COL. KEMPER TO JOIN REGIMENT

U. S. Army Officer Completing Reports of Muster-in of Pennsylvania Division

Mt. Gretna, Pa., July 14. — Lieutenant Colonel James B. Kemper of the Eighth Pennsylvania, hopes to complete his reports on the muster-in of the Pennsylvania National Guard some time this week. Colonel Kemper will then join his regiment at El Paso. He has made many friends here who will be sorry to see him go.

A number of house parties from Harrisburg will make the week-end lively. While many people have been occupying their cottages this month, August, it is believed, will be much livelier.

A series of concerts has been planned by R. P. Lewis for the summer season, to take the place of the Chautauque entertainments heretofore given in the auditorium.

Mrs. B. T. Brandt of Steelton, spent as hostess to the ladies of the Preparedness Society at her cottage on Fourth street.

Mrs. S. T. Brandt of Steelton, spent Thursday at her home.

Miss Romaine Smith has gone to her home at Harrisburg for several days.

S. Reuel Sides of Harrisburg, was here on Wednesday with his family.

Surrenders to Authorities, Saying He Shot Invader

Special to the Telegraph

Lewistown, Pa., July 14. — George Miller, aged about 55 years, of Mann's Narrows, about five miles north of here came to town yesterday and gave himself up to Justice of the Peace Van Netta, saying that he had shot a man who had been invading his home. The justice wrote out a commitment and Sheriff Van Zandt, placed Miller in jail.

Jerry Aumiller of Yeagertown, aged about 57, was the man who was shot by Miller. A bullet from a revolver penetrated the fleshy part of Aumiller's leg.

Five Children Are at Slain Father's Funeral

Special to the Telegraph

Caldwell, N. J., July 14. — The funeral of Christopher Beutinger, shot by his wife in their home early on Tuesday morning, was held at the house yesterday afternoon. The five children, servants, some newspaper reporters and two strange women and men, who said they came from New York, but who refused to disclose their identity, were the only persons present.

The most significant thing about the services was the failure of the minister at any time to mention the name of the murdered man, and the fact that when he offered prayer he asked God to return the mother to her father.

PLOT FOILER DIES

By Associated Press

Pittsburgh, Pa., July 14. — John M. Lurmer, aged 96, who foiled the plot in 1860 to strip the Allegheny arsenal of ammunition and cannon in order to arm ports in Confederate territory, the exposure of which led to the resignation of John B. Floyd, secretary of war in the cabinet of President James Buchanan, is dead at his home here. He was born here.

CANOEISTS MAKE 400-MILE TRIP DOWN SUSQUEHANNA RIVER

Winding Stream Permits Them to Take Photograph of Barn on Bank at 8 O'clock in Morning and Snap Rear of Same Building at 4 P. M.

Special to the Telegraph

Dauphin, Pa., July 14. — Raymond H. Suydam, a member of the Steelton Canoe Club, and Ernest E. Shaffer of this place, have returned after a ten days' canoe trip from the source of the Susquehanna river. Even though they traveled leisurely down the river the young men made very good time. They left Cooperstown, N. Y., Monday morning, July 3, at 8:30 and arrived at Dauphin, Tuesday evening, July 11 at 5:15, doing the whole distance of 400 miles in 70 hours, making an average of 5 1/2 miles an hour. The canoeists spent a day and a half trout fishing and the longest distance they traveled in one day was the 74 miles from Pittston to Sunbury. The weather was unusually fine for the trip and

VAN BITNER, MINE WORKER HEAD, SENDS RESIGNATION

Special to the Telegraph

Pittsburgh, Pa., July 14. — Because of dissension in the organization, President Van Bitner and Vice-President H. H. Foster of District No. 1, United Mine Workers of America, have sent in their resignations to the Executive Board, and the latter has charged the convention now going on here in an effort to settle the dissatisfaction. A large majority of the delegates favor a strike until their demands are met.

