DOUBLE BIRTHDAY SURPRISE Special to the Telegraph New Germantown, Pa., July 27.—A surprise birthday party was held at the home of Mr. and Mrs. George M. Burckett in honor of the birthdays of the former and his daughter, Lulu. A number of friends and neighbors gathered at the home of the Burcketts, carrying presents for Mr. Burckett who has been a helpless paralytic since February 1914, and his daughter, Lulu. A substantial repast was served at the noon hour.

ILLUSTRATED LECTURE ON THE WEATHER "Weather and Science" illustrated with lantern slides was the subject of a lecture by Elton Sherman, assistant observer, United States Weather Bureau, last night to the men of the B. F. Stevens Methodist Episcopal Church. The speaker displayed skill in presenting an old subject in a scientific manner. The slides revealed the magnitude of the services that the United States Weather Bureau renders to the public in protecting life and property.

ROADS TO SOMEWHERE

A New and Interesting Series By GRACE DARLING

(Copyright, 1916, International News Service.)

There's one road that every girl would like to take, and that leads to popularity with men. A hard road to travel, and one on which you will need to start out supplied with every help you can think of, for there will be places where you will need to put on the brakes to avoid skidding, and other places where you'll have to get into high speed and break the traffic laws.

The first signboard reads: "Be beautiful, or if you're not beautiful, be as good looking as you can." The second signboard reads: "Be beautiful, or if you're not beautiful, be as good looking as you can."

The third signboard reads: "Don't be snifty." When a man shows a girl any attention, the only way she can repay him is by being appreciative, and making him feel that he is giving her the time of her life.

The fourth signboard reads: "Play the game." Take the good with the bad. Learn to play golf, how to play tennis, how to dance, how to play a good game of cards, and be always ready to chip in and do what others are doing.

The fifth signboard reads: "Be good-natured." A laugh that is hung on a hair-trigger will carry a girl farther than any other talent. No girl who is cheerful and sweet-tempered and good natured, and who can make things jolly for a party when it rains at a picnic, or an excursion train is late, or a tire blows out, ever lacks for masculine attention.

The sixth signboard reads: "Always talk to a man about himself, instead of expecting him to talk to you about yourself." The infallible rule for making yourself fascinating to a man is to get him to tell you the story of his life. Ask him about the time when he was a little boy with freckles. Ask him to tell you all about his automobile, his tennis score, his golf record.

The seventh signboard reads: "Be simple and natural." There's no other such bore on earth to men as the girl who is affected, and who is always pretending to be something that she isn't. If you desire masculine society don't pose as high-browed and insist on discussing Maeterlinck and Ibsen, and make every man who comes near you feel that he is a poor creature with vulgar musical comedy tastes.

Don't be lackadaisical and romantic and discourse about your soul. Don't act as if you were a million-airess who had never fed on anything but truffles and champagne. Just a simple, wholesome, natural girly girl, who doesn't know a bit more than she is entitled to know at her time of life.

The eighth signboard reads: "Play the game." Take the good with the bad. Learn to play golf, how to play tennis, how to dance, how to play a good game of cards, and be always ready to chip in and do what others are doing.

The ninth signboard reads: "Be good-natured." A laugh that is hung on a hair-trigger will carry a girl farther than any other talent. No girl who is cheerful and sweet-tempered and good natured, and who can make things jolly for a party when it rains at a picnic, or an excursion train is late, or a tire blows out, ever lacks for masculine attention.

Mothers of Pennsylvania Take This Advice.

Franklin, Pa.—"I have had a good experience with Dr. Pierce's Favorite Prescription. Once when a child overworked from nursing small children through scarlet fever, I was so weak I had to be carried up and down stairs. I was led to use Favorite Prescription and by keeping it up for some time got well and strong again. At other times I used Favorite Prescription for the troubles preceding childbirth. I used it a number of times for this purpose and always with the best results."—Mrs. E. E. Struck, 1212 Otter St.

When a girl becomes a woman, when a woman becomes a mother, when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances.

At these critical times women are best fortified by the use of Dr. Pierce's Favorite Prescription, an old remedy of proved worth that keeps the entire female system perfectly regulated and in excellent condition.

If you need help get Dr. Pierce's Favorite Prescription in liquid or tablet form from any medicine dealer to-day. Address Doctor Pierce, Invalids' Hotel, Buffalo, N. Y., and get confidential medical advice entirely free, also book on woman's diseases.

The modern improvement in pills—Doctor Pierce's Pleasant Pellets. They help Nature, instead of fighting with her. Sick and nervous headache, biliousness, constiveness, and all derangements of the liver, stomach and bowels are prevented, relieved, cured.

Mr. and Mrs. Housekeeper -- overlooking the placing of your coal order will cost you 30c per ton. The advent of cold or stormy weather means inconvenience, expense and sometimes delay in getting coal. To the coal dealer it means trouble in getting out rush orders. It means additional expense in having extra men and teams. It means at times hauling half a load with a full load team due to icy slippery pavements. Be an economical housekeeper, order your supply this month. You will save 30c per ton in price and get more than 30c per ton in increased value—because of better preparation of summer shipments.
