STATUE IN HONOR OF ROBT. E. LEE

State of Virginia Will Dedicate Monument to Famous Commander at Gettysburg

Special to the Telegraph. Gettysburg, Pa., July 20. — The statue in honor of Robert E. Lee, the commander of the Confederate army at the battle of Gettysburg, will be dedicated on Tuesday, October 17, word having been received to that effect.

PICNIC SWIMMER DROWNS

Champion Barely Escapes Same Fate in Deep Hole

Special to the Telegraph. Marysville, Pa., July 20. — Stepping into a deep hole in the Susquehanna while indulging in a frolic bath at a Sunday school picnic, Florioan McCann, 7-year-old son of Jere McCann, was drowned, while Milton Fesler, aged 12, son of Porter Fesler, was rescued after he had gone down the third time, in an effort to save his companion.

Funeral services will be held at the home of the parents, Mr. and Mrs. Jere McCann, in Lincoln street, on Saturday afternoon at 1 o'clock, conducted by the Rev. J. F. Wiggins, pastor of the Church of God. The body will be taken to Duncannon on the 2 o'clock train and further services will be held in the Duncannon United Brethren Church. Burial in the Duncannon Cemetery.

BOY HURT BY AUTO. Lewistown, Pa., July 20. — Cleon, a 7-year-old son of William Henry was struck by an automobile driven by Ira Dreese, yesterday. Another lad was throwing stones at a dog and he backed in front of the automobile. The fender of the car struck the lad cutting a deep gash near one eye and injuring his left leg and arm.

Try Another New Auto Fuel With Good Results

Stroudsburg, Pa., July 20. — A substitute for gasoline has been discovered by Reeves J. Bush, a local harnessmaker, after months of experimenting. In a demonstration an automobile was driven 53 miles an hour, consuming at high speed one gallon of the substitute composition in covering 23.7 miles on a State road. Hills which ordinarily require drivers to throw into second gear were taken on high at a speed of from 30 to 40 miles an hour. The substitute is said by Mr. Bush to be a compound of chemicals which under ordinary conditions would cost less per mile than gasoline.

McNeil Deposed to Give Guffey Postmastership

By Associated Press. Washington, July 20. — Dr. George W. McNeil was removed as postmaster of Pittsburgh because of a political difference with the recognized Democratic leader of Allegheny county and because he refused to remove the assistant postmaster, a Republican. This was the assertion made here today by the deposed postmaster. Credence is given to this explanation by the manner in which the story of his removal was published in the bulletin circulated among the postmasters in attendance here at the convention of postmasters. Immediately upon dismissing McNeil, the President nominated Alexander S. Guffey, brother of Joseph F. Guffey, the Palmer leader in Allegheny county. Officials of the department deny that politics had anything to do with the removal of McNeil and insist that his dismissal was due solely to insubordination and failure to cooperate with the department. The impression prevails here that the trouble dates back to the county commission fight some months ago when the Guffeys and McNeil were on opposite sides of the contest.

Will Enter Suit For Rich Property in Philadelphia

Pittsburgh, July 20. — Property valued at millions of dollars in Philadelphia and Washington, D. C., will be sued for by the "Betsy Ross Heirs Association," according to A. Seligson, of this city, who was engaged to look after the claim for the heirs of Betsy Ross. Suit will be entered in the Philadelphia courts within the next 10 days, he said. The property includes the site of the John Wanamaker building and the old Mint site in Philadelphia, part of the site of the United States naval station at Washington, D. C., and other valuable property.

APPELL BUYS YORK THEATERS

Nathan C. Appell, who yesterday withdrew from the theatrical firm of Wilmer, Vincent and Appell, managers of the Orpheum, Majestic and Colonial theaters in this city, has assumed full charge of the York Opera House and Orpheum Theater at York. Manager Appell has taken over all York interests of Wilmer and Vincent, and also purchased the interests of B. C. Pentz of the York Opera House. He will conduct the Orpheum Theater as a vaudeville house.

FALLS FROM 18-FOOT ROOF

Falling from a roof eighteen feet to the ground yesterday afternoon at 629 Forest street where he was superintending a job, Mervin Eackentoss, contracting contractor, fell from a roof, received serious injuries to the back and a possible fracture of the ankle. He was taken home.

MACCABEES MEETING

New Cumberland, July 20. — Tomorrow evening the Woman's Benefit Association of the Maccabees, will meet in their new rooms in Third street.

Suppose You Did Not Save 30c

on each ton of coal purchased in summer — but you did get a better grade of fuel — wouldn't it be policy to put in your supply?

