Measures For Relief of Public

MAYOR TAKES A HAND CAPTURED IN POLAND

Drivers Who Make Unjust Fare Demands

A committee from the street car union is to-day considering measures for the relief of the public from unchal of the French aviation corps, last just charges of jitney drivers, the month left French soil and flew over for the relief of the public from unjust charges of jitney drivers, the over-crowding of cars and other matters of the kind complained of. At the same time that this information was given to a reporter it was said the union does not despair of an early settlement of the strike and that the situation to the minds of Chairman Hugh L. McLaughlin and Vice-President Thorpe is nearer a solution than is apparent on the surface.

The union leaders say they would like to have the names of all persons over-charging for jitneys and will endeavor to protect the public in this respect. Most of the jitneys are fair, they believe.

Mayor E. S. Meals issued orders this morning to Chief of Police J. T. Zeil to instruct all of the officers to arrest jitney drivers who are overcharged to obtain the license number of the jitney and report it to the Chief of Police so that the authorities can prosecute the owner or driver of the car.

Arrests to Be Made

Mayor Meals stated emphatically that overcharging will not be tolerated. He stated that arrests will be made and fines imposed if the passengers co-operate with the police and report the license number of the jitney so that prosecutions can be started.

The Mayor explained that because of the trolleymen's strike he has permitted Jitneurs to operate autos without furnishing the bond and taking out the license required by ordinance, but declared that the fares must be five cents to all points reached by trolley cars for that sum.

Vice-President Thorpe, with other union leaders, this afternoon asked the passengers of jitneys when overcharged to report the license number of the automobile to P. H. Irwin, 527 South Sixteenth street, secretary of the local division.

Strikers also announced that their pickets reported that people were being paid by the railways company to ride on the cars and that the alleged strike-breakers continue to break standing rules of the company. New badges will be received this evening for the union men and will be distributed.

Chief of Police Zeil stated this morning that this will not be tolerated, as it is a flagrant violation of city traffic rules, and has ordered all officers to watch for violators and arrest them. On Saturda, Alderman James B. Deshong, committing magistrate at police hearings this month, fined three violators \$25 for similar offenses. It was announced by Chief of Police Zeil that Alderman Deshong will be in charge of hearings during the month of August also. Several other traffic violators charged with speeding were given hearings this afternoon.

E. Wickline, 1209 Mulberry street, a driver for the Peiffer Line, charged with obstructing traffic in Market street this morning, was arrested by city detectives. He was given a hearing tennoon before Alderman Deshong.

WHY NOT DO IT HERE! Everyone Must Stand When "Star-Spangled Banner" is Played in Baltimore

Baltimore

Baltimore, Md., July 24. — Policemen to-day began distribution of copies of a municipal ordinance providing that "musicians, performers or other persons shall stand while playing, singing or rendering "The Star-Spangled Banner." Any person vtolating the provisions of the ordinance "shall be guilty of a misdemeanor, and upon conviction shall be fined not more than \$100."

Distribution was made to all theaters, moving picture halls, restaurants and cafes, and to officers of all musical unions or branches in Baltimore.

HUGE MUNITION ORDERS

More Than \$453,924,000 Spent Here Since Beginning of War Special to the Telegraph
Washington, D. C., July 24.—Figures compiled by the Department of Commerce showing that the American exportation of ammunition and firearms since the beginning of the European war has been in excess of \$453, 924,011. For the three years prior to the war the exportation amounted to \$2.379,206.

The figures cover the period of August 1, 1914, through May of the present year. The figures for June have not yet been made available.
The tremendous increase in exports, of course, are not confined to ammunition and firearms. Other items which must be classed as war material, such as horses, automobiles for service at the front, army clothing, venisons and food, barbed wire or entanglement, copper, brass and steel, copper for making gun cotton and a thousand and one other articles to be used in military operations.
