WELSH-WHITE BOUT IS OFF

Minneapolis, Minn., July 22. — Inability to agree upon a referee caused the cancellation yesterday of the proposed 10-round bout between Freddie Welsh, English lightweight champion, and Charley White, of Chicago, which was to take place here to-night. It was said that efforts are being made to arrange a 20-round match between Welsh and White for the lightweight title, to be held at Colorado Springs, Col., Labor Day. Negotiations for this match will be continued in Chicago to-morrow.

SATURDAY EVENING.

It was worth the price of admission to deduce a dozen games to see an exhibition like that offered by Harrisburg.

Parsons pitched and had several brief intervals of weakness, but back of him was a loyal team. Hard hot balls, labeled for two and three bases, and several for home runs, were nipped by infielders, and the outfield stars. Cook was the sensational boy. Mills, Elliott and Reed were in evidence, too.

Top notch baseball.

Baseball fans who miss the games these days will be sorry.
Cook was a real robber at second pulling in hits.

Blair's work on the coachline is a big factor and interesting feature.
Those one handers of Cook's made the crowd cheer.
Brown's foul catch along the fence was one of the many sensational plays. They happen every day.
Harrison covers his territory with lightning speed.
Mills had a hot yesterday. He is coming round. This boy is moving some at first bease.
No games until next Saturday. Then see both games with Utica.
Local patrons are overlooking many good bets these days.
Brackett is a great star for the Binghamton team.
"Red" Calhoun said last night, "I will have to hand it to Blair and Cockill. They have a fast team."

Two Millions in Packard Trucks for U.S. Army

The U.S. War Department has just placed an order for 198 additional Packard Chainless Motor Trucks, making a total of 716 Packards, valued at more than \$2,000,000, purchased by the government since March 20, 1916.

This sixth repeat order, calling for more than half a million dollars' worth of trucks, is based solely on the performance of other Packards already in the field with the U. S. Army.

The terrific grind of border service has proved the superiority of Packard transportation for military work, just as strenuous, every-day hauling in every line of trade has made the Packard supreme in the commercial world.

It is highly significant that a very large proportion of the Packard trucks produced are being absorbed by repeat orders from satisfied owners of Packard equipment.

Our transportation engineers will gladly analyse your hauling problem. There is no cost for this service, and you are not obligated in any way.
