An Announcement of Hudson Policy

35,000 More Hudson Super-Sixes

We have today to announce—

Detroit, Mich., July 1, 1916.

That more than ten thousand Hudson Super-Sixes have now been delivered to owners.

That we have in four months, by tremendous exertion, quadrupled our daily output.

That we have parts and materials, on hand and in process, for 20,000 more of the present Super-Six. Constantly increasing demand has just forced us to place contracts on materials for an additional 15,000.

Thus it is settled that at least 35,000 more of the Hudson Super-Six will be built like the present model. Our production is now 3,500 monthly.

No Change in Sight

Our opinion is that a like announcement will be made in a year from now. The Super-Six invention in one bound, increased motor efficiency by 80 per cent. From a small, light Six, which delivered 42 horsepower, it created a 76-horsepower motor. And simply by ending vibration.

Stock Super-Sixes, in a hundred tests, have out-rivaled all other stock-car performance. In speed, in hill-climbing, in quick acceleration and endurance, they have done what was never done before.

No man can doubt that the Super-Six holds the pinnacle place among motors. And there is no higher place in sight.

After eight months of experience, with 10,000 cars, not one important improvement in design suggests itself to our engineering corps.

So the Super-Six will remain as it is. And, because of our patents, it will maintain its supremacy.

Watch the 10,000

Watch the 10,000 Super-Sixes now running, and judge if you want a car like them.

Each owner feels himself master of the road. He knows that in every sort of performance his car has out-matched all rivals.

He knows that he has the smoothest-running motor ever built. The most powerful of its size.

He knows that in ordinary driving he never taxes half its capacity. That means long life and economy.

He knows that his motor has shown boundless endurance—such as never before was shown. And that he can look forward to many years of its perfect present service.

Watch some of those cars. Talk to the men who own them. Then ask yourself if there is any fine car equal to it.

Now 135 Per Day

Thousands of men in the past few months have been forced to take second choice. Most of them, we think, now regret it, and will always regret that they did not wait.

Those times are over. We are now sending out 135 Super-Sixes per day.

Go ask our local dealer.

Suffragists to Co-operate in Health Campaign

A formal call has been issued here by Mrs. George B. Orady, president of the Pennsylvania Woman Suffrage Association, to 500 suffrage leaders throughout the State, to be prepared to assist Dr. Samuel G. Dixon, commissioner of health, in the work he is planning in connection with infantile paralysis and to co-operate with the State health director in having all borough authorities adopt the model health regulations now in the process of being printed.

Bishop Eveland Buried With Impressive Ceremonies

Carlisle, Pa., July 29.—High dignitaries of the Methodist Episcopal Church, clergymen and scores of friends yesterday attended the funeral of the Rt. Rev. William Perry Eveland, missionary bishop of the Philippines, who was killed when his steel rod touched a high tension electric power wire. Harrisburg, Chambersburg, Shippensburg and other valley towns sent representatives to the funeral and many came from more distant points. Special trolley service was inaugurated to the town. The services were held at the residence of the Misses Mullin, where the prelate had been visiting. The Rev. A. S. Fastick, district superintendent of the Harrisburg district of the Methodist Episcopal Church, officiated. He was assisted by many others who were formerly connected with Bishop Eveland in his various activities and fields of work. Addresses of commendation for his life of work and service were made by Bishop Barton Wilson, New York city; Bishop John E. Robinson, of India; Bishop Harris of Japan, and the Rev. Harry Farmer, who for four years has been associated with Bishop Eveland in his work in the Philippines and the Far East. The pallbearers were members of the Central Pennsylvania Conference of the church of which he was a member for the last twenty-five years, ministers, classmates and friends from this section. The body was buried with impressive ceremonies in the Mount Holly Cemetery.

WOMAN ENDS LIFE WITH FIRE

Saturates Clothing With Oil and Burns to Death on Porch of Home Bellefonte, Pa., July 29.—Tired and discouraged with the struggle to eke out an existence, Miss Mollie Haas, a middle-aged woman, went to the kitchen of her home yesterday afternoon, saturated her clothing with coal oil, applied a lighted match and then ran out onto the porch and burned to death in sight of neighbors and passers-by. She was dead before anyone could reach her. Miss Haas' father at one time owned and operated a brewery at Rotsburg and was regarded as wealthy. He was refused a license and died from worry. His estate soon dwindled away until his daughter was in want for the necessities of life.

SEPTEMBER 9 SET FOR CONGRESS ADJOURNMENT

Washington, D. C., July 29.—September 9 is the date now being considered by administration leaders for adjournment of Congress. All hope of getting through by August 19, the date fixed by the Democratic Senate caucus, has been abandoned, in view of the decision to take up the child labor bill. Senator Kern, the Democratic leader, said to-night the Senate probably would begin night sessions in the near future.

BANDITS ROB BANK, KILL TWO

Sterling, Col., July 29.—The Nebraska State Bank at Sunol, Neb., just across the Colorado line, was robbed of \$3,000 this afternoon and two men were killed and one wounded by bandits, who escaped in a stolen automobile, according to advices received here. The bandits led a pursuing posse by one hour.