In and around the coal mines much machinery is necessarily exposed to the weather.

In good weather exposure does not effect mining operations.

But when the temperature ranges from zero to 15 degrees below it is a difficult matter to prepare coal properly

Coal purchased now does save you 30c per ton. Besides you get more uniform quality which is worth an additional 30c to 50c per ton.

Order now before prices advance. United Ice & Coal Co. Forster & Cowden Sts. Third & Bond Sts. 15th & Chestnut Sts. Also Steelton, Pa.

Death List in Southern Floods Mounts to 75

By Associated Press. Asheville, N. C., July 20. — The list of deaths from Sunday's flood in five southwestern States which has been constantly growing as channels of communication were restored, stood at 75 to-day, with one person still reported missing. Most of the deaths have been in Western North Carolina and investigators returning yesterday from isolated mountain hamlets brought reports that raised the death toll from yesterday's 34.

Property loss also has been heavy, great damage being done to railroads industrial plants and agricultural interests. This has been confined to a great extent to the Carolinas, but adjacent portions of Tennessee, Virginia and West Virginia also suffered.

CITY OBLIGATION BEFORE BOARD G. O. P. COMMITTEE HOLDS MEETING

Reading Raises a Compensation Question Which May Establish a Rule Hughes Gives Members His Ideas in Regard to Tour; Discuss Maine

Maintaining that the Supreme Court of Pennsylvania, upholding the constitutionality of the workmen's compensation act, based its decision on the fact that no person was deprived of the right of trial by jury unless he voluntarily waived the right, the City Solicitor of Reading yesterday appealed to the Workmen's Compensation Board for reversal of the award of more than \$3,000 to Mrs. Ida B. Smith, of Reading, whose husband, a policeman, died last February from injuries received in the course of his duties. The city solicitor, Joseph R. Dickenson, maintained further that a policeman is really not an employee of a municipality, but an officer of the State, because his duty is to preserve the peace for the State. The municipality appoints and pays the policeman, but not to perform routine duties such as must be performed by other agents in the management of the municipality. The award was made by Mrs. Smith last April by Referee Paul G. Houck. The commission made no decision.

Another vital decision will be announced shortly, following the hearing by the board yesterday of the appeal of Mrs. Brod & Co., Inc. of Wilkes-Barre, against whom Referee Houck awarded damages to the widow of a mine worker based on the miner's gross negligence during the year previous to his death last January. Roger J. Deaver, representing the United Mine Workers of America, presented the appeal. Mrs. Jacob Reitmeyer, of Sheppton, widow of the miner who lost his life. The argument surrounded the question of whether damages should be awarded according to the miner's wages received after cost of supplies are deducted or whether the hiring scale should be used as the basis for the calculation.

General Attack Upon American Gold Reserve Is Predicted After War

Washington, July 20. — A general European attack upon America's unprecedented gold reserve and foreign trade at the close of the war is predicted in a statement submitted to the Senate July 19 by the National Foreign Trade Council urging passage of the Webb bill to permit American combinations in the export trade.

Pointing out that the present enormous export business is due largely to an abnormal war demand the council says the liberty to co-operate, which rivals and customers of American firms have enjoyed, has produced highly organized selling agencies and that the United States cannot hold its position in the world of business if European industrial and governmental cooperation versus American competition is to continue.

Of present conditions in the United States the statement says: "As all bank credits are based on the gold reserve, loans and discounts have increased in proportion until there exists a structure of credit in domestic as well as foreign commerce, supporting expansion of business so rapidly that there is a serious shortage in the United States to-day a justifiably idle able-bodied man."

Eno Will Is Set Aside; Pinchots Are Now Heirs

New York, July 20. — Columbia University loses a bequest estimated at from \$4,000,000 to \$8,000,000 as residuary legatees under the will of the late Amos F. Eno as a result of a verdict of the jury before Surrogate Cohanlan yesterday setting aside the will. This decision establishes the validity of a new will made in January, 1914, which did not mention the University, but gave the residuary estate to a brother, Dr. Henry Clay Eno, and a sister, Mrs. Mary E. Pinchot, both of whom died before their brother. The Eno and Pinchot wills each get \$1,000,000. The jury, which has heard the case 44 days, reported a decision after deliberating four hours. The Surrogate denied a motion to set aside the verdict.

