

HELFRICH GIVES SYRACUSE TWIRLER HARD BATTLE---WELSH TO MEET WHITE

WELSH TO FIGHT CHARLEY WHITE

Twenty Round Battle to Take Place at Colorado Springs September 4

Chicago, July 25. — Freddie Welsh, lightweight champion, and Charley White, of Chicago, signed articles here yesterday for a bout of 20 rounds to a decision to take place in Colorado Springs, Col., Labor Day, September 4. The promoters guaranteed a purse of \$17,500.

The bout will be the first one of 20 rounds in which Welsh has taken part since he defeated Willie Ritchie for the world's championship at London, July 7, 1914. He took the title on a decision in that match and has agreed to surrender it on a decision Labor Day should Billy Roche, of New York, selected as referee on insistence of his manager, Harry Pollok, give a verdict against him.

Welsh Gets Big Money Welsh, because of his concessions as to the decision and his possession of the title, will take down \$13,500 as his share of the purse, with the option of taking 50 per cent of the receipts should they go above \$27,000. White's share is to be \$4,000. Welsh also comes in also for 51 per cent of the moving picture receipts. Edward Pitts, of Denver, who represented the Colorado promoters, said he would build an open-air arena to seat 14,000 persons. He put up a \$50,000 forfeit. Welsh put up \$25,000 and White \$10,000.

The bout will be under Marquis of Queensbury rules. The men agreed to weigh in at 135 pounds at 9 a. m. the day of the bout, or about five hours before they are to enter the ring. They agreed to begin training at Colorado Springs two weeks before the day of the fight.

The bout will be the fourth meeting of Welsh and White. The champion has had the better of the encounters so far, but White is hopeful of winning over a long route.

GAME COMMISSIONERS MEET Bunches of bingles in the fifth inning brought a victory last evening for the Game Commissioners team over the Insurance Fund Department team score, 7 to 6. The score was 2 to 6 up to this time. Five runs were scored by persistent hitting. Crawford, Bowman, Clary, Brewster and Baum were hitting stars. Dick Sellers was the Insurance Department star.

SYRACUSE WINS; EHMKE BIG STAR

Helfrich Gives Sensational Twirler Hard Battle in Greatest Game of Season

Syracuse, N. Y., July 25. — Helfrich of the Harrisburg youngsters gave Ehmke of the Syracuse pitching sensation the hardest fight in his career yesterday. The locals won out in the thirteenth, score 3 to 2. Harrisburg was in the game from start to finish, and outside of Ehmke's work, Syracuse had nothing on the Cockkill crew. It was the greatest game of the season in the New York State League.

Ehmke turned in his twentieth straight victory. The tall youth, who hasn't been beaten since early in May, hurled a remarkable game. He allowed the Pennsylvanians but three hits and struck out eighteen batters. He lost control momentarily in the seventh, and Harrisburg bunched bases on balls and a hit for two runs.

Before and after this they were helpless before the baffling speed of the lad who is much sought by big league clubs. Helfrich, pitching for Harrisburg, gave the local star a keen fight. He was hit safely nine times. Syracuse registered its first run in the opening inning and another in the eighth, and then didn't have another chance until the winning run was chased over the plate in the thirteenth.

Table with columns AB, R, H, O, A, E. Rows for Harrisburg and Syracuse players including Cook, Layden, Brown, Harrison, Downey, Elliott, Wheat, Mills, Helfrich, and Totals.

NO WASTE LAND IN LANCASTER

Report of United States Department of Agriculture Places County in Leading Rank

Washington, D. C., July 25. — A report of the soil survey of Lancaster county, Pennsylvania, recently conducted by the United States Department of Agriculture and the Pennsylvania State College has just been published by the Federal Department. This report has just been published by the Federal Department. This report includes a large map showing in colors the different kinds of soil found in the county and reference is made to railroads, highways, rivers, streams, churches, schools and other landmarks.

