GOVERNOR ASKS

Wishes to Have Question About Soldiers Voting Clearsd Up Very Soon

Governor Brum baugh last night took steps to get legal opinions the way to per

the way to permit pennsylvania National Guardsmen who are in federal service to vote at the national election in November. He addressed a letter to Attorney General Brown, asking for the legal end of the matter and Chief Clerk George D. Thorn, of the State department, was asked about the practical end. Mr. Thorn looked up what was done in 1898 and among the records found the book of Captain A. M. Porter's company of the Tenth infantry, which voted in Manila.

e Governor's letter to Mr. Brown follows:

is as follows:
"I beg to inquire of your department how to proceed to record the
votes of the soldiers of this Commonwealth now in the service of the
United States government on the border in Texas and New Mexico, and

elsewhere.
"I enclose copy of an act of the Leg-islature approved August 25, 1864, and beg to inquire whether this act is still in force, and, if so, just what steps it will be necessary for me to take in order to provide the legal machin-ery for the proper recording and com-puting of the votes of these soldiers.

T beg to suggest that our registra-tion and other laws relating to the elections passed since this act should be examined into to determine precise-ly all the necessary steps to be taken, in order that there may be no question about the official counting of these votes.

As yet the commission had done no actual tree trimming or planting, merely conducting a campaign of education. A series of circulars and pamphlets on the desirability of shade trees and hints on the care and protection of trees has been distributed.

That the information contained in these circulars has been assimilated is evident from the improved appearance of trees in the borough and the great number of new trees that have been planted. This is particularly notice able in Luther R. Kelker park, where hundreds of young trees have been planted.

Camp Is Moved. — Action of Lieut.—Col. Jackson in moving the site of the recruit camp at Mt. Gretna from the site of the Fourth Brigade camp to the more convenient place near the parade grounds was much commented upon at the Capitol to-day. People who visited Mt. Gretna never could understand why the recruit camp was placed in the remote section occupied by the Fourth in the first place. Incidentally, many at the Capitol have never been able to understand the confusion and uncertainty which has attended the launching of the camp or the secrecy with which the recruiting plans were enveloped for so long.

Hagerstown Club Hospitable Host; 'Fry Says "Scoundrels" Ate His Supper

Harrisburg Rotarians to the number of fifty, headed by Howard C. Fry, president, in the pilot car driven by ex-President John S. Musser, motored to Hagerstown yesterday and spent the day as the guests of the Hagerstown Plans for Steelton's first Romper Day to be held on the Cottage Hill Rotary Club. They were most hospitably entertained at luncheon by the Another meeting will be held with-in the next two weeks to adopt full plans. In the meantime Supervisor James R. Irwin will go ahead with ar-rangements and draw up tentative plans.

plans.

Supervisor Irwin reported last evening that the total attendance at the playgrounds during July was 20,090 and that the daily average attendance was 1,004.5. During the month the playgrounds were open twenty days and these attendance records are considered excellent. They far surpass similar figures from other places the size of Steelton in the State.

Mr. Irwin also reported the superscripts and the superscripts are supported to the size of steelton in the State.

Rotary Club. They were most hospitably entertained at luncheon by the Hagerstown Rotarians at the Hagerstown Country Club, which occupies a beautiful location overlooking the countryside just outside the city.

Dr. Miller, president of the Hagerstown club, presided at the luncheon and following the repast speeches were made by a number of Hagerstown Rotarians and Harrisburgers, including President Fry, William M. Robison, former president and sccretary; John S. Musser, C. Harry Kain, Captain Geore F. Lumb and Gus M. Steinmetz. Some of the members fraternized with the Hagerstown club at golf and bowling in the afternoon, while another party, piloted by Colonel Jamison, head of the Jamison Cold Storage Door Company, toured the city in automobiles.

During the return home a puncture delayed the car of James P. McCullough and party at Chambersburg and Mr. Musser and his party remained to see them through their trouble. In order to hurry matters they ordered dinner over the phone at Carlisle, but another advance party of Rotarians arrived at the restaurant ahead of them and in true Rotarian fashion dined sumptuously on the dinner spread for the Musser-McCullough party. "And to add insult to injury," said President Fry, who was among those left, "the scoundrels met us on our arrival and told us how good our supper tasted." However, there was plenty of food for all, so nobody suffered much.

Only two slight accidents marred the trip. A collision broke the residuator. Mr. Irwin also reported the success of the track meet July 14, when there were 755 entrants. During the month there were played 4,999 organized games of various sorts. To Sound Siren.—The steel works siren will sound to-morrow morning at 3 o'clock to arouse excursionists who will accompany the frog and switch department's annual outing to Willow Grove Park. Sprains Ankle. — Mrs. Margaret Brandt, Second and Pine streets, sus-tained a sprained ankle yesterday in a fall at her cottage at Mount Gretna.

Only two slight accidents marred the trip. A collision broke the radiator on the machine driven by William B. Bennett, delaying him slightly, and Harry Kain was injured about the head when he struck the car top in an effort to jump through the roof when the automobile struck a rut in the road.

a strike had been counted by the special board of tellers in this city yesterday. Timothy Shea, assistant president of the Brotherhood of Locomotive Firemen and Enginemen, in charge of the work, declared that of these \$00,000 almost all favored a strike.

The count will not be completed, he said, until Monday, owing to the fact that the vote chairmen of the Western railroads are not expected to arrive there with the Western ballots until Saturday. The ballots counted to date are from the Eastern and Southern railroads. The vote from those districts is virtually complete. If the strike vote is concluded by Monday night, Shea said, the leaders of the railroad brotherhoods, reinforced by the authority of the strike vote, will resume negotiations with the railroad managers on Tuesday.

Some women always wear a worn, tired look. It is the outward sign of nervousness, neurasthenia perhaps, with its characteristic symptoms of worry, headaches and sleeplessness.

Overwork, grief, undue excitement, the late hours and nervous strain of a strenuous social season, lack of out-of-door exercise, any or all of these may be responsible for the trouble but the most common cause at this season of the year is the grip.

Whatever the cause, if you feel the need of more strength try the great non-alcoholic tonic, Dr. Williams' Pink Pills. As the nerves get their nourishment from the blood the treatment must be directed toward building up the blood. Dr. Williams' Pink Pills act directly on the blood and with proper regulation of the diet have proved of the greatest benefit in many cases of neurasthenia. A tendency to anemia, or bloodlessness, shown by most neurasthenic patients, is also corrected by these tonic pills. Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, 50 cents per box; six boxes \$2.50.
