justice, but persecutes one of the soundest banking institutions of the country. It sends intimations that do not ultimate. "It talks strict accountability and enforces no accountability. It announces one policy one week and a different policy the next. "It backsteps, sidesteps, hesitates. It enacts and repeals. It wavers and wobbles. "This is a contrast between erratic Democracy and stable Republicanism. "The Democratic National Committee, in to-day's issue of its weekly bulletin, propounds some questions to Candidate Hughes, among them the following: "Do you think that the President went too far or not far enough in the submarine controversy with Germany? "If you had been President would you have used statesmanship and the usual diplomatic channels to preserve peace, or would you have gone to war with Germany? "Would you have gone to war with

Mexico? If you had been President would you have declared war? Would you declare war now? Would you have called out the National Guard? "Do you feel that any hyphenated conspiracy worked to bring about the defeat of Roosevelt in the Republican convention and to bring about your own nomination? If a hyphenated conspiracy did bring about Roosevelt's defeat, how do you feel about the exercise and extent of such influence in national politics? "Would you repeal the Federal Trade Commission act, the Federal Reserve System and the Rural Credits and Good Roads bill? Are you for or against the Tariff Commission bill which the United States Chamber of Commerce, representing the business men of the Nation, has endorsed? Would you ignore the findings of this tariff commission and repeal the act creating it? "If you didn't the Republican Party reform the currency and establish a sound banking system when it was in power? "If you didn't the Republican Party establish a rural credit system for the benefit of the farmer? "Has prosperity broken all records or hasn't it? Is the foreign trade greater than ever before, or isn't it? Will you support the reconstruction in Europe to replace war munitions, or won't they?"

INDUSTRIES NEED PROTECTION

A country possessed of large natural resources in its mines, and with large manufacturing facilities, is built upon a foundation which makes it possible for that country to prosper in peace, to grow rich, and to resist an attack from its enemies. Such resources, no matter how great they may be, will not afford protection unless they are carefully co-ordinated, made efficient, and prepared through a process of mobilization in times of peace. Recent events have shown also that the greater industrial strength of a nation may be the greater is the temptation which it offers to attack from without. Great Britain has always recognized this in the strength of her fleet, Germany, in the strength of her army. The United States, larger industrially than any nation in the world, has recognized it neither in its fleet nor its army.—William L. Saunders, in The Engineering Magazine for July.

Batting Eyes of Ty Cobb, Super-man Greatest Baseball Player, Tells How Nuxated Iron Gave Him New Life

This great giant of strength and endurance says he now plays a better game than when he was younger.

Physician explains why taking Nuxated Iron gave Ty Cobb such tremendous strength and vitality after he was so weakened and all "rundown"—says it will often increase the strength and power of delicate, nervous folks 200 percent in two weeks' time.

New York, N. Y.—When interviewed in his apartment at Bretton Hall, Ty Cobb said: "Hundreds of people write to me to know how I was able to do so well that year and vitality which enables me to play practically every day of the entire baseball season. They wonder why I can play a better game to-day than when I was younger.

"The secret is keeping up the supply of iron in my blood—exactly what everyone else can do if they will. "At the beginning of the present season I was nervous and run down from a bad attack of tonsillitis, but soon the papers began to state Ty Cobb has 'come back.' He is hitting the old stride. The secret was iron—Nuxated Iron filled me with renewed life.

"Now they say I'm worth \$50,000 a year to any baseball team, yet without plenty of iron in my blood I wouldn't be worth five cents. Nuxated Iron supplies that 'stay there' strength and vim that makes men of mark and conquers the astonishing record of Nuxated Iron. Cobb's case is only one of hundreds which I could cite from my own personal experience which proves conclusively the astonishing power of Nuxated Iron to restore strength and vitality, even in most complicated chronic conditions."

Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and all of vigor, vim and vitality as a young man; in fact, a young man he really was, notwithstanding his age. The secret was Nuxated Iron. He had taken a hundred times over the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple Nuxated Iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like Nuxated Iron if you want it to do you any good, otherwise it may prove worse than useless.

Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the arena, while many another has gone to inglorious defeat simply for the lack of iron. Dr. Sauer, M. D.

