BLACK LOSES HIS ELECTRIC CASE

Public Service Commissioner Magee Decides Against Highway Commissioner

The State Public Service Commission decides against Frank B. Black, the present state highway commissioner.

The opinion was written by Commissioner Magee and holds that the Garrett company is justified in refusing to give Mr. Black current at a six-cent rate because he obtained that rate from the predecessor of the company when he had built a pole line from the borough line to his rural home to oblige the plant it raised the rate to ten cents.

Mr. Magee holds that the contract appears to have been indeterminate and therefore voidable, that there is no reason why Mr. Black should not pay what people within the borough pay and that the company is not obligated to buy the pole line.

To Fight It Out.—The Ambridge Borough Light, Heat and Power Company will bring their conflicting claims as to the right to operate in the borough of Ambridge before the Public Service commission next week.

Capital Increase.—The Ironton Railroad company, of Easton, which recently consolidated with the Thomas Railroad company, has filed notice of increase of stock from \$200,000 to \$1,000,000 at the State Capitol.

Hearing Closed.—John P. Dohoney, sitting as examiner, last evening completed hearings at Washington, Pa., in the case of the coroner of Washington county against the Pennsylvania lines in which protection for grade crossings is asked at Arden.

Will Return Next Week.—William H. Ball, secretary to the Governor, is taking a brief vacation. He will return to the city early next week.

To Try Prison Labor.—The commissioners of Montgomery county are arranging to try out the new prison labor act by having it operate in the manufacture of a county-owned plant.

Mustering Officers.—Lieutenant Colonel James E. H. F. Conrad have been appointed mustering officers for the Ninth and Thirtieth regiments. Major W. H. Straub will act for the separate battalion.

Boarding Governor.—Brumbaugh has sent from Maine his approval of the bonds of Insurance Commissioner O'Neil, Highway Commissioner Black and Fire Marshal Port.

Inspecting Toll Roads.—Highway Commissioner Black and Chief Engineer Uhler are in Montgomery, Bucks and Chester counties to-day inspecting toll roads which it is proposed the State shall acquire.

More Jitney Cases.—A number of new applications for certificates for jitneys in western counties are listed for the hearing of the Public Service Commission to be held Monday.

Cases in Philadelphia.—Four cases of infantile paralysis were reported from Philadelphia at the State Department of Health yesterday.

Must Repair Road.—The opinion of Commissioner Brecht in the Manor Turnpike case issued last night, requires the company to improve its turnpike by November 1, offering the expert advice of the Bureau of Engineering of the commission. The plans must be completed within twenty-one days.

Giving Advice on Moths.—The crop advisers of the Department of Agriculture have been instructed to advise farmers how to guard against the grain moths, which are about due to appear in barns. The department will issue a circular on the subject.

Will Have Hearing Later.—The Public Service Commission will have a hearing later on in the summer in the complaints of automobile organizations against the Bucks and Dauphin turnpike. It is possible that some boroughs which have allowed roads to go to pieces may be included in the action.

West End Club Opens Roof Garden With Big Crab Supper and Talks

Formal opening last evening of the roof garden of the West End Republican Club was celebrated with a great crab supper at which 200 or more attended. The club is located in the West Shore Republican Club, Fairview, and the Mechanicsburg Republican Club.

The addresses were full of the "booster" spirit for a vigorous Fall campaign, a little talk by Clarence F. Snyder, the secretary, being particularly forceful. Other speakers were A. A. Peifer and George A. Miller, trustees, and W. F. Keys and John S. Snavely, presidents respectively of the West Shore and the Mechanicsburg clubs.

MRS. KATHARINE HEFFNER Funeral services will be held on Saturday evening at 7:30 o'clock for Mrs. Katharine Heffner, aged 69, who died at her home, 1116 Penn street yesterday. REPORT MONTHLY ON TAX RETURNS

County Commissioners Will Require Statements From Collectors Every Thirty Days

Dauphin county tax collectors hereafter will be required to file monthly statements of their collections with the county commissioners.

The board took this step at the suggestion of County Controller Gough.

In these reports the collectors will set forth the name of the property owner who pays, the character and location of his property and the amount. By this means the property-holder can receive due credit on the duplicates in the office as the payments are made.

Bar "Quadrangle."—Rearrangement of the seating accommodations for the members of the Dauphin county bar inside the bar enclosure of the courtroom in the form of a "quadrangle" instead of the semi-circle may be permanently adopted.

Honor Fisher and Moyer.—When the various boards of county commissioners of the State meet in Meadville in annual convention August 8, 9 and 10, they will be welcomed by Superior Court Judge Henderson and the response on behalf of the assembled commissioners will be made by Philip S. Moyer, Dauphin county's solicitor.

Invest Sinking Funds.—Bids will be received until 4 p. m., August 3, by the Commonwealth Trust company, trustee for the county sinking funds for the sale of enough 1901 bonds to permit the investment of \$22,577.64.

Because of the absence of counsel for the Commonwealth Trust company, the expected conference to-day between the company officials and the commissioners relative to future disposition of the sinking funds had to be postponed once more.

Sustained by Higher Court.—In affirming the decision of the Dauphin county courts yesterday, the State Superior court sustained the method of distribution of the funds of the Guardian Fire Insurance company as suggested by Assistant District Attorney F. B. Wickersham. Exceptions to the report were dismissed by the local courts and the case was appealed.