The local officials quit because the men refused to abide by the decision of their officers to settle the dispute with the operators and yesterday the convention was in an uproar most of the time. A large majority of the delegates favor a strike until their demands are met.

T. J. FOSTERS SAYS FEW OF HIS ASSETS HAVE NO VALUE

Special to the Telegraph

Scranton, Pa., July 14. — Under examination before the referee in bankruptcy yesterday afternoon, T. J. Foster, founder and for many years president of the International Correspondence Schools, of this city, announced that he intended severing all connection with the schools in the near future. Mr. Foster admitted that he holds little stock in the International Text Book Company, which controls the schools, and said he had decided not to accept the position to which he was recently named. This will automatically end his connection with the institution and leave it in control of the reorganizers.

FIRST DIVIDEND IN YEARS

Gettysburg, Pa., July 12. — For the first time in several years the Reaser Insurance Company of this place, has declared a dividend of six per cent. on the capital stock. The business has been in a flourishing condition all the time, but the company kept its money for the enlargement of the plant and the accumulation of undivided profits at the present time is \$100,000 in excess of its capital stock of \$40,000.

the young men only ran through one storm. One of the most dangerous parts of the trip was the shooting of the Nanticoke Falls, which they did without mishap.

The country through which the canoeists passed was especially beautiful, but very wild at the beginning of the trip. On one day they saw but one person. The river near its source winds in such a way that the young men took a picture of a barn at 8 o'clock in the morning and after traveling all day, snapped the back of the same barn at 4 o'clock in the afternoon.

The canoeists had a delightful trip and remarked especially on the enormous Colliers' dam which backs up the river for fifteen miles, forming two large lakes.

A Boston Without Beans? Perish the Evil Thought!

Boston, Mass., July 14. — Boston will lose its chief means to culinary fame if the price of the many varieties of beans used in making that glorified dish, baked beans, continues to soar. An unusually short crop coupled with the demands of the Massachusetts militia and the United States Regular Army, which were supplied from this city with beans to bake in the coming campaign, have taken nearly all the little kernels of delight out of Boston.

Boston baked bean-less would be a horrible, not to say an unthinkable, state of affairs, but it is one that is possible of realization in the near future. As it is the price of pea beans, yellow eye, and kidney beans, the different kinds which may be used in the baking pot, is well high prohibitive, having shot up from 17 to 22 cents a quart in the past week. Beans are no longer sold by most retailers, and the few few carrying them sell them by the pound instead of the quart.

Plan to Limit Presidents in Campaign Expenses

Special to the Telegraph

Washington, D. C., July 14. — The House yesterday began consideration of the Rucker bill, designed to limit the amount of and give publicity to campaign contributions and disbursements of candidates for the offices of President and Vice-President and for Congress. Under provisions of this bill candidates would be limited to expending the following amounts: President, \$50,000; Vice-President, \$25,000; Senators, \$5,000; Representatives, \$2,500.

The bill is admitted the most drastic attempt to limit campaign contributions ever presented to Congress. The limit of \$50,000 for the amount to be collected and expended by either the Republican or Democratic party is considered entirely too small. It has been pointed out that either of the national committees will spend almost that much for postage alone.

Weakness of this provision was admitted on the floor by Representative Rucker of Missouri, the author of the bill, during his explanation of the action of the committee on elections in deciding to include the candidates for the nation's two highest offices within scope of the bill.

Python Is Killed as It Crawls Near Children

Pottsville, Pa., July 14. — A ten-foot python that crawled from a porch in West Market street, was killed by Sergeant Albert J. Smith, of the city police force.

The snake was crawling toward a number of little girls at play when Sergeant Smith saw it. He pulled off a fence paling and dealt the big reptile a death blow on the head. The python escaped from a carnival show and is believed to have become emboldened by hunger.

Typhoid in Altoona Is Traced to Ice Cream

Altoona, Pa., July 14. — Seventeen of the twenty-three cases of typhoid fever in Altoona yesterday were traced to ice cream sold by a dealer, according to the report of Health Officer Thomas G. Hupert, who closed the plant where the confection was made.

