STEELTON PLAYGROUNDS TO HAVE ROMPER DAY. Outing on Cottage Hill, August 30, Arranged by Playground Commission. Plans for a big Romper Day celebration under the auspices of the Steelton Parks and Playgrounds Commission will be formulated at a meeting of the commission to-morrow evening. Tentative plans already adopted call for staging the big event on the Cottage Hill Athletic Field Wednesday, August 30. The plans include drills and massed-formation exhibitions; championship meets in baseball, volleyball and newcomb leagues and other games in the morning; a band concert and eating contests at noon with more drills and exhibitions in the afternoon and evening. Another track and field meet between teams representing the various playgrounds will be held on the Cottage Hill Athletic Field August 25. This meet and the events on Romper Day will decide the championships of the playgrounds. It is planned to have several of the sprints run off on Romper Day and the various championship ribbons and the playgrounds championship banner will be awarded in the afternoon of Romper Day. Supervisor James R. Irwin is now busy working out details of the plans and will submit them to the commission this afternoon at 2 P. M. Mr. Irwin has about completed arrangements for taking a party of playground children to Camp McCormick in the Susquehanna, opposite Harrisburg next week. Centenary Men's Bible Class to Hold Picnic. INSURANCE COMMISSIONER DINES WITH UNDERWRITERS. The Central Pennsylvania Association of Life Underwriters, at a special meeting called yesterday for the election of new members had as their guest of honor the new State Insurance Commissioner, J. Denny O'Neil. The meeting was held at the Engineers' Club where lunch was served. The association enjoyed a short talk by Mr. O'Neil who outlined his conception of the duties of the Insurance Department with reference to the people of the State and to the men engaged in the insurance business. The Commissioner stated in a most emphatic way, that the various life associations of the State have a right to and may expect from him immediate and thorough-going co-operation in all matters pertaining to their business. It is his ambition, he stated, to elevate the plane of insurance work, and thereby improve the service which life insurance is so strikingly performing for all the people of Pennsylvania. The local association has had many successful meetings which prominent insurance men from this and other States have attended, and it is the hope that the Insurance Commissioner may be induced to attend one of these large meetings in the fall.

Philadelphia, Pa., Aug. 2. — Officials of the Baldwin Locomotive Works yesterday confirmed the report that this company had closed another munitions order for the allies amounting to approximately 60,000 shells, at an aggregate cost of about \$15,000,000. It is believed that a large part of the order will be made at the Eddystone plant of the company, and it is known that the local plant now has its hands full with a previous order. Based on unofficial figures, this contract swells the total amount of war business closed by the Baldwins to something more than \$200,000,000. The company's last year's contracts received partial confirmation as running about \$150,000,000, while since that time locomotive and shell orders have brought the total up to the \$200,000,000 mark.

BAN MUNITIONS FROM STORAGE. (Continued From First Page) injunctions restraining the commissioners from barring explosives. Find Two More Bodies. Two more bodies were found to-day floating in New York bay within a few rods of the scene of the explosion. One of the bodies was identified as that of Captain Cornelius Leyden, chief of the Lehigh Valley railroad police and previously reported missing. The finding and identification of Leyden's body paves the way for the prosecution of those who may be found responsible for the explosion. In complaints upon which warrants have been issued and served upon four persons, the death of Leyden is made the basis of individual charges of manslaughter. To make out the case it was necessary to have the body found and identified and every effort was made to recover it. The other body found to-day, bringing the death list up to six, has not been identified.

Children We Worry About. Close confinement in school during the past winter, overstudy perhaps, an attack of the grip or tonsillitis, some one of these things is doubtless responsible for the condition of the child who shows a decline in health now. What are the symptoms? Pallor and languor, a sickle appetite, dark rings under the eyes, bronchial cough. Very often the best efforts of the family physician fail in such cases and the condition of the child causes the most intense anxiety. Cod-liver oil, so often prescribed, generally fails because the weak stomach is unable to digest fats. Try this treatment. Before breakfast each morning give the child the juice of half an orange. After the noon meal give one of Dr. Williams' Pink Pills. Keep this up for a few days and then give one of the pills after the evening meal also. Weigh the child before beginning the treatment and again after two weeks. An increase in weight of from two to five pounds will show you that you are on the right track at last. Care is necessary in the diet of the patient and it will be well to send to the Dr. Williams Medicine Co., Schenectady, N. Y., for a diet book and the pamphlet, "Building Up the Blood." Both are free. Your own druggist sells Dr. Williams' Pink Pills.