Lawn Party of 100 Guests Held at Miss Moyer's Home

Special to the Telegraph Blain, Pa., July 11.—A lawn party of nearly one hundred guests was held at the home of Miss Ellen Moyer. Those present were Mae Milligan, Elsie Witt, Christina Kern, Ruth Book, Myrtle Shuman, Vivian and Grace Lightner, Pearl Lyons, Anna Doherty, Mary and Margaret Burchfield, Grace Shupe, Elizabeth Kessler, Maude Nesbitt, Elizabeth Stewart, Irene Rice, Marie Moyer, Mildred Exler, Annabel Loy, Ellen Moyer, Fannie and Maude Sheaffer, Eliza Adair, Grace and Sarah Helen, Margaret Dillman, Mae and Helen Waggoner, Ethel Trostle, Mae Bernheisel, Marie Stroup, Anna Doherty, Ruth Ickes, Myrtle Collins, Mae Kingboro, Madeline Martin, Marie Hartmann, Madeline Irvine, Mary Flood, Holly Minch, William Collins, Clark Anderson, Loy Bistline, Robert Bryan, Jacob, Samuel, Albert and Roy Wentz, David and James Gutshall, Frank Moreland, Raymond Shreffler, Frank Heler, Waggoner, Alfred Bechtel, Pickinger, Harry Metz, Ray and Ira Lyons, William Burchfield, Frank Samuel and Wilson Shope, Earl Nesbit, Coyte Milligan, Miles and Irvine Heckendorf, Robert Loy, Horace Sheaffer, Reed and Dwight McMillen, Irvine Adair, Roy Hinch, Thomas and Dewey Hench, Jesse Dillman, Zau Kennedy, John Bernheisel, Paul Kline, Paul Mangle, Earl Doherty, Alfred Bechtel, Benjamin Burd, William Ickes, John Mitton, Clark Ernest, Paul Kimch, George Moore, Herbert and Ralph Moyer, Henry Hess, Walter Moore, Arthur Martin, William Morrison and Lynn Irvine.

Today And A Generation Hence

The flight of time makes us think of the future. The baby of today reflects what greatness may be acquired when he grows up. And any influence that brings relief to the expectant mother is the first and greatest of obligations. There is a splendid remedy known as "Mother's Friend" that has been a safeguard, a helpful daily influence to a host of women. Applied externally to the muscles they become pliant, absence of distress, the nerves are soothed by taking away the burden of leaving all to just natural conditions. There is in "Mother's Friend" the direct and immediate help that all expectant mothers require. Used by their own hand, guided by their own minds, they learn at once the blessed relief from morning sickness resulting from undue stretching. They experience daily calm and nightly rest. It is indeed "Mother's Friend." Get a bottle today of any druggist. Then write Bradford Regulator Co., 419 Lamar Bldg., Atlanta, Ga., for one of the most entertaining and valuable little books ever presented. It is worth writing for.

I am astonished at the tremendous strength and endurance which I so quickly obtained from taking Nuxated Iron—I feel younger and stronger today than ever before in my life, and the proof is shown by the fact that I play a better game than when I was younger.

A good batter must be in prime physical condition—he needs a cool head, a quick eye and tremendous strength to play the swing behind the bat. Ty Cobb is undoubtedly the greatest baseball player in the history of the game. A short time ago he was weakened and all "rundown"—to-day he is a miracle of strength and endurance, due to filling his blood with plenty of iron. He says Nuxated Iron has given him new life and renewed energy and put the old-time vim and vigor of youth into his blood.

NOTE—Nuxated Iron, recommended above by Dr. Sauer, is not a patent medicine nor, secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the stomach, makes them black, nor upset the stomach; on the contrary, it is a new, potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions.

The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100,000 to any charitable institution if they cannot take any man or woman under 60 who has iron and increase their strength 200 per cent. or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Croll Ketter, G. A. Gorgas and all good druggists.

Speaking of the concrete construction of the Blenheim, Thomas A. Edison said, "It is the coming construction for all great buildings. It won't bend, it won't break, and you couldn't burn it if you tried."

Marlborough-Blenheim

ATLANTIC CITY, N. J. THE LEADING RESORT HOUSE OF THE WORLD Capacity 1100 American and European Plans The great essential of a resort hotel, as distinguished from a city hotel, is ample public space devoted to the use of its guests, in the form of bright and airy Exchanges, Lobbies, Parlors, Galleries and Solariums, affording pleasing vistas and beautiful promenades, the whole combining into a harmonious vision of grandeur and beauty, while replete with the cozy group seclusions of home, and yet affording full view of the pleasing panorama of the resort life. In this essential the Marlborough-Blenheim stands without an equal in Atlantic City elsewhere. Its "Ownership Management," while accounting for its unique reputation, is a guarantee of the high character of its patronage and the unexcelled quality of its service and cuisine. It employs only white service in both its American and its La carte dining rooms. It makes a specialty of high-class music every evening throughout the year, with special Sunday night solo features. Atlantic City, with its real competitor (Europe) this year impossible, is offering unusual attractions and entertainment. Two golf courses, the Yacht Club, the fishing fleet and the wonderful bird and animal shows, the pier amusements, numerous theatres, the Boardwalk, the fine motor roads and the splendid hotels and restaurants, all combine to make it an ideal resort.