Kern Sees President in Reference to Child Labor

Washington, July 20. — After a conference with President Wilson to-day on the Child Labor bill, Senator Kern, the Democratic leader, said he was unable to predict whether an attempt could be made to pass the measure at this session of Congress. "I favor remaining here until the measure is passed," he said. "A great many Democrats and some Republicans take a similar position, but there is also a very active opposition. If the bill gets before the Senate I have no doubt it would pass by a two-thirds vote."

Say Crews Break Windows to Give False Impression

Pat Hylan, motorcycle officer reported to Sheriff William Caldwell to-day that two crews on North Sixth street had smashed the windows in the cars to create a big commotion and that they had been interfered with by strike sympathizers. Hylan was on his way home for luncheon when a woman called his attention to broken glass on the street along the car tracks. The officer followed the cars to Sixth and Division streets, and at intervals noticed pieces of glass coming from the inside of the cars. He stopped both cars and told the crews they must not move until the sheriff arrived. In the meantime Officer Hylan notified the Sheriff who made an investigation.

CAR HITS WAGON

Charles Emerick, aged 28, 1441 Zarker street, driver for the Standard Baking Company, was slightly injured this morning when a street car, ran into the wagon which he was driving. The accident occurred at Market and Evergreen streets. Emerick received a bruised right leg and a sprained left ankle. The street car hit the wagon and knocked Emerick out onto the asphalt. The crew was arrested by several deputy sheriffs and taken to the Railways company offices where they were released.

Schleisner's Men's Store 28-30 and 32 N. Third St.

\$7.50 \$8.50 \$10.00

Strike News Nab Strike Breakers on Charge of Carrying Concealed Weapons

On Allison Hill district Peter Valentine, alias Elias Lazar, a Rumanian, and T. Moro, an Italian, were arrested this morning charged with carrying concealed deadly weapons. These men, both strike-breakers, were in charge of a car running between Market Square and Twenty-third and Derry streets. Both carried ugly looking blackjacks.

While enroute to the city the car ran into a delivery wagon of the Royal Laundry Company at Thirteenth and Derry streets. Both Valentine and Moro got out of the car and fixed the fender which had been broken in the collision. When Valentine who was acting as motorman stooped over, Deputy Sheriff Fred Shickley noticed the blackjacks sticking out of the motorman's pocket. At the same time Charles Houser, another deputy, found a blackjack in the pocket of Moro, the conductor of the car.

The Rumanian said he was a chauffeur and came from New York. Moro claims to be an ironworker and said his home is in Newark.

Egg Thrower Arrested; Held Under \$1,000 Bail

Thomas Walker, colored, aged 18 years, 118 Hancock street, was arrested this morning on charges of throwing eggs at a trolley car. He was sent to jail in default of \$1,000 bail to await further action by District Attorney Michael E. Stroup.

The colored boy said he walked into a store near Thirteenth and Market streets to buy a bag containing eggs, and after others had thrown eggs at the car, he took the last egg and sent it through a car window. He was unable to give the names of the other egg-throwers but said that Detective James Walters a description of the men and boys who had eggs. It is expected other arrests will follow.

Removal of Grade Crossing Benefited Railroad Only Feminine Witness Testifies

At the continued viewers' hearing on the Second and Front street subway improvement cases to-day, a feminine witness advanced the opinion that the elimination of the grade crossings and the construction of the underground ways, benefited the Cumberland Valley Railroad Company rather than the city or the abutting property owners. "For the twenty-eight years I've lived in that vicinity," she said, "and to my mind the danger from the single grade crossing was really minimum."

Half a dozen witnesses testified to the difference in the value of properties in Mulberry River and South Second streets, which, in their opinion, had resulted from the subway improvements. The sums ranged from \$600 to \$2,500 on properties originally worth \$2,000 to \$4,500, respectively.

WRECK RAIDING ZEPPELIN London, July 20. — The Zeppelin which recently raided Riga was hit several times by Russian anti-aircraft guns and wrecked near Tukum, according to a Central News dispatch from the Hague quoting reports received at Cologne. The majority of the crew of the airship was saved and German engineers rescued the engine and other parts of the machinery.

The Delicate Flavor of Malted Barley--

So rarely found in cereal foods — plays a valuable and necessary part in the digestibility of

Grape-Nuts

Blended with prime whole wheat, there results the distinctive Grape-Nuts flavor so attractive to the palate.

Full of sterling nutrition, Grape-Nuts food is twice baked (about twenty hours) and rendered easily and quickly digestible—generally in about one hour.

Many physicians recommend Grape-Nuts—

"There's a Reason" Sold by Grocers everywhere.
