CUTICURA SOOTHES RASHES AND ECZEMAS

So that Itching Ceases. Sleep Follows. Rest Comes At Once.

"I had eczema on my face, head, back and limbs. It came in pimples and the places around them were red and itchy, and when I scratched, there came blood. I could not sleep with it, and I would walk the floor all night it pained so much. A friend told me about Cuticura Soap and Ointment so I bought them, and I used about three bars of Cuticura Soap and two boxes of Cuticura Ointment and I was healed." (Signed) A. Lee, 71 Warwick St., Newark, N. J., Feb. 16, 1916.

It does not take you long to find out what Cuticura will do for eczemas, rashes, itchy skin, burnings, fiery, watery pimples, etc. Rub the affected surface with Cuticura Soap and hot water, dry lightly and apply Cuticura Ointment. At once the itching ceases, sleep and rest follow, and complete healing in most cases results in continued use of these fragrant, super-creamy emollients.