It was at first supposed that the outbreak was due to impure milk, but investigation showed that every family afflicted had bought ice cream from one dealer and that some had not purchased any milk. The health authorities are continuing their investigation.

POSTPONE FUND ACTION

County Commissioners and Commonwealth Trust Officers to Confer Wednesday

Because of the absence of Attorney Charles H. Berger, counsel for the Commonwealth Trust Company, and Charles C. Cumler, president of the Board of County Commissioners, no definite action relative to the future handling of the county sinking funds was taken to-day by the commissioners. The matter will be definitely threshed out, it is expected, at another conference of the company officials and the county authorities on Wednesday.

Naval Collier Reported Sinking in Heavy Sea

By Associated Press

Washington, July 14. — Wireless orders were sent to the coast guard cutter Seminole, off the North Carolina coast to-day to go to the rescue of the naval collier Delator, reported to be in distress in miles southeast of Charleston, S. C.

Appeals to any vessels in the vicinity to go to the aid of the Hector were broadcasted by the Navy radio station at Arlington. Although navy officials do not believe the collier can be in a serious condition reports from Charleston said she was thought to be sinking.

The Hector left Charleston Wednesday afternoon for Guantanamo and has on board in addition to crew fifty marine recruits to fill up vacancies in the marine expedition in Santo Domingo and Cuba.

Charleston, S. C., July 14. — The naval collier Hector bound for Santo Domingo, carrying 60 marines is reported sinking about 60 miles off Charleston. The light-house tender Cypress went out at 10 o'clock this morning to the assistance of the Hector, but was unable to breast the heavy seas, and returned.

The tug Vigilant, which had been in wireless communication with the Hector reported at 12:30 p. m. that a steamer was standing by, but it was not known whether she had transferred the marines and crew. Wireless communication is difficult.

At 1:30 o'clock this afternoon wireless advices were that the Hector was 14 miles of Charleston and was coming in at the rate of four miles an hour. Reports of her condition were not available but the steamer Alamo was in touch with her, ready to lend assistance.

TWO DEAD AT SUMMERVILLE

By Associated Press

Summerville, S. C., July 14. — Two men are reported killed and extensive damage done in Charleston by the storm which swept up the Atlantic coast last night and continued to-day. Meager dispatches from Charleston, 22 miles away, said at 1:30 o'clock this morning the wind still was high and that the water front had been inundated.

First reports indicated the two men were killed when the wind blew in the front of a store in lower King street. There was no street car service to-day. Trees and poles litter the streets.

CHARLESTON HAS TWO DEAD

By Associated Press

Savannah, Ga., July 14. — Two men were killed and great damage suffered by shipping in Charleston, according to a brief telephone report given to a dispatcher in this morning.

Charles M. Strong, local weather observer, received a telephone message from Observer Garrison at Charleston this morning. He reported the barometer at Charleston fell to 29.02 during the night with a north-west wind which reached 64 miles an hour yesterday afternoon. The highest velocity during this morning was 60 miles an hour between 2 and 4 o'clock. There had been no great damage to property and only one death, according to this report. The tides were very high.

Ohio Lad, 8, Would Go to Fight the Mexicans

Columbus, O., July 14. — "And a little child shall lead them," was the grand comment of Governor Frank B. Willis when he found in his official correspondence the following letter from Cincinnati scrawled in childish hand printing:

"Governor Willis—I am almost eight years old and want to be a volunteer in the Mexican war and want you to send me a gun and a sword and a pistol and a American flag."

"Baker pl. Walnut Street." While Bobbie is a little premature in his tender of service, according to the Governor, there is a serious sentiment in the letter which will call forth a respectful reply of the chief executive of a State to a patriot.