Lancaster county, says the report, has long ranked as one of the leading general farming communities in which intensive farming methods are employed. There is little doubt, it is said, that the systems of crop rotation which have been generally followed for many years have been the chief means of maintaining the high state of productiveness of the soils. General wheat, corn and clover rotation is practiced, but on some soils this is lengthened to six years and on some of the smaller farms reduced to three. Wheat yields vary from about 15 bushels on soils poorly adapted to the crop to 40 or 45 bushels on the Hagerstown soils, the average for the county being about 23 bushels per acre in gross returns wheat ranks next to tobacco. Corn is second in acreage, being grown widely throughout the county. Practically all of the corn is husked and fed on the farm. Tobacco has been for many years an important source of income, Lancaster being the leading tobacco producing county in the State. Pennsylvania Seedling and Pennsylvania Havana are the varieties grown and the Hagerstown, Conestoga, Manor, Chester and Elk soils are used most extensively for the crop. The Hagerstown soils produce as high as 2,500 pounds per acre and the average for the county is about 1,300 pounds.

In recent years Irish potatoes have supplemented tobacco to some extent as a money crop. Rye is not important, and buckwheat is grown to a very small extent. Of the hay crops mixed red clover and timothy constitute about 90 per cent of the total. Commercial orcharding is comparatively new in the county but nearly all the farms have small orchards to supply the home demand. Small fruit and vegetables are grown on many farms in conjunction with general farming, and strawberries have proved successful. There is little waste land. Corn yields of as high as 125 bushels per acre occasionally are reported, as much as 40 bushels of wheat per acre has been produced. Clover does well. Peaches give heavy yields of fruit, a four-year or five-year rotation is well indicated, alfalfa should prove profitable.

Coveleskie Pitches Cleveland Into First

HARRY COVELESKIE New York, July 18. — Cleveland passed the Yanks and thereby gained top place in the American League pennant race. Harry Coveleskie, pitched the team to victory and showed unusual pitching skill.

NEW INDUSTRY AT COLUMBIA Special to the Telegraph Columbia, Pa., July 25. — C. R. Strickler, manager of the East Columbia Land Company, has closed a lease with a firm in Paterson, N. J., for the large vacant factory building in that section of the borough. The building was formerly occupied by a cut glass company and has been idle several years. The company will put the factory in order at once and commence operations at an early date, giving employment to a large number of hands. It is said that the concern operates textile industries and this factory will be used for similar purposes.

SALE OF ALBANY IS NOW CERTAIN

Reading Mayor Lifts Ban on Sunday Baseball; Other Changes Likely

With the assurance of Sunday baseball in Reading, the Albany franchise of the New York State League will be transferred to that city at an early date. A dispatch from Reading says: "Mayor Filbert decided to lift the ban on Sunday baseball within the city limits. Before announcing his decision the mayor studied a number of legal decisions, the old blue laws of 1794 and local conditions as well. He invited opinions in the matter and says that there were few against and hundreds in favor of the movement. "If baseball games are played on Sunday at the Circus Maximus, remote from built-up sections of the city, the noise of fans cheering and shouting could not be construed, in the mayor's opinion, as a nuisance. "Until playing Sunday ball is legally declared a nuisance," says the mayor, "I shall not interfere." Should the mayor win out for Sunday baseball in Reading, it is likely that one of the New York State League teams will be transferred here."

Other changes are likely to be made in the Farrell circuit. President J. H. Farrell is having his troubles. Wilkes-Barre's interests are in the hands of the sheriff and Peter Noonan is looking after the league's interests and taking care of the club until a new manager is selected and the financial trouble straightened out. A dispatch from Binghamton says: "O. J. Johnson, the millionaire owner of the champion Binghamton team of the New York State League, announced to-day that unless the fans of this city give better support to the Binscoes he will sell his franchise—to another city, if he receives an offer. Johnson says that he has spent \$10,000 a year for the last two seasons and was willing to spend the same amount providing the fans would co-operate."

Enola Girls Win From Moorehead Basketball Team

In the opening outdoor basketball game at Enola playgrounds yesterday, the Enola girls won from the Moorehead Knitting Company girls a five score 27 to 1. The Enola five outclassed their opponents, scoring 9 points in the first game, and 18 in the second.

Miss Bashore was the star on the Enola team. Every member figured in the scoring. Miss Bishop played a great game for Moorehead. Harold Huston, John Huston, Fred. Huston, Charles Hilton, Charles Marker, Stanley Goetz, George Green, Vincent Wiegner, James Murphy, Emmitt Burns, John Burns, Charles Kaufold, Jay Alexander, William Taylor, Christian Taylor, Augustus Sariano, Leroy Sariano, George Shuey, Robert Leahy, William Conley, Joseph Wetzell, Gillie Brown, Merrill Gerdes, Edward Sourbier, Robert Sourbier, Elwood Sourbier, James Gough, Cy Hecker, John Wall, Charles Eckinger, Archie Graham, Gerald Adolph, Paul Weaver, Maurice Taylor, James Joyce, Eugene Fogarty, John Delaney, Henry Delaney, John Maloney, James Keenan, Fred Lauster, Mark Phillips, Loman Seitz, John Amsden, William Fannessy, Joseph Fannessy, Edward Gafney, Simon Deschong, George Selway.

