

IS YOUR HEALTH WORTH \$5.00?

Woman Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a midwife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."

Women who suffer from displacements, weakness, irregularities, nervousness, headache or bearing-down pains, need the tonic-strengthening properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If you want special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

Ladies! Rub Wrinkles With Amonized Cocoa And Watch Them Go

Beauty Doctor Says Any Woman May Look From 10 to 20 Years Younger

If trouble, worry or ill health has brought you lines and wrinkles, or if your pink complexion is fading, don't think that it is necessary to be treated by an expensive Beauty Specialist or resort to the use of looking years older than you really are, but go to your Druggist and get a little ordinary amonized cocoa and after washing the face well with warm water apply this as you would a face cream, leave on for a few minutes and then wipe off with a soft, dry cloth. You will be delighted to see how it brightens up the skin, clears the complexion and erases the marks of time. It really is astonishing how quickly it will make an old face look young and beautiful. It seems to contain the nourishment the skin requires to make it pink and healthy.

Amonized cocoa costs little, is pleasant to use and is so fragrant and nourishing to the skin that it is becoming very popular with actresses and society ladies who find it necessary to always look their best. Every lady who wants to look young and attractive should by all means give this a trial.

BE GOOD TO YOUR FEET AND THEY'LL BE GOOD TO YOU

It's the easiest thing in the world to have cool, happy, comfortable feet. Just try this simple little test and see for yourself: Go to H. C. Kennedy or any good druggist, get a package of EZO, the wonderful, new foot balm. Rub it gently on your feet to-night before going to bed and—good-bye foot trouble forever!

It's just like magic the way this simple little EZO rubs the pain, the ache, the swelling and the misery out of tired, misused feet; and, what will tickle you most—the happy feeling! Out of the window with the fussy prepared alum powders and foot paints! Give your feet a real treat with EZO. Do it just this once and make your feet happy!—Adv.

WILKES-BARRE'S MAYOR HITS BACK

Declares That Clark Act Made Whole New Scheme of Third Class City Law

Mayor John V. Kosek, of Wilkes-Barre yesterday met the charge in quo-warranto proceedings before Deputy Attorney General W. M. Hargest to test his right to succeed himself by asserting that the Clark commission government act gave to the third-class cities of Pennsylvania an entirely new scheme of municipal government and contended that the question of whether he received enough votes to be sole nominee by claim that it should be raised by direct contest. This section, the result of a petition by William Leslie, of Wilkes-Barre, for the use of the name of the State to inquire by what warrant Mayor Kosek held office, interested twenty-eight cities of the State and possibly a million people. Mr. Hargest took the papers and will render a decision later on.

Thomas D. Shea and F. M. Macklin, counsel for Leslie, contended that it was not the intention of the Legislature to allow mayors of third-class cities to succeed themselves and that Mr. Kosek had been interested in getting through the last Legislature a bill to permit them to do so, but that it was vetoed.

It was contended that Kosek was mayor in defiance of the law and that he did not have the votes to make him sole nominee. When reference was made to the decisions of the Luzerne court in the cases Mr. Hargest inquired why the petitioner had waited six months to start the proceeding.

John T. Lenahan, who represented the mayor with Ralph J. Baker, of this city, answered that the mayor and Leslie had been friends, but that they broke because the mayor did not give Leslie an appointment.

Attention was then called to the fact that the district attorney had refused to take up the matter, Mr. Lenahan making a statement about it prior for third-class cities; that Mayor Kosek received the vote required, but whether he got it or not is not within the province of quo warranto proceedings, but for direct contest; the four judges had held that the Clark act was a substitute for the previous third-class city acts; that the Clark act in section one of article twelve provides that any qualified elector may be elected mayor, which he held was an express repeal of the prohibition of a mayor to succeed himself, finally that the mayor, under the law, will hold office until his successor qualifies, which would mean 1917 at least, and that therefore there could be no real ouster of the present mayor.

These points were discussed by Mr. Lenahan and much debated by Mr. Shea, who held that Judge Fuller had the right to use the legislative intent in his opinion in the case the petitioner in this proceeding had a right to make use of the bill which was vetoed and in which he charged the mayor was most interested. The Clark act, insisted Mr. Shea, is not a complete system of city government, taking issue with Judge Fuller's opinion. He said it was not correct according to his lights in some features and that the subject was a proper one for the attorney general. "The prohibition of mayors to succeed themselves stands," he declared with emphasis. The Clark act does not repeal portions contended Mr. Lenahan.

French Tractor Plows Soil at Small Cost

Paris, July 14.—The latest types of traction and motor farm implements experimented with at Gournay sur Marne under the direction of a representative of the Academy of Agriculture reduced the cost of plowing land more than twenty-five per cent in comparison with the best previous records.

Two and a half acres were plowed in light soil with an outlay of ten gallons of gasoline in four hours; between thirteen and fourteen gallons were required for the same work with the most efficient machines tested last Fall. In heavy soil the difference in favor of the new implements was about the same.

The wear of the machines tried was considerable on account of difficulties of lubrication in flying dust, but the results were so favorable in comparison with animal power that the verdict of the Academy of Agriculture is favorable to motor implements and a general extension of their use is recommended.

The greatest difficulty encountered is the scarcity of men to operate them, the rural population being little used to machinery. The Academy proposes the organization of training schools for conductors of traction and motor implements at once, since these machines must be relied upon to make up for the shortage in men and horses for Fall seeding.

LINEMAN SHOCKED TO DEATH

Lancaster, Pa., July 14.—While Hiram Habecker, of Lancaster, a line foreman of the Ephrata and Lebanon Traction Company, was connecting wires at Hopland he touched a telephone wire and was electrocuted, 4,300 volts of electricity passing through his body. He hung suspended by his belt for fifteen minutes before the body was lowered to the ground by other workmen.

TRAIN KILLS MOUNTVILLE BOY

Lancaster, Pa., July 14.—While going on an errand yesterday morning 12-year-old Paul Youtz, of Mountville, was hit by a westbound Pennsylvania railroad fast freight and hurled 90 feet. He was instantly killed. The boy stood at a crossing near the railroad station waiting for an eastbound train to pass and failed to observe the approach of the other train.

FALL FROM TREE KILLS GIRL

Bethlehem, Pa., July 14.—In a fall from a tree yesterday Theresa Lutenberg, 6 years old, of Bushkill township, Northampton county, fractured her skull and died almost instantly. Relatives knew nothing of the accident until some time afterward, when her absence from home being noticed, a searching party was sent out to find her.

LIGHTNING DESTROYS TWO BARN

York, Pa., July 14.—A storm which swept York county last evening caused damage estimated at \$10,000. The barns of George Kinter, near Dillsburg, and Charles Trimpe, near Glen Rock, were hit by lightning and destroyed. The storm followed the hottest day of the season, the maximum temperature being 93 degrees.
