Used Resinol For Bad Skin-Trouble

Considers Her Cure Remarkable

June 25.—"For almost six months I suffered from a severe case of skin trouble on my leg between the ankle and knee. It began by swelling, with severe pains day and night, followed by constant itching. My leg then became inflamed, and later water blisters and pimply sores broke out on it. At this time my leg was at least one-third above its normal size, and the continual itching and burning sensation was something terrible. I applied many remedies, but gained no relief until I commensed using Resinol Ointment and Resinol Soap, from which I obtained relief by the first application. After a continued use of Resinol Ointment and Resinol Soap the swelling was reduced, the itching and burning were entirely relieved and a complete cure was effected, having used only three jars of Resinol Ointment and two cakes of Resinol Soap. My trouble sure was serious, and I consider the cure remarkable." (Signed) Mrs. H. W. Neefus, 825 Pearson St., Greensboro, N. C.

All druggists sell Resinol Ointment and Resinol Soap. For samples, free, write to Dept. 4-S, Resinol, Baltimore.—Adv.