WELLY'S CORNER

Announcement comes from Toledo that the American Association will eliminate glass pop bottles from baseball fields. The assault of Umpire George Johnson the other day brought this action. In the future soft drinks will be held in paper bottles. Johnson was badly injured. He went to the hospital and had a gash in his head sewed up.

A dispatch from Saratoga announces a rowing match between two veterans, Jim Rice, aged 64 years, coach of the Columbia University crews, and James Riley, aged 70, a former professional champion. It will be a three-mile sculling race and takes place next Saturday. Riley is to have a one-minute handicap.

Entries were so many yesterday at Detroit that the 2.17 class in the Grand Circuit races was divided into two races. Canute took three straight heats. Time, 2:07 3/4 and 2:08 1/2.

Games in the New York State League are attracting much attention throughout baseball circles. Scouts claim that the Farrell league offers many promising youngsters. While pitching sensations are not numerous, there are some boys who will be caught up in the draagnet before the draft season starts. Fielders, however, are offering strong inducements for early purchases.

Scranton gave Binghamton a jolt yesterday, winning by a score of 6 to 3. The Binscoes are having a difficult time getting a strong hold on first place. Errors were factors in yesterday's defeat for Binghamton. Utica and Albany divided honors in two close games.

Rain Prevents Opening Hassetts Boys' Camp Today

Rain put a crimp in the opening of Hassetts Boys' Club camp at Boiling Springs this morning. Arrangements were made for the 65 members to go into camp at 9 o'clock. This program was changed and the camp may not be officially opened until to-morrow morning. The Rev. T. B. Johnson with the campers expected to leave Harrisburg this afternoon.

One large truck load of camp equipment with the advance guard left last night. They took shelter in a nearby barn and will not get busy until the rain ceases. Those who will go into camp are: Victor Biehl, James Biehl, Ralph Leedy, Robert Sullivan, Edward Cahill, John Cahill, William Cahill, Ralph Huston, John Huston, Fred. Columbia, Pa., July 25.—Last evening the Men's Bible Classes of eight Sunday Schools held a meeting at the home of Arnold Egoft, general manager of the silk mill, and made arrangements for the formation of a Federation of Men's Bible Classes. Representatives from the various schools were present and James A. Emenheiser, of Grace United Evangelical, president, R. E. W. Ziegler was named as secretary. These churches were represented: Presbyterian, First Methodist, Cookman Methodist, Salem Evangelical Lutheran, Church of God, United Brethren, United Evangelical and First English Lutheran.

AUTO KILLS COW

Waynesboro, Pa., July 25.—An automobile containing the Japanese Ambassador, en route to his summer home at Buena Vista Springs, Pa., ran over and so badly injured a cow belonging to William J. Kefauver, at the fountain in Middletown, Md., that it had to be killed.

Why that knock Bent cam-shaft? Maybe. Timing-gears a little loose? Perhaps. Ten-to-one, the power plant is chuck-full of carbon. And it was only last month you had the valves reground—Good Night! There you are—the symptoms are unmistakable: improper lubrication. Atlantic Motor Oils will offset that condition like magic. They will diminish carbon to an absolute minimum—and the knock will take to the tall timber in the bargain. Atlantic Motor Oils are not prescribed as a panacea for car-troubles, but they are recommended by the oldest and largest manufacturers of lubricating oils in the world as the correct lubricants for all makes of motors. Polarine, the famous year-round lubricant, is exactly right for eight out of ten cars. Under certain conditions, your particular motor may require one of the other principal motor oils—Atlantic "Light," Atlantic "Medium" or Atlantic "Heavy." Your garageman will advise you which. Actual tests demonstrate that proper lubrication often increases gasoline-mileage by as much as five miles to the gallon. That's worth considering. Read up on this subject. We have published a handsome and comprehensive book about lubrication. It is free. Ask your garage for it. If they cannot supply you, drop us a postal and the book will be sent you without charge.
