ROADS TO SOMEWHERE

A New and Interesting Series By GRACE DARLING

I was also troubled

I was also troubled withirregularity and other weaknesses. My blood was poor. We had been married four years and had no children.

After using Lydia E. Pinkham's Vegetable Compound and Blood Purifier I became well and strong and was saved from the operation. We are now the parents of a big baby girl and I praise your remedies to others and give you permission to publish my letter."—Mrs. JOSEPH GULLBAULT, JR., Bridge Street, Miller's Falls, Mass.

Lydia E. Pinkham's Vegetable Com-

Lydia E. Pinkham's Vegetable Com-pound is famous for restoring women to normal health and strength. When this is done wives no longer despair of having children.

A woman should be reluctant to submit to a surgical operation until she has given Lydia E.Pinkham's Vegetable Compound a fairtrial. If you have a case that needs special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. It is free and always helpful,

Do you remember the song that we were all singing a year or two ago in which the refrain was: "I don't know where I'm going, but I'm on my way?".

I often think that song is the lifestie portrait of the average girl. She she's on her way. She doesn't know what she wants to be or what she wants to too. She has no definite goad in sight, but the days and the years are going by. She's on her way to the word turn of the road. That's why so many girls take the wrong turn of the road. Atlanta, Ga., July 28. — There's no use for a man to pay a grocery bill every month if he'll just pay a little earnest attention to his backyard, according to Dr. Thomas D. Love, who has converted his yard into a garden, which produces enough to feed twelve families.

"With lots of houses there come backyards," explained the physician, "and I can't understand why every man doesn't make use of his yard. A little garden properly cared for will feed his family, and will sometimes net him enough to make a payment on his house rent.
