

Rub Out Rheumatism with WONDEROL

Stiff Joints Loosen Up Like Magic; Lumbago Relieved Over Night

Antiseptic Wonderol draws all the painful stiffness, soreness and swelling from rheumatic joints, and does it so surely and speedily it seems almost like magic.

First heat Wonderol, then rub in gently and bind up with flannel. It never just drives pain from one spot to another, but draws it right out of the body.

HARRISBURG MAY LAND FARM BANK

City's Location in Midst of Agriculture District Big Factor Under New Act

Harrisburg has been suggested as a desirable city for the location of a farm bank under the new Federal Farm Loan Act.

Philadelphia bankers are making a strong effort to obtain a land bank, but in view of the fact that Philadelphia already has a Federal Reserve bank, Harrisburg's chances are said to be good.

If a farm bank is located in Harrisburg, it would be in the second district which includes New York, Pennsylvania, New Jersey and Delaware.

It is said that located within easy reach of the agriculture districts of the several States mentioned, Harrisburg offers strong inducements for a farm bank.

What Act Provides An outline of the Farm Loan Act follows: Provides for creation of 12 Federal land banks and permits establishment of joint-stock land banks for the making of loans at reasonable interest for long periods on farmlands.

Federal land banks empowered to lend on first mortgages on farmlands in amounts of \$10 to \$10,000. No loan may be made for more than 50 per cent. of the value of the land mortgaged and 20 per cent. of the value of the insured improvements.

National Farm Loan Association—local organizations composed exclusively of borrowers—are authorized. These associations must be stockholders in the land banks in proportion to the amount their members wish to borrow.

Reasonable interest rate established. Federal land banks are prohibited from charging more than 6 per cent. Borrowers will share in profits of the bank.

Mortgages allowed for periods of from 5 to 10 years. Small annual or semiannual payments on principal a required feature.

Thin Folks Who Want to Get Fat

Increase in Weight Ten Pounds or More I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman.

It is impossible, despite past failures. Nutrition people are victims of malnutrition. A condition which prevents the fatty elements of food from being taken up by the blood as they are, when the powers of nutrition are normal.

Instead of getting into the blood, much of the fat and flesh producing elements are denied them. This can probably be corrected by eating a Sargol tablet with every meal.

Sargol is the intensive nutrient, instead of getting into the blood, much of the fat and flesh producing elements are denied them.

To correct this condition and to produce healthy normal amount of the nutritive processes must be artificially supplied with the power which nature has denied them.

This can probably be accomplished by eating a Sargol tablet with every meal.

Sargol is the intensive nutrient, instead of getting into the blood, much of the fat and flesh producing elements are denied them.

NOTE—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.—Advertisement.

HARRISBURG CAVALRYMEN NOW AT CAMP THOMAS J. STEWART

Governor's Troop, Now Troop C, First Pennsylvania Cavalry, Stationed Near Fort Bliss, Eight Miles From El Paso

A letter received here yesterday from Captain George C. Jack, commander of Troop C, First Pennsylvania Cavalry, U. S. N. G., Harrisburg's Governor's Troop, says all of the officers and men of the troop are well and enjoyed the trip to the Southern border, barring the intense heat in the cars at times on the trip down.

The First Cavalry, of which the troop is a part, is located at "Camp Thomas J. Stewart" on the Amalgordo road, eight miles from El Paso, three miles north of Fort Bliss, on a dusty prairie, where it is very warm and dry.

It is said to be the intention, under an order from Washington, to organize in the cavalry regiment a supply troop, a headquarters troop and a machine gun troop.

Since arriving at Camp Stewart the members of the troop have been given their second inoculation for typhoid fever and the third will follow in about ten days.
