NAVAL BILL IS BEFORE CONGRESS

Will Keep Measure Providing Eight Capital Ships Before It Until Vote Is Taken

Washington, July 13. — The naval appropriation bill was taken up by the Senate to-day to be kept before it until a final vote is taken. The measure as reported by the Naval General Board's five-year building program within three years.

ships and four battle cruisers for the coming year and completion of the five year program of sixteen capital ships two years earlier than intended was decided on by the Senate naval committee after conferences with Secretary Daniels, who voiced the President's desire that construction be speeded as much as possible. To spend \$588,180,576. The three-year program calls for an expenditure of \$588,180,576, of which \$315,336,843 is appropriated for 1917. New construction in 1917 would include eight battleships, two battle cruisers (four this year); ten scout cruisers (four this year); five fleet submarines (none this year); fifty destroyers (ten this year); fifty-eight coast submarines (27 this year); three oil fuel ships (one this year); one repair ship, one hospital ship, one transport; two destroyer tenders (one this year); one fleet submarine tender; two ammunition ships (one this year); two gunboats (one this year).

HOW FAT FOLKS MAY BECOME SLIM

A Simple, Safe And Reliable Way That Calls For No Drastic Diet or Tiresome Exercises

Fat people, particularly those who weigh from 10 to 25 pounds more than they should, have been much interested in the remarkable reports that have recently been published of the manner in which weight is being safely reduced by what is known as the fresh air method, combined with the use of ordinary oil of korein. This plan, which is so strongly recommended and endorsed is very simple and makes unnecessary starvation diets, dangerous drugs, sweating or weakening processes or strenuous exercise. Satisfy your appetite with plenty of good, substantial food, but do not eat more than you need, as this overtaxes your organs of assimilation. It is important to get plenty of fresh air, breathing it deeply into the lungs and to take with each meal a few drops of oil of korein in capsule form which you can obtain from any good druggist. If you have been getting too stout, this plan is well worth trying. Breathe in all the fresh air you can get as the oxygen in the air consumes fat while the oil of korein capsules, taken one with each meal and one before you go to bed, are designed to reduce fatty accumulations in the system wherever located. Oil of korein is absolutely harmless, is pleasant to take, helps digestion and costs little. Even a few days following of these simple directions has been reported to show a noticeable reduction in weight, with the flesh firm, the skin smooth and the general health improved. In fact your footsteps may appear lighter to you, your work seem easier and you may easily seem to gain a pound of health and strength with every pound of flesh you lose. Every person ten pounds or more overweight can well afford to give this reducing system a trial.—Advertisement.

War's Increase in Food Prices Hits Neutrals Almost as Hard as Belligerents

Washington, July 13. — War's increase of food prices in Europe as shown to-day by the Bureau of Labor Statistics, has touched neutrals almost as heavily as it has the belligerents. The Teutonic countries have felt the pinch more than have the allies. The bureau's statistics give the biggest food price advances in Austria, where meats are more than 500 per cent. higher than before the outbreak of hostilities. Beef that in February 1914 sold for 6.30 cents a pound now brings 38.7 cents. Meat prices in Berlin show increases ranging from 45 to 150 per cent. The British public is paying on an average 55 per cent. more for its food than it did two years ago. The greatest increase, 152 per cent., has been in sugar; the lowest 17 per cent., in oleomargarine. In France prices are 23 per cent. above the pre-war average; in Italy above 30 per cent. Prices increase in the neutral countries are shown to be highest in Norway, where 29 necessities are sold at an average of 63 per cent. more than in 1914. Copenhagen workmen pay 34 per cent. more for table articles than two years ago; in Sweden prices are 21 per cent. higher; in Switzerland the range is from 36 per cent. to 175. A statement issued yesterday by the Bureau said the war had had little effect on food prices in this country.

BIG INCREASE IN WAGES

Washington, July 13. — Many of the leading manufacturing industries have made substantial increases in their wage scales within the last year. An inquiry completed to-day by the Department of Labor shows the iron and steel industry made the biggest increases. Most steel plants raised wages last May and for many this was the second raise within a year. Total increases amounted to from 5 to 30 per cent. PLACING MANY WORKERS Washington, July 13. — Growth of the labor department's employment

Foreign Trade in Last Year Totals Six and Half Billions

Washington, D. C., July 13. — More than six and a half billion dollars in round figures is the total value of the foreign trade of the United States for the fiscal year which ended June 30, 1916. All previous records have been smashed by approximately two and a half billion dollars. War orders are responsible. The estimate for the fiscal year just ended became available at the Bureau of Foreign and Domestic Commerce of the Department of Commerce. The figures will not be final until the June reports have been received from the various custom houses throughout the country. They are based on the final May statistics. Of the six and a half billion \$4,345,000,000 represented exports. The remainder, \$2,180,000,000, represented imports. Exports of explosives, iron and steel, meats, automobiles and chemicals sent to the belligerents in Europe increased amazingly in the last year. Other articles also showed increases although because of the German blockade exports of raw cotton dropped considerably from the total of 1914 before the war began.

HOW APPENDICITIS CAN BE PREVENTED

Harrisburg people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-I-ka, often relieve or prevent appendicitis. This simple mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. Adler-I-ka has easiest and most through action of anything we ever sold. H. C. Kennedy, Druggist, 321 Market street.

THREE HURT IN BIG FIRE

Chicago, July 13. — Fire at Whiting, Ind., early to-day damaged four sections of the Standard Oil Company plant to the extent of \$250,000. The fire was caused by a bursting radiator and the flames were transmitted through four battery condensers. The volunteer fire department soon had thirty streams playing upon the blaze. Three workmen were injured by an explosion. GEORGE SMITH, JR., DIES Altoona, Pa., July 13.—George Smith, Jr., 24 years old, son of George "Germany" Smith, formerly a National League ball player, and himself a semi-professional player, dropped dead yesterday of heart disease.

Alaska Westover (COPPER)

Do you know that ALASKA WESTOVER has been one of the most active issues on the New York Curb since it was first traded in on May 24? Do you know that ALASKA WESTOVER has appreciated in market value 100 per cent in that time? We will give the reasons for this activity and advance upon request. Our Motor Book of 112 pages covers thoroughly 61 of the active motor issues, also high and low sales for the past three years. Our Market Digest, issued weekly, is recognized as a valuable addition to contemporary stock literature. Sent free upon request. HOWARD ARLEY & CO. Land Title Building Philadelphia Telephone: Spruce 4410 Race 150 89 Broad St. New York

MRS. CHAMBERLAIN TO WED

London, July 13. — The engagement is announced of Mrs. Joseph Chamberlain, widow of the British statesman, and the Rev. William Hartley Carnegie, rector of St. Margaret's Church, and canon of Westminster. Before her marriage Mrs. Chamberlain was Miss Mary Endicott, of Massachusetts, daughter of the late William C. Endicott, Secretary of War in President Cleveland's cabinet.