AN OPEN LETTER Asks Repeal of Jitney Ordinance. To the Mayor and City Commissioners, Harrisburg. Dear Sirs: You are aware that about one hundred and seventy of the employes of the Harrisburg Railways Company are on strike for better wages and freedom from slavery more galling than that of the slaves of the South in 1860. You are aware that the Harrisburg Railways Company is carrying more than six millions of valueless stock, that it may the better conceal its huge profits from the public. You are aware that the greatest issue involved in this strike is whether or not the water-logged concern shall permit its employes to maintain a union for their protection against the injustices heaped upon them by insolent and overbearing bosses. You are aware that this badly-managed concern proposes, if it can defeat the strikers, to make them even greater slaves than formerly. You are aware that an American citizen is, at least, supposed to be a free man, who may join, for his advantage, any lawful organization he may please. You are aware that the directors of this aqua-soaked institution deny the right of the men to be organized and insist that they must deal with the company as individuals. You are aware that even the strike-breakers revolted against their treatment by the bosses of the company and their grievances had to be adjusted. You are aware that the men who, as the manager boasts, went back to work, did so because they were so poor while working that they were unable to live more than two weeks idle. You are aware of these conditions, so we call upon you to settle the strike at once, that justice and individual freedom may live in the land. You are aware that you can settle this strike by laying down the ultimatum to the company, that you will immediately rescind the jitney ordinance and allow the jitney to run legally on our streets. Knowing, as you do, that all the foregoing statements are true, we call upon you to exercise your full powers against the Railways Company, in favor of the strikers and the public by at once setting aside the jitney ordinance, in which the unfair Street Car Directors are so much interested. If you do not do this, then you will not have done your duty to the majority of your constituents. Very truly yours C. F. QUINN, Secretary, PENNSYLVANIA FEDERATION OF LABOR.

You are aware that the greatest issue involved in this strike is whether or not the water-logged concern shall permit its employes to maintain a union for their protection against the injustices heaped upon them by insolent and overbearing bosses. You are aware that this badly-managed concern proposes, if it can defeat the strikers, to make them even greater slaves than formerly. You are aware that an American citizen is, at least, supposed to be a free man, who may join, for his advantage, any lawful organization he may please. You are aware that the directors of this aqua-soaked institution deny the right of the men to be organized and insist that they must deal with the company as individuals. You are aware that even the strike-breakers revolted against their treatment by the bosses of the company and their grievances had to be adjusted. You are aware that the men who, as the manager boasts, went back to work, did so because they were so poor while working that they were unable to live more than two weeks idle. You are aware of these conditions, so we call upon you to settle the strike at once, that justice and individual freedom may live in the land. You are aware that you can settle this strike by laying down the ultimatum to the company, that you will immediately rescind the jitney ordinance and allow the jitney to run legally on our streets. Knowing, as you do, that all the foregoing statements are true, we call upon you to exercise your full powers against the Railways Company, in favor of the strikers and the public by at once setting aside the jitney ordinance, in which the unfair Street Car Directors are so much interested. If you do not do this, then you will not have done your duty to the majority of your constituents. Very truly yours C. F. QUINN, Secretary, PENNSYLVANIA FEDERATION OF LABOR.

AN OPEN LETTER Asks Repeal of Jitney Ordinance. To the Mayor and City Commissioners, Harrisburg. Dear Sirs: You are aware that about one hundred and seventy of the employes of the Harrisburg Railways Company are on strike for better wages and freedom from slavery more galling than that of the slaves of the South in 1860. You are aware that the Harrisburg Railways Company is carrying more than six millions of valueless stock, that it may the better conceal its huge profits from the public. You are aware that the greatest issue involved in this strike is whether or not the water-logged concern shall permit its employes to maintain a union for their protection against the injustices heaped upon them by insolent and overbearing bosses.