Institute Physician Has Cure For Infantile Paralysis

By Associated Press

New York, July 14. — Dr. S. J. Meltzer, of the Rockefeller Institute, received many inquiries to-day regarding his treatment of infantile paralysis which was the only one recommended at the special conference of the Academy of Medicine held last night to discuss the disease now epidemic in New York City. He urged the treatment of all cases by intraspinal injections of solutions of adrenalin.

"This procedure," said Dr. Meltzer, "may save life and in surviving cases it may reduce the extent of the final lesion. There is no danger involved. Monkeys stood a large dose as two cubic centimeters in a single injection. However, in human infantile paralysis the injections should begin with a dose of one cubic centimeter of adrenalin until more is learned of the effects."

The physician declared he had great faith in this treatment because of the remarkable results it accomplished with monkeys which had been artificially infected with infantile paralysis. In conjunction with other physicians he has conducted a long series of clinical experiments in this direction.

Girl and Youth Get \$8,000 For Kindness

Pittsburgh, July 14. — Henry Paul McPeake and his sister, Miss Lois McPeake, have just been made aware that it pays to be kind to an old invalid lady, in the fact that her will provides for the boy in the sum of \$5,000 and \$3,000 to his sister. So close was when Mrs. Anna Sutton Leach, a wealthy resident of Pittsburgh, was at a sanatorium at Markleton, there was also there as a patient young McPeake, who is a son of George C. McPeake, Republican nominee for the Legislature in Washington County, and when Lois came to visit her brother they got acquainted with the lonely widow. Between them they contributed to make life a little pleasanter for Mrs. Leach, and she promised not to forget them.

TREVINO WILL STAND BY MEXICO

In Statement Says He Is United With Carranza in Determination to Restore Order

By Associated Press

Chihuahua City, July 14. — A declaration that he and all other members of the Carranza government are mutually united with the firm determination of establishing order in Mexico, was made to-day by General Jacinto Trevino, military commander of the Northeast, in a statement given to the Associated Press.

Texas Guardsmen Drive Mexicans Across Border

By Associated Press

San Antonio, July 14. — To C Company, Second Texas Infantry, came the distinction to-day of being the first of the National Guard to exchange shots with Mexicans, when they prevented a raiding party from crossing the Rio Grande near Donna, Texas. Six armed Mexicans, attempting to enter American territory at 3 o'clock in the morning, were detected by outposts. They were ordered to halt, but continued advancing. The Texans opened fire. The fire was returned but discontinued after a minute, the Mexicans hurrying back to their own country.

None of the Americans was injured and it is believed none of the Mexicans were hit.

Six Carrizal Victims Are Buried at Arlington

By Associated Press

Washington, July 14. — The bodies of six negro troopers killed at Carrizal were buried at Arlington Cemetery to-day with full military honors. None had been identified.

A squadron of the Second cavalry escorted the dead soldiers to the cemetery. Secretary Baker and Major General Scott, chief of staff of the army, attended the service which was conducted by Chaplain George L. Baird of the navy. When a bugler had sounded taps, members of the National Memorial Association covered the newly made graves with flowers.

Trevino Orders Train of Forage For Pershing Held Despite Carranza's Orders

By Associated Press

El Paso, Texas, July 14. — Shipments of a trainload of forage consigned over the Mexico Northwest Railway to private individuals in Casas Grandes, Chihuahua, for use of General J. J. Pershing's expeditionary command, were held up in El Paso last night upon orders from General Francisco Gonzales, commanding the Carranza army in Northern Chihuahua. General Gonzales said he acted upon instructions from General Jacinto Trevino in Chihuahua.

Shipments over the Mexican railway for the American troops in Mexico, which had been forbidden during the recent crisis, were only resumed by permission of the Mexican government this week.

The incident was not generally regarded as serious, it being believed in Mexican quarters that negotiations are under way with Mexico City.

MORE HEAT COMING

Hot weather and more of it says the weather men in the forecast for the next 24 hours. No heat prostrations were reported, to-day, but the mercury began its climb at 8 o'clock at 74 degrees at 1 o'clock it reached 84 degrees.

