WILL CARE FOR SOLDIERS' PLOT

War Department Orders National Cemetery Superintendent

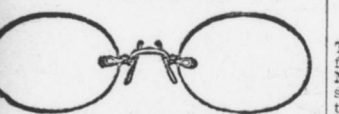

Special to the Telegraph
 Gettysburg, Pa., July 31.—At last it is settled for all time who is to take care of the plot in the Citizens' cemetery in which are buried a number of veterans of the Civil war. For years the superintendent of the National cemetery has cared for the plot, but with the arrival of the present superintendent several months ago he said that he had no authority in the Citizens' Cemetery and consequently refused to care for the plot in question. Since that time the plot has grown up in weeds until it got in such condition that the War Department at Washington to have the plot cared for and under the instructions received from Washington the superintendent of the National cemetery will hereafter look after the burial place of the sixty soldiers in the Citizens' cemetery.
