

TO DRINK SPRING NOT CITY WATER

Sanitary Hospital Connects With Almshouse Supply Pending Bridge Erection

Present attendants and any future patients at the city sanitary hospital will drink spring water instead of the filtered product from the city's reservoir for a while.

The city sanitary hospital for several years has been supplied with a four-inch main that leads across the Almshouse lane from Ferry street.

Ask Church Charter.—Application will be made August 14 to the Dauphin County Court for the incorporation of the First Church of Christ, Scientist, which is building its new home at Front and Seneca streets.

Be Careful in Using Soap on Your Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified coconut oil, for it is pure and entirely greaseless. It's very cheap and beats the most expensive soaps or anything else all to pieces.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily.

WORK FOR 20,000 TO BOOST HIGHWAY

William Penn Governors Have Important Session Ahead of Them Tuesday

When the board of governors of the William Penn Highway Association meets at the Bellevue-Stratford Hotel, Philadelphia, next Tuesday morning it will have for its consideration a number of matters of great importance to the highway which serves, directly and indirectly, 7,000,000 inhabitants of Pennsylvania.

The governors, for one thing, will determine the route to be followed from Norristown to City Hall, Philadelphia; they will discuss a membership campaign whereby it is hoped to increase the highway membership 20,000; they will discuss the "Women's William Penn Highway Federation," proposed by Mrs. George W. Dibert of Johnstown, former State suffrage chairman; they will hear the report of a committee appointed to hear the claim of Mount Union, Huntingdon county, which demands a "place in the sun"; they will determine whether the Pike's Peak highways from Harrisburg south through Gettysburg to Washington and from Reading east through Allentown and Easton to New York shall be known as William Penn roads or as "Pike's Peak extensions."

Philadelphia is showing increasing interest in the William Penn proposition. N. B. Kelly, general secretary of the Philadelphia Chamber of Commerce, has assured the association that representatives of the Chamber will be present at Tuesday's meeting. Several other organizations will also be present.

It has been suggested to the association that its route into City Hall, Philadelphia, be over Philadelphia's proposed Parkway. The highway, in all probability, will use Lincoln Drive to the Green street entrance of the park, although this has not finally been determined.

Useful lengths for vestibles, pantries, bathroom and small kitchens; good patterns.