The highest temperature yesterday was 91 degrees, but the showers in the afternoon sent the mercury tumbling to the seventies. Partly cloudy weather is forecast for the next 24 hours, with a forecast for to-night and to-morrow.

CLARKE TO GET HUGHES PLACE ON BENCH

[Continued From First Page]

was born at Lisbon, Ohio, September 18, 1857, graduated at Western Reserve University 1887, and was admitted to the Ohio bar in 1878. Up to the time of his appointment as district judge in 1914 he practiced law in the courts of Ohio, having a large and varied practice. He is a bachelor and has devoted most of his leisure of his life to reading.

Lifelong Democrat In politics he has been a lifelong Democrat and ran against Mark Hanna for the United States Senate in 1903. A sketch of his life given out at the White House to-day says "he has been conspicuous in Progressive movements in Ohio and in the nation at large" and "probably the most gifted orator in Ohio." Since becoming district judge in Cleveland he has taken especial interest in the naturalization and Americanization of foreign-born citizens.

Particular attention is directed in the White House sketch to the fact that despite his service as general counsel for a railroad before going on the bench, Judge Clarke in his campaign for the Senate advocated a 2-cent railroad passenger rate law.

In Cleveland Judge Clarke for a long time was associated in politics with the late Mayor Tom Johnson and Secretary Baker. He has been classed as a Progressive Democrat and has taken part in several reform movements.

The political complexion of the court is not changed, a majority remaining Republican.

Cabinet Discusses Sharks; Coast Guard Ordered Out

By Associated Press

Washington, July 14. — Tragic stories of attacks by sharks upon bathers along the New Jersey coast were discussed at to-day's meeting of the cabinet. Secretary McAdoo announced that the coast guard would be ordered to do what it could toward clearing the coast of the dangerous fish and preventing further loss of life.

Instructions were sent by the Treasury department both to the coast guard cutters and life saving stations. No definite plan of action has been worked out but the idea is to have the service aid in locating and killing sharks and when possible warn resorts of their proximity.

Secretary Redfield told the cabinet that the Bureau of Fisheries has been unable to offer any scientific explanation of the unprecedented attacks upon human beings.

Baseball Bugs on "Hill" Organize a "Big League"

Capitol Hill has now a baseball league, including teams from the Department of Labor and Industry, State Workmen's Insurance Fund, Department of Health, Highway, Game Commission, and the Auditor General's Department. The first game, under the league's schedule will be played this afternoon between the Highway Department and the Game Commission, on the grounds of the Harrisburg Athletic Club.

The organization of the league was effected by the election of Albert L. Allen, assistant manager of the State Fund, as president; William H. Ennis, Health Department, vice-president; Harry B. Clary, Game Commission, second vice-president; Lewis A. Irwin, Department of Labor and Industry, secretary, and James C. Fitzpatrick, Highway Department, treasurer.

Bylaws have been framed and the interdepartmental games of the series will be played during June and August after 4 o'clock in the afternoon following Saturday, according to the following schedule:

Trooper's Farewell Hug Breaks Girl's Rib

Altoona, Pa., July 14. — One of the members of Sheridan Troop was a little too violent in the farewell carouses for Mount Gretna, it has just been learned.

The young Tyrone woman, whose name is withheld to save her embarrassment, complained of severe pains in her right side for several days after the trooper departed. As it seemed to get worse, she consulted the family physician, who discovered that the paring "squeeze" had fractured two of her ribs.

Boys More Truthful Than Girls, Judge Says

Detroit, Mich., July 14. — Boys nearly always tell the truth. Girls seldom tell the truth.

Judge Hulbert had just finished a day's session when he made this statement. The court's figures on the veracity of the girls are interesting. There were about 1,400 boys taken to juvenile court last year. Judge Hulbert says that all but eight or nine of this number are absolutely truthful. In the case of the girls it is different. There are about as many girls as boys in court, and the Judge says that only about eight or nine of them are
